**The Indictment** Big Red Tequila  
From the #1 New York Times bestselling author of the Percy Jackson and the Olympians series Everything in Texas is bigger . . . even murder. Meet Tres Navarre—tequila drinker, Tai Chi master, and unlicensed P.I., with a penchant for Texas-size trouble. Jackson “Tres” Navarre and his enchilada-eating cat, Robert Johnson, pull into San Antonio and find nothing waiting but trouble. Ten

years ago Navarre left town and the memory of his father’s murder behind him. Now he’s back, looking for answers. Yet the more Tres digs, trying to put his suspicions to rest, the fresher the decade-old crime looks: Mafia connections, construction site payoffs, and slick politicians’ games all conspire to ruin his homecoming. It’s obvious Tres has stirred up a hornet’s nest of trouble. He gets attacked, shot at, run over by a big blue Thunderbird—and his old girlfriend, the one he wants back, is missing. Tres has to rescue the woman, nail his father’s murderer, and get the

hell out of Dodge before mob-style Texas justice catches up to him. The chances of staying alive looked better for the defenders of the Alamo. “Riordan writes so well about the people and topography of his Texas hometown that he quickly marks the territory as his own.”—Chicago Tribune Don’t miss any of these hotter-than-Texas-chili Tres Navarre novels: BIG RED TEQUILA • THE WIDOWER’S TWO-STEP • THE LAST KING OF TEXAS • THE DEVIL WENT DOWN TO AUSTIN • SOUTHTOWN • MISSION ROAD • REBEL ISLAND

[Percy Jackson's Greek Gods: A Novel by Rick Riordan \(Trivia-On-Books\)](#) Penguin Books

Author of the beloved Half Moon Hollow series of vampire romances (Nice Girls Don't Have Fangs), Molly Harper has created a standalone paranormal romance in which a dilapidated haunted house could bring star-crossed lovers together—if it doesn't kill them first! When Nina Linden is hired to landscape

a private island off the New England coast, she sees it as her chance to rebuild her failing business after being cheated by her unscrupulous ex. She never expects that her new client, software mogul Deacon Whitney, would see more in her than just a talented gardener. Deacon has paid top dollar to the crews he's hired to renovate the desolate Whitney estate—he had to, because the bumps, thumps, and unexplained sightings of ghostly figures in nineteenth-century dress are driving workers away faster than he can say “Boo.” But Nina shows no signs of being scared away, even as she experiences some unnerving apparitions herself. And as the two of them work closely together to restore the mansion's faded glory, Deacon realizes that he's found

someone who doesn't seem to like his fortune more than himself—while Nina may have finally found the one man she can trust with her bruised and battered heart. But something on the island doesn't believe in true love...and if Nina and Deacon can't figure out how to put these angry spirits to rest, their own love doesn't stand a ghost of a chance.

### **19 Varieties of Gazelle** Independently Published

Our story opens with a cat stuck in a tree, an ordinary-enough occurrence. Fletcher the cat, having run up the tree in a moment of thoughtless abandon, cannot get back down. Then strange things begin to happen: Fletcher finds in his tree a steamer trunk full of hats, and among the hats a papier-mâché egg that

opens to reveal Zenobia, a worldly talking doll who was locked in the egg by an unfeeling child named Mabel. To cheer each other up, Fletcher and Zenobia decide to throw a party, complete with cake, peach ice cream, and punch from a silver punch bowl. The hats come in handy, and a moth, drawn to the festivities, soon becomes the vehicle of an unexpected escape plan. A story of metamorphosis and friendship, like *The Owl and the Pussycat* crossed with *Alice in Wonderland*, Fletcher and Zenobia is a wildly imaginative tale of wish fulfillment and freedom. At once silly and zany, it is not without a certain delicacy of feeling that older children, and adults, will also appreciate.
