## **KIERA OCONNELL**

Active Grammar Level 1 without Answers and CD-ROM Bloomsbury Publishing

This book provides a concise and complete description of the basic rules and sentence structures of English grammar, with clear explanations of the terminology used.

**Grammar Essentials For Dummies** Red Globe Press

A visual volume which traces the development of the language from Old English, through Middle and Early Middle English to the establishment of Standard English in the 18th century. The core of the book is a series of nearly 200 historical texts, of which more than half are

reproduced in facsimile, exemplifying the progressive changes in the language. The book is firmly based upon linguistic description, with commentaries forming a series of case studies which demonstrate the evidence for language change at every level - handwriting, spelling, punctuation, vocabulary, grammar and meaning. English Grammar Cambridge University Press

This coursebook offers teachers and students a thorough guide to stylistic and critical analysis of a range of texts, both literary and non-literary, classic and contemporary. Examples and exercises are also included.

**Grammar Essentials** John Wiley & Sons  
The study of language in written texts and transcripts of speech is greatly helped by a student's ability to identify and

describe those prominent features of the grammar which make one variety of English different from another. A Course Book in English Grammar looks at many of the problems encountered by students and encourages them to find their own answers and to assess hypotheses about grammatical description. There are activities at each step, using authentic written and spoken data. Using 'real' texts avoids the faking of evidence to be found in some traditional grammar books, and interesting problems of analysis that arise in such texts are a source of useful discussion. The book has been thoroughly revised and expanded for this second edition, which contains additional chapters and material. A new opening chapter discusses the concept of 'grammatically correct English' and the differences

between descriptive, prescriptive and proscriptive approaches to the writing of grammar books. The book is a systematic description of Standard English, and examples of contemporary spoken dialectal grammar are introduced and analysed to illustrate the differences between standard and nonstandard usage. A Course Book in English Grammar will prove invaluable to all students of English Language.

**An Introduction to English Grammar, on Universal Principles** Cambridge University Press

A three-level series of grammar reference and practice books for teenage and young adult learners. Active Grammar Level 1 covers all the grammar taught at A1-A2 (CEF) level. The book presents grammar points in meaningful context through engaging and informative texts, followed by clear explanations and useful tips that highlight common mistakes usually made by low-level learners. Exam-style exercises provide plenty of challenging practice and encourage students to apply their own ideas creatively to grammar learning. A large number of contrastive revision exercises in the book and on the CD-ROM allow students to assess and monitor their progress at regular intervals. This version without answers and CD-ROM is suitable for classroom use and self-study.

English Grammar. The English Language in Its Elements and Forms Prentice Hall

Improve your English grammar You have nothing to lose and everything to gain by using proper English language and grammar. The ability to articulate and communicate effectively is a valuable asset in all aspects of life. **A Course Book in English Grammar** John Wiley & Sons

This new coursebook offers teachers and students a thorough and lively guide to

stylistic and critical analysis of a range of texts, both literary and non-literary, classic and contemporary. Full of examples and exercises, this is an invaluable book for all students of English language and its usage.

*Phrases, Clauses and Sentences* Learners Publishing Pte Limited

The second edition of this worktext presents basic structures and vocabulary in a step-by-step building process. It provides various oral exercises to develop speaking and listening skills and vocabulary.

English Grammar Lessons John Wiley & Sons

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Grammar Essentials For Dummies (9781119589617) was previously published as Grammar Essentials For Dummies(9780470618370). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. For students competing for the decreasing pool of college scholarships, writing a stellar entrance essay can make all the difference. With discrete explanations of vital grammar rules, common usage errors, and the other key concepts people need to refer to most often, Grammar Essentials For Dummies provides crucial information to help students communicate accurately and effectively. This guide is also a perfect reference for parents who need to review critical grammar concepts as they help students with homework assignments or college entrance essays, as well as for adult learners headed back into the classroom and people learning English as a next language. The Essentials For Dummies Series Dummies is proud to present our new series, The Essentials For Dummies. Now students who are prepping for exams, preparing to study new material, or who just need a refresher can have a concise, easy-to-understand review guide that covers an entire course by concentrating solely on the most important concepts. From algebra and

chemistry to grammar and Spanish, our expert authors focus on the skills students most need to succeed in a subject.

*A Course Book in English Grammar* Prentice Hall

This new edition of the best selling, topic-based introduction to spoken and written English, is now fully revised and expanded with over 50% more material. This practical volume provides a wide range of written texts and transcriptions of speech for commentary and analysis. There are further practical activities and new sections on areas such as 'politically correct' usage.

A Course Book in English Grammar Bloomsbury Publishing

Get some good grammar practice-and start speaking and writing well Good grammar is important, whether you want to advance your career, boost your GPA, or increase your SAT or ACT score. Practice is the key to improving your grammar skills, and that's what this workbook is all about. Honing speaking and writing skills through continued practice translates into everyday situations, such as writing papers, giving presentations, and communicating effectively in the workplace or classroom. In English Grammar Workbook For Dummies you'll find hundreds of fun problems to help build your grammar muscles. Just turn to a topic you need help with—from punctuation and pronouns to possessives and parallel structure—and get out your pencil. With just a little practice every day, you'll be speaking correctly, writing confidently, and getting the recognition you deserve at work or at school. Hundreds of practice exercises and helpful explanations Explanations mirror teaching methods and classroom protocols Focused, modular content presented in step-by-step lessons English Grammar Workbook For Dummies will empower you to structure sentences correctly, make subject and verbs agree, and use tricky punctuation marks such as commas, semicolons, and apostrophes without fear. Key to the Exercises adapted to Murray's English Grammar ... The eighth edition improved University of Ottawa Press

A revised and expanded edition which has additional chapters and material. A new opening chapter discusses the concept of "grammatically correct English" and various approaches to the writing of grammar books. The book itself describes Standard English and

**A Comprehensive Grammar of the English Language** Pearson Education India

Depraetere and Langford, with 40 years of teaching experience between them,

present a grammar pitched precisely at advanced learners of English who need to understand how the English language really works without getting lost in the specifics. Most linguistically-oriented grammars of English can be intimidating and complex. On the other hand, the more basic practical grammars also available are often not advanced enough. This book pulls from linguistic theory all the relevant notions that will enable the language student to fully grasp English grammar. After introducing form and function, the authors cover verbs, nouns, aspect and tense, modality and discourse. Readers are led through the underlying principles of language use, with the book presupposing only a basic grasp of linguistic terminology. It does not get bogged down in huge amounts of detail and focuses on the crucial issues. Full of exercises and with attention paid to moving the reader through their course, this is the desk reference grammar of choice for both native and non-native English speakers.

*From Old English to Standard English*

Palgrave

By combining theory and practice, this book provides a comprehensive overview of the whole process of English grammar teaching.

[English Grammar Workbook For Dummies with Online Practice](#) Harpress Publishing  
Over 100 grammar points and more than 2,000 practice activities, making this new edition the ideal grammar review companion for any course including reading, writing and listening/speaking, as well as integrated skills. Students of all abilities can practice and review the critical grammar skills they need to achieve fluency in English.

[English Grammar Workbook For Dummies](#)  
Pearson Education ESL

"This practical and informative course book is a fascinating, visual volume which leads the student through the development of the language from Old English, through Middle and Early Modern English to the establishment of Standard English in the eighteenth century." "At the core of this substantially expanded second

edition lies a series of nearly 200 historical texts, of which more than half are reproduced in facsimile, and which illustrate the progressive changes in the language. The book is firmly based upon linguistic description, with commentaries which form a series of case studies demonstrating the evidence for language change at every level - handwriting, spelling, punctuation, vocabulary, grammar and meaning." "Such a wealth of texts, as well as the structured activities and the various case studies, allow the volume to be used not only as a stimulating course text, guiding students through the analysis of data, but also as a comprehensive resource book and invaluable reference tool for teachers and students at all levels."--BOOK JACKET.
