CODY PEREZ

Evidence and Self-conviction Bristol Classical Press

Sophocles' most profound and celebrated play in a vivid and dynamic new translation by award-winning poet Robert Bagg Oedipus the King remains, after 2,500 years, a shocking, suspenseful, and highly emotional drama in which a royal family is brought to hellish ruin by fate, an inscrutable god, and the kindness of a stranger. Oedipus must find and destroy the murderer of his predecessor, King Laios, to rid Thebes of the plague caused by the killer's undetected and malignant presence. The play's headlong action resembles a tautly woven criminal investigation, but one whose immense stakes pose a host of wrenching and still unresolved questions: What constitutes human guilt? Why do gods punish the innocent? What are the limits of human intellect? Why do family bonds so often prove destructive? Robert Bagg's spare, idiomatic, and nuanced translation is ideally suited for reading, teaching, or performing. This is Sophocles for a new generation.

Plays of Sophocles Oedipus the King; Oedipus at Colonus; Antigone Foundation Books

The power, riches and influence of these two Greek tragedies are immense. This volume will steer the reader through Robert Fagles' Penguin translation with Wilkins' Companions to "Antigone" and Macleod's to "Oedipus the King", and an introduction discussing Sophocles and Attic tragedy.

Sophocles' Tragic Hero and His Time Gale, Cengage Learning

The legends surrounding the royal house of Thebes inspired Sophocles to create a powerful trilogy of mankind's struggle against fate. KING OEDIPUS tells of a man who brings pestilence to Thebes for crimes he doesn't realise he has committed, and then inflicts a brutal punishment on himself. It is a devastating portrayal of a ruler brought down by his own oath. OEDIPUS AT COLONUS provides a fitting conclusion to the life of the aged and blinded king, while ANTIGONE depicts the fall of the next generation through the conflict between a young woman ruled by her conscience and a king too confident in his own authority.

Why are ladies like arrows? When is a bird not a bird? What do you call a nun with a washing machine on her head? Welcome to the weird new word adventure from David Astle, plunging into the realm of riddles, chasing down and prising open 101 curious questions from around the planet. A mindtrip across time and place, Riddledom uncovers relics from over 50 cultures, delving into language and deception, sampling Pompeii walls and Dothraki warriors. Readers can unravel each mini-chapter, wrestling with riddles from Wonderland or Zanzibar, Oedipus Rex or Harry Potter. Come meet French acrobats, coffee slaves, lusty maids and many more along the way. Riddledom is your chance to roam Tasmania and Mongolia, Fiji and Peru, seeking riddles on clay tablets and Popsicle sticks. As David opens Riddledom: 'If you think riddles are solely the stuff of schoolyards and Christmas crackers, you're about to have your head refurbished.'

A Companion to the Penguin Translation Cambridge University Press

Each volume in a collection of affordable, readable editions of some of the world's greatest works of literature features a chronology of the author's life and career, a concise introduction containing valuable background information, a timeline of significant events, an outline of key plot points and themes, detailed explanatory notes, critical analyses, discussion questions, and a list of recommended books and films.

Sophocles' Oedipus Franklin Classics Trade Press

The famed Athenian tragedy in which Oedipus's own faults contribute to his tragic downfall. A great masterpiece on which Aristotle based his aesthetic theory of drama in the Poetics and from which Freud derived the Oedipus complex, King Oedipus puts out a sentence on the unknown murderer of his father Laius. By a gradual unfolding of incidents, Oedipus learns that he was the assassin and

that Jocasta, his wife, is also his mother. This Enriched Classic Edition includes: -A concise introduction that gives readers important background information -Timelines of significant events in Greek history and theater that provide the book's historical context -An outline of key themes and plot points to help readers form their own interpretations -Detailed explanatory notes -Critical analysis and modern perspectives on the work -Discussion questions to promote lively classroom and book group interaction -A list of recommended related books and films to broaden the reader's experience Enriched Classics offers readers affordable editions of great works of literature enhanced by helpful notes and insightful commentary. The scholarship provided in Enriched Classics enables readers to appreciate, understand, and enjoy the world's finest books to their full potential. Series edited by Cynthia Brantley Johnson

Oedipus the King Independently Published

From Natalie Haynes, the Women's Prize shortlisted author of *A Thousand Ships*, comes *The Children of Jocasta*, a retelling of Oedipus and Antigone from the perspectives of the women the myths overlooked. My siblings and I have grown up in a cursed house, children of cursed parents . . .

Jocasta is just fifteen when she is told that she must marry the King of Thebes, an old man she has never met. Her life has never been her own, and nor will it be, unless she outlives her strange, absent husband. Ismene is the same age when she is attacked in the palace she calls home. Since the day of her parents' tragic deaths a decade earlier, she has always longed to feel safe with the family she still has. But with a single act of violence, all that is about to change. With the turn of these two events, a tragedy is set in motion. But not as you know it. 'Haynes balances a fresh take on the material . . . giving new voice to the often-overlooked but fascinating Jocasta and Ismene.' - Madeline Miller, author of *Circe*.

Oedipus the King and Antigone Penguin UK

Three tragedies recount the downfall of Oedipus, his death in exile, and the actions by his daughter Antigone following his death.

Oedipus the King; Oedipus at Colonus Delhi ; New York : Oxford University Press, 1972, 1975 printing.

For centuries the myth of Oedipus, the man who unwittingly killed his father and married his mother, has exerted a powerful hold on the human imagination; but no retelling of that myth has ever come

close, in passion, drama, and menace to the one that we find in Sophocles' Oedipus the King. This new full-scale edition of that classic play - the first in any language since 1883 - offers a freshly constituted text based on consultation of manuscripts ancient and mediaeval. The introduction explores the play's dating and production, its creative engagement with pre-Sophoclean versions, its major themes, and its reception during antiquity. The commentary offers a detailed analysis, line by line and scene by scene, of the play's language, staging, and dramatic impact. The translation incorporated into the commentary ensures that the book will be accessible to all readers interested in what is arguably the greatest Greek tragedy of all.

Oedipus the King Infobase Publishing

Oedipus, King of Thebes, sends his brother-in-law, Creon, to ask advice of the oracle at Delphi, concerning a plague ravaging Thebes. Creon returns to report that the plague is the result of religious pollution, since the murderer of their former king, Laius, has never been caught. Oedipus vows to find the murderer and curses him for causing the plague. Oedipus summons the blind prophet Tiresias for help. When Tiresias arrives he claims to know the answers to Oedipus's questions, but refuses to speak, instead telling him to abandon his search. Oedipus is enraged by Tiresias' refusal, and verbally accuses him of complicity in Laius' murder. Outraged, Tiresias tells the king that Oedipus himself is the murderer ("You yourself are the criminal you seek"). Oedipus cannot see how this could be, and concludes that the prophet must have been paid off by Creon in an attempt to undermine him. The two argue vehemently, as Oedipus mocks Tiresias' lack of sight, and Tiresias in turn tells Oedipus that he himself is blind. Eventually Tiresias leaves, muttering darkly that when the murderer is discovered he shall be a native citizen of Thebes, brother and father to his own children, and son and husband to his own mother.

Why We Tell Stories Legare Street Press

Sophocles I contains the plays "Antigone," translated by Elizabeth Wyckoff; "Oedipus the King," translated by David Grene; and "Oedipus at Colonus," translated by Robert Fitzgerald. Sixty years ago, the University of Chicago Press undertook a momentous project: a new translation of the Greek tragedies that would be the ultimate resource for teachers, students, and readers. They succeeded. Under the expert management of eminent classicists David Grene and Richmond Lattimore, those translations combined accuracy, poetic immediacy, and clarity of presentation to render the surviving masterpieces of Aeschylus, Sophocles, and Euripides in an English so lively and compelling that they remain the standard translations. Today, Chicago is taking pains to ensure that our Greek tragedies remain the leading English-language versions throughout the twenty-first century. In this highly anticipated third edition, Mark Griffith and Glenn W. Most have carefully updated the translations to bring them even closer to the ancient Greek while retaining the vibrancy for which our English versions are famous. This edition also includes brand-new translations of Euripides' Medea, The Children of Heracles, Andromache, and Iphigenia among the Taurians, fragments of lost plays by Aeschylus, and the surviving portion of Sophocles's satyr-drama The Trackers. New introductions for each play offer essential information about its first production, plot, and reception in antiquity and beyond. In addition, each volume includes an introduction to the life and work of its tragedian, as well as notes addressing textual uncertainties and a glossary of names and places mentioned in the plays. In addition to the new content, the volumes have been reorganized both within and between volumes to reflect the most up-to-date scholarship on the order in which the plays were originally written. The result is a set of handsome paperbacks destined to introduce new generations of readers to these foundational works of Western drama, art, and life.

A Study Guide for Sophocles's "Oedipus Rex (aka Oedipus the King)" Harper Perennial

One of the most influential works of this century, *The Myth of Sisyphus and Other Essays* is a crucial exposition of existentialist thought. Influenced by works such as *Don Juan* and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

Antigone; Oedipus the King; Electra Pan Macmillan

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000 years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

Oedipus the King Oxford University Press

Written by Sophocles around 425 BCE, "Oedipus Rex" is a classic Greek tragedy that depicts the struggle between man and fate. Oedipus' story forms the foundation for the symbolic conflict between sons and fathers, a theme that has lost none of its dramatic punch in the ensuing centuries. The meticulous scholarship presented in this new "Bloom's Guides" title offers its readers fresh insight into this time-honored classic.
