Scholastic Teaching Resources

Homeschooling isn't always easy. There are hiccups and bumps, and there will be plenty of times that we doubt if we are really capable of teaching our kids well. In *More Than Enough*, unexpected homeschooler of 12 years Kara Stephenson Anderson shares with warmth and honesty about real-life homeschooling. Written for any parent - those brand new to homeschooling and those who have been at this for years, *More Than Enough* is a guide for putting connection ahead of perfection, letting go of standards and expectations, and living a life of learning and love together. *More Than Enough* will help bring you the peace you've been craving so that

you can enjoy your days together. Here's the truth: All homeschool parents struggle with doubt. But you can build your confidence. And you can discover that your family is enough (just as you are!) Don't let the fear hold you back. You are enough. Your family is enough. And your love for your kids is more than enough. --- This book is a breath of fresh air. Kara's kind encouragement gives us permission to be who we are in the best way we know how... and let our kids do the same. - Sarah Mackenzie - Author of *Teaching from Rest* and *The Read-Aloud Family*. In *More Than Enough*, Kara makes homeschool moms feel seen, loved, and understood. The comforting tone of her stories as well as her practical advice refocus us on all we are already getting right for our families,

giving us much-needed encouragement to keep going when homeschool life gets tough. - Jamie Martin - editor of Simple Homeschool and author of *Introverted Mom* and *Give Your Child the World Every once in awhile* a book comes along that needs to be on the shelf of every homeschool mama I know... a book to pull you out of the overwhelm, assure you that you're not alone, and encourage you when you just want to throw in the towel. *More Than Enough* is one of those books. Read it, take back the overwhelm, know that you are what your kiddos need most, and rest in the encouraging words within these pages. This is required reading for any homeschool mama in the trenches. - Colleen Kessler, M.Ed. founder of *Raising Lifelong Learners* and author of *Raising*

experienced educators and moms, 100 Fun & Easy Learning Games for Kids prepares your children to thrive in school and life the fun way by using guided play at home to teach important learning topics—reading, writing, math, science, art, music and global studies. Turn off the TV and beat boredom blues with these clever activities that are quick and easy to set up with common household materials. The huge variety of activities means you can choose from high-energy group games full of laughter and delight, or quiet activities that kids can complete on their own. All activities highlight the skill they teach, and some are marked with a symbol whether they are good for on-the-go learning or if they incorporate movement for kids to get their wiggles out. In Zip-Line Letters, children learn

letter sounds as the letters zoom across the room. In Parachute Subtraction, place foam balls in a parachute, then kids shake the parachute and practice subtraction as they count how many balls fall off. Kids will have so much fun, they won't even realize they're gaining important skills! The activities are easy to adapt for all ages and skill levels. 100 Fun & Easy Learning Games for Kids is the solution for parents—as well as teachers, caregivers or relatives—to help kids realize how fun learning can be and develop what they'll need to do well wherever life takes them.

For fans of *The Day the Crayons Quit*, *Little Pea*, or *How Are You Peeling?* What's a little piece of bread to do when he's feeling lonely? Find a friend, of course! And that's exactly what Peanut Butter tries to do. But sometimes friends are hard to come by, especially when Hamburger has to walk his (hot) dogs, Cupcake is too busy building castles in her sprinkle box, and Egg laughs so hard he starts to crack up! Does Peanut

Butter have a soulmate? Young readers will know the answer long before Peanut Butter does and laugh along with each mismatched pairing. In a story that pairs silliness with poignancy, and friendship with anthropomorphic food, Terry Border, the photography mastermind behind the Bent Objects project, makes a triumphant entrance into the children's book world. Complete with a rhyming refrain, this is sure to be a favorite family read-aloud--and laugh-aloud. Praise for PEANUT BUTTER & CUPCAKE "Border's witty food comedy will lure children who are hungry for clever visual entertainment."--Publishers Weekly "[T]he creatively zany photographs...will make this a read-aloud hit."--School Library Journal "This book would be a great read-aloud on friendship and

food."--Library Media Connection
