Nigel Farage
is arguably
one of the
most
influential
British
politicians of
the 21st
century. His
campaign to
take the UK
out of the EU
began as a
minority and
extreme point
of view, but in
June 2016 it
became the
official policy
of the nation

after a divisive
referendum.
In Michael
Crick's brilliant
new
biography,
One Party
After Another,
we find out
how he did it,
despite never
once
managing to
get elected to
Parliament.
Farage left
public school
at the age of
16 to go and
work in the
City, but in the
1990s he was
drawn into
politics,
joining UKIP.
Ironically, it
was the
electoral
system for the
European
Parliament
that gave him

access to a
platform, and
he was
elected an
MEP in 1999.
His everyman
persona,
combined with
a natural
ability as a
maverick and
outspoken
performer on
TV, ensured
that he
garnered
plenty of
media
attention. His
message
resonated in
ways that
rattled the
major parties -
especially the
Conservatives
- and suddenly
the UK's
membership
of the EU was
up for debate.
Controversy

was never far away, with accusations of racism against the party and various scandals. But, having helped secure the referendum, Farage was largely sidelined by the successful official Brexit campaign. When Parliament struggled to find a way to leave, Farage created the Brexit Party to ensure Britain did eventually leave the EU early in 2020. Crick's compelling new study takes the reader into

the heart of Farage's story, assessing his methods, uncovering remarkable hidden details and builds to an unmissable portrait of one of the most controversial characters in modern British politics. *Global Trends 2040* Penguin 'The Brussels Commission has just suspended its senior economist, Bernard Connolly, for writing a book savaging the prospects for a common currency. There are many who

now believe he should be lauded as a prophet.' Observer, Editorial, 1 October 1995 'Mr. Connolly's longstanding proposition that the foisting of a common currency upon so many disparate nations would end in ruin is getting a much wider hearing...' New York Times, 17 November 2011 When first published in 1995, *The Rotten Heart of Europe* caused outrage and delight - here

was a Brussels insider, a senior EU economist, daring to talk openly about the likely pitfalls of European monetary union. Bernard Connolly lost his job at the Commission, but his book was greeted as a profound and persuasive expose of the would-be 'monetary masters of the world.' His brave act of defiance became headline news - and his book a major international bestseller. In a

substantial new introduction, Connolly returns to his prophetic account of the double-talk surrounding the efforts of politicians, bankers and bureaucrats to force Europe into a crippling monetary straitjacket. Hidden agendas are laid bare, skulduggery exposed and economic fallacies are skewered, producing a horrifying conclusion. No one who wants to understand

the workings of the EU, past, present and future can afford to miss this enthralling and deeply disturbing book.

Every day,
James O'Brien

listens to people blaming hard-working immigrants for stealing their jobs while scrounging benefits, and pointing their fingers at the EU and feminists for destroying Britain. But what makes James's daily LBC show such essential listening – and has made James a standout social media star – is the incisive way he punctures their assumptions and dismantles their

arguments live on air, every single morning. In the bestselling *How To Be Right*, James provides a hilarious and invigorating guide to talking to people with unchallenged opinions. With chapters on every lightning-rod issue, James shows how people have been fooled into thinking the way they do, and in each case outlines the key questions to ask to reveal fallacies, inconsistencies

and double standards. If you ever get cornered by ardent Brexiteers, Daily Mail disciples or corporate cronies, this book is your conversation survival guide. **How To Be Right** Head of Zeus Ltd Journalist Ian Dunt explains why leaving the EU will leave Britain poorer, key industries like finance and pharmaceuticals struggling to operate, and could even lead to the country's break up. *The*

<i>Cambridge Analytica Whistleblowers Inside Story of How Big Data, Trump, and Facebook Broke Democracy and How It Can Happen Again</i> Penguin UK	master of the spy genre Nat, a 47 year-old veteran of Britain's Secret Intelligence Service, believes his years as an agent runner are over. He is back in London with his wife, the long-suffering Prue. But with the growing threat from Moscow	only bright light on the team is young Florence, who has her eye on Russia Department and a Ukrainian oligarch with a finger in the Russia pie. Nat is not only a spy, he is a passionate badminton player. His regular Monday evening opponent is half his age: the introspective and solitary Ed. Ed hates Brexit, hates Trump and hates his job at some soulless media agency. And it

Centre, the office has one more job for him. Nat is to take over The Haven, a defunct substation of London General with a rag-tag band of spies. The

Ed. Ed hates Brexit, hates Trump and hates his job at some soulless media agency. And it

is Ed, of all unlikely people, who will take Prue, Florence and Nat himself down the path of political anger that will ensnare them all. Agent Running in the Field is a chilling portrait of our time, now heartbreaking, now darkly humorous, told to us with unflagging tension by the greatest chronicler of our age.

Fall Out

Biteback Publishing
Fear, the most powerful force in our life, is the least

understood. Every one of us experiences it. Many arrange their lives to avoid it. Yet nearly every one of us needs to find more fear. Most of us know fear as the unwanted force that drives phobias, anxieties, unhappiness, and inhibits self-actualization. Ironically, fear is the underlying phenomenon that heightens awareness and optimizes physical performance, and can drive

ambition, courage, and success. Harnessing fear can heighten emotional intelligence and bring success to every aspect of your life. Neuroscience and current research on how the brain processes and uses fear have torn the lid off the possibilities of human performance; yet most people are not reaching their complete potential because of a psychological roadblock. Sweeney calls

the Fear
Frontier.
Identifying
your Fear
Frontier and
addressing it,
Sweeney
illustrates in
these pages,
is the path to
success,
happiness and

A Novel
Biteback
Publishing
Kafka meets
the world of
Brexit in a
bitingly funny
political satire
from Ian
McEwan That
morning, Jim
Sams, clever
but by no
means
profound,
woke from
uneasy
dreams to find
himself
transformed
into a gigantic
creature. Jim
Sams has
undergone a
metamorphosi
s. In his
previous six-
legged
existence he
was ignored or
loathed, but in

his new incarnation he has woken up to discover he is the most powerful man in Britain: the Prime Minister. His mission: a nationalist revival, with or without Europe. Nothing must get in his way: not the opposition, nor the dissenters within his own party. Not even the rules of parliamentary democracy. In this biting funny, Kafkaesque satire, Ian McEwan engages with

scabrous humour a very recognizable political world and turns it on its head. Penguin Press 'A wildly entertaining but uncomfortable read ... Pitilessly brilliant' JONATHAN COE. 'There will not be much political writing in this or any other year that is carried off with such style' The Times. A TIMES BOOK OF THE YEAR. 'A quite brilliant dissection of the cultural roots of the

Brexit narrative' David Miliband. 'Hugely entertaining and engrossing' Roddy Doyle. 'Best book about the English that I've read for ages' Billy Bragg. A fierce, mordantly funny and perceptive book about the act of national self-harm known as Brexit. A great democratic country tears itself apart, and engages in the dangerous pleasures of

national masochism. Trivial journalistic lies became far from trivial national obsessions; the pose of indifference to truth and historical fact came to define the style of an entire political elite; a country that once had colonies redefined itself as an oppressed nation requiring liberation. Fintan O'Toole also discusses the fatal attraction of heroic failure, once a self-	deprecating cult in a hugely successful empire that could well afford the occasional disaster. Now failure is no longer heroic - it is just failure, and its terrible costs will be paid by the most vulnerable of Brexit's supporters. A new afterword lays out the essential reforms that are urgently needed if England is to have a truly democratic future and stable relations with its nearest	neighbours. <i>New Preface</i> Simon and Schuster FULLY UPDATED Arron Banks enjoyed a life of happy anonymity flogging car insurance in Bristol until he dipped his toes into the sharkinfested waters of politics and decided to plunge right in. Charging into battle for Brexit, he tore up the political rule book, sinking £8 million of his personal fortune into a mad-cap campaign targeting
--	--	---

ordinary voters up and down the country. His anti-establishment crusade upset everyone from Victoria Beckham to NASA and left MPs open-mouthed. Lurching from comedy to crisis (often several times a day), he found himself in the glare of the media spotlight, fending off daily bollockings from Nigel Farage and po-faced MPs. From talking Brexit with Trump and trying not to

embarrass the Queen, to courting communists and wasting a fortune on a pop concert that descended into farce, this is his honest, uncensored and highly entertaining diary of the campaign that changed the course of history.

The Inside Story of the Leave Campaign's Shock Victory

Createspace Independent Publishing Platform
A richly detailed history of

Britain at its imperial zenith, revealing the simmering tensions and explosive rivalries beneath the opulent surface of the late Victorian and Edwardian eras. The popular memory of Britain in the years before the Great War is of a powerful, contented, orderly, and thriving country. Britain commanded a vast empire: she bestrode international commerce.

Her citizens were living longer, profiting from civil liberties their grandparents only dreamed of and enjoying an expanding range of comforts and pastimes. The mood of pride and self-confidence can be seen in Edward Elgar's Pomp and Circumstance marches, newsreels of George V's coronation, and London's great Edwardian palaces. Yet beneath the surface things

were very different In The Age of Decadence, Simon Heffer exposes the contradictions of late-Victorian and Edwardian Britain. He explains how, despite the nation's massive power, a mismanaged war against the Boers in South Africa created profound doubts about her imperial destiny. He shows how attempts to secure vital social reforms prompted the twentieth century's

gravest constitutional crisis—and coincided with the worst industrial unrest in British history. He describes how politicians who conceded the vote to millions more men disregarded women so utterly that female suffragists' public protest bordered on terrorism. He depicts a ruling class that fell prey to degeneracy and scandal. He analyses a national psyche that embraced the

motor-car, the sensationalist press, and the science fiction of H. G. Wells, but also the nostalgia of A. E. Housman. *Post Brexit Liveright Publishing* The story of the most dramatic general election campaign in modern history and Theresa May's battle for a Brexit deal, the greatest challenge for a prime minister since the Second World War *Without Breaking Britain* Nicholas

Brealey How did Farage persuade Reckless and Carswell to ditch the Conservatives ? Would UKIP ever do a deal with another party? How have three near-death experiences shaped Farage's politics? How does Nigel feel about controversial kippers and their high-profile gaffes? Twenty-one years after its formation as a single-policy protest party, and on the eve of what promises to

be one of the closest, most exciting general elections in recent memory, the truly remarkable rise of UKIP and its charismatic leader, Nigel Farage, have caused nothing less than a tectonic shift in British politics. And the aftershocks are being felt far beyond the corridors of power in Whitehall... This book, written by the man who orchestrated that

extraordinary rise, is not an autobiography, but rather the untold story of the journey UKIP has travelled under Farage's leadership, from the icy fringes of British politics all the way to Westminster, where it is poised to claim the popular vote. In it, he reveals for the first time exactly how, over the last few years, Farage and his supporters have ushered in a very English revolution:

secretly courting MPs right under the nose of the political establishment, in the tearooms and wine bars of the House of Lords. With characteristic wit and candour, Farage takes us beyond the caricature of the beerdrinking, chain-smoking adventurer in Jermyn Street double-cuffs as he describes the values that underpin his own journey: from successful City trader to (very)

outspoken critic of the European Union and champion of Britain's right to govern itself.

 THE TOP TEN
 SUNDAY
 TIMES
 BESTSELLER
 The author of the celebrated bestseller *The English and Their History* puts Brexit in its historical context
 Geography comes before history.
 Islands cannot have the same history as continental plains. The United Kingdom is a European country, but not the same kind of European country as Germany,

Poland or Hungary. For most of the 150 centuries during which Britain has been inhabited it has been on the edge, culturally and literally, of mainland Europe. In this succinct book, Tombs shows that the decision to leave the EU is historically explicable - though not made historically inevitable - by Britain's very different historical experience, especially in the twentieth century, and

because of our more extensive and deeper ties outside Europe. He challenges the orthodox view that Brexit was due solely to British or English exceptionalism: in choosing to leave the EU, the British, he argues, were in many ways voting as typical Europeans.
The Bad Boys of Brexit
 Canbury Press Limited
 "Stimulating and highly readable. . . .
 The Churchill Complex is a rich and

rewarding book." —Wall Street Journal From one of its keenest observers, a brilliant, witty journey through the "Special Relationship" between Britain and America that has done so much to shape the world, from World War II to Brexit. It is impossible to understand the last seventy-five years of American history, through to Trump and Brexit, without understanding the Anglo-

American relationship, particularly the bonds between presidents and prime ministers. FDR of course had Winston Churchill; JFK had Harold Macmillan, his consigliere during the Cuban Missile Crisis. Ronald Reagan found his ideological soul mate in Margaret Thatcher; and George W. Bush found his fellow believer, in religion and in war, in Tony Blair. Today, the bond between Donald Trump

and Boris Johnson illuminates the populist uprisings in both countries, as well as a new kind of Special Relationship that goes against everything it once stood for. Remembering the past, even its most glorious moments, can be as misleading as forgetting it. Over and over, in the name of freedom and democracy, British and especially American leaders have

evoked Winston Churchill as a model for brave leadership (and Neville Chamberlain to represent craven weakness). As Ian Buruma shows, in his dazzling, short tour de force of storytelling and analysis, the myths of World War II too often resulted in bad policies and foolish wars. But The Churchill Complex is much more than a reflection on the weight of Churchill's legacy and its

misuses. At its heart are shrewd and absorbing character studies of the president-prime minister dyads, which in Ian Buruma's gifted hands serve as a master class in politics, diplomacy, and the personal quirks of our leaders. It has never been a relationship of equals: from Churchill's desperate cajoling and conniving to keep FDR on his side in World War II, British prime ministers have

put much more stock in the relationship than their US counterparts. After the loss of its once-great empire, Britain clung to the world's greatest superpower as a path to continued relevance and leverage. As Buruma shows, this was almost always fool's gold, and now, the alliance has floundered on the rocks of isolationism. The Churchill Complex may not have a happy ending, but as with Ian

Buruma's other works, piercing lucidity is its own lasting comfort. *Jerusalem* Routledge In a story set against the backdrop of Dublin in 1915, two boys who meet at the local swimming hole plan to swim to an island in Dublin Bay the following Easter, but their plans coincide with the Easter uprising--a historic rebellion that changes their li
How four

friends with a ladder took on Brexit Head of Zeus Ltd "By means of your democracy we shall invade you, by means of our religion we shall conquer you. Victory will come to us from the wombs of our women." The post Brexit Europe should aim to stop the creeping incursion of illiberal and authoritarian ideologies disguised as "religions" or "cultures" into the continent's liberal and democratic

way of life. In most European nations, our adherence to liberal values has resulted in the growth of illiberal values. To put it differently our liberal societies began to tolerate the intolerant. If this trend is not stopped, its long term consequences will be catastrophic for the face of Europe as we and our ancestors have known it. Europe's tolerance and support of the wrongly called ideal of multi-

<p>culturalism has resulted in the growth of a continent of multi-faithism. The revival of a religious narrative as an inevitable backlash to the growth of alien religiosity amidst secular Europe is a disturbing phenomenon. It took Europe five hundred years of evolution to reach this stage of separation of state and religion. Michael Nimier <i>Understanding Russian Propaganda in Eastern</i></p>	<p><i>Europe</i> Faber & Faber "The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come." -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in</p>	<p>its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics -by 2040, 1.4 billion people will be added mostly in</p>
---	--	--

Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers,

entrepreneurs , academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading. **Brexit and Beyond** William Collins A gamebook in which the reader takes the role of the Prime Minister overseeing Britain's exit from the European Union. Combines satire and serious political analysis in the style of Yes

Minister and The Thick of It. *Formula One: the Pinnacle* Rowman & Littlefield "Brexit Unfolded is a must-read for anyone who cares about what happened following the momentous decision Britain took in the 2016 referendum. Grey is not a neutral observer, but his analysis is scholarly and balanced. He writes with engaging clarity as he navigates through toxic headlines and political

slogans. It will be a long time before this illuminating account is rivalled." Jonathan Dimbleby, broadcaster and author This book tells the story of how Brexit unfolded following the 2016 referendum vote to leave the EU. As we lived through the confusing and occasionally dramatic swirl of events, it was often hard to make sense of what was happening. Now we can look back and

take stock. The meaning of Brexit wasn't agreed by the referendum and in consequence was defined through the unfolding process of doing it. As that happened, many of the false claims made for Brexit foundered on the realities of international trade and international relations. Brexit was successful as a campaign movement but was exposed when it had to be turned into

practical policy. So any actual Brexit that might be delivered was inevitably open to the accusation of not being 'true Brexit'. This set the stage for a sulphurous political culture which talked of sabotage, betrayal, enemies of the people, traitors and victims. The legacy is a deeply divided nation in which many remain unreconciled to Brexit in any form whilst, in a tragic irony,

some of those
most
committed to
it are angry

and
dissatisfied
with what it
has meant in
practice. This

book explains
how and why
that
happened.
