One day a noble entourage makes its way up the winding slopes to the farm—and the world comes to Montefiore. In the presence of Cesare Borgia and his sister, the lovely and vain Lucrezia—decadent children of a wicked pope—no one can claim innocence for very long. When Borgia sends Don Vicente on a year's quest to reclaim a relic of the original Tree of Knowledge, he leaves Bianca under the care, so to speak, of Lucrezia. She plots a dire fate for the young girl in the woods below the farm, but in the dark forest there can be found salvation as well. . . . A lyrical work of stunning creative vision, *Mirror Mirror* gives fresh life to the classic story of Snow White—and has a truth and beauty all its own.

Riding skills guru Mary Wanless looks at a series of common rider faults or problems and, through words and photos, explains how to correct them. Each fault or problem is demonstrated by a different rider - some working at basic level, others advanced. Mary gives each rider a lesson, taking them through the (often subtle) changes they have to make, and recording their progress with specially taken photographs. Readers can witness the changes taking place and understand through Mary's gifted teaching, how to make the necessary shift to improve their own riding skills. The 'before' and 'after' pictures show not only the improvements in the rider's position and effectiveness but also in their horse's way of going, for the two are interconnected. Among the topics for in-depth discussion are rider position, muscle tone and stabilisation; how our minds and bodies learn new techniques or change old habits; rider asymmetry; mental attitudes; lateral work; advanced work; and faults such as tipping forward, leaning back, hollowing the back, rounding the back, and pulling on the inside rein.
