MARSH TANIYA

Advanced Grammar in Use Book with Answers and CD-ROM Cambridge University Press
 Grammar for English Language Teachers helps teachers to develop their overall knowledge and understanding of English grammar, and provides a quick source of reference in planning lessons and clarifying learners' problems. Each chapter includes a Typical difficulties section, which explores learners' problems and mistakes. The book encourages teachers to appreciate the range of factors which affect grammatical choices, but also introduces the 'rules of thumb' presented to learners in course materials. The Consolidation exercises provide an opportunity for teachers to test the rules against real language use and to evaluate classroom and reference materials. The book is organised thematically, but also provides a 'short cut' index at the beginning for ease of reference. There is also a Cambridge ELT website with further chapter-by-chapter extension exercises to accompany the book.

Cambridge Grammar and Writing Skills Learner's Cambridge University Press

This groundbreaking undergraduate textbook on modern Standard English grammar is the first to be based on the revolutionary advances of the authors' previous work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. This book is intended for students in colleges or universities who have little or no previous background in grammar, and presupposes no linguistics. It contains exercises, and will provide a basis for introductions to grammar and courses on the structure of English not only in linguistics departments but also in English language and literature departments and schools of education.

Introduction to the Grammar of English Cambridge University Press

Cambridge Grammar for IELTS provides complete coverage of the grammar needed for the IELTS test, and develops listening skills at the same time. It includes a wide range of IELTS tasks from the Academic and General Training Reading, Writing and Listening modules, and contains helpful grammar explanations and a grammar glossary.

The Cambridge Grammar of the English Language Cambridge Grammar Of English With Cd-Rom (south Asian Edition)
 The Cambridge Grammar of English is a major new reference grammar from the world's leading grammar publisher. Written by highly respected experts in the field using extensive corpus research, it offers comprehensive coverage of spoken and written English based on real everyday usage. A clear two-part structure makes the book particularly user-friendly. In the first section, A-Z entries give more attention to language areas that tend to be neglected in other grammar reference books. The second section covers traditional grammatical categories including the latest insights into how grammar varies between spoken and written language. The accompanying CD-ROM makes the Cambridge Grammar of English even more accessible with: " The whole book in handy, searchable format " Audio recordings of all example sentences from the book " Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary
Cambridge Grammar of English Paperback with CD-ROM
 "CD-ROM provides over 200 extra exercises to help you practice the grammar presented"--P. [3] of cover.

Cambridge Grammar and Writing Skills Learner's Oxford University Press

Grammar is integral to teaching English as a second language, and yet there is often a disconnect between theory and practice. This book bridges that gap by introducing key theories of English grammar and showing how they can be applied in teaching. By drawing on an eclectic range of sources, and using a multidisciplinary approach, Berry links advances in our knowledge of grammar, from theoretical and descriptive viewpoints, with developments in pedagogical practices, to provide a comprehensive overview of the whole process of grammar. The second part of the book contains four case studies of key areas of English grammar in which the insights of the earlier chapters are applied, illustrating how grammar theory is used in practice. Offering new insights into the way English grammar works, this book is invaluable for all professionals who 'do' English grammar: teachers, grammarians, textbook writers and syllabus designers, testers and researchers.

Cambridge Grammar of English Paperback with CD-ROM Pearson Education India

The Cambridge Dictionary of English Grammar Cambridge University Press
 Introduce your learners to creative writing and writing for a purpose. They'll rewrite a well-known myth and draft an application letter, helping build their extended writing skills as they progress through the units. Each unit focuses on a different text type such as dialogue, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific activities help them practise grammar typical of the genre. Learners work individually and collaboratively, developing skills such as creative thinking, planning, drafting, peer evaluation and editing.

Cambridge Grammar of English: a Comprehensive Guide: Spoken and Written English Grammar and Usage Cambridge University Press

A groundbreaking new textbook on English sentence structure for beginning students in colleges and universities.

NTC's Dictionary of Everyday American English Expressions Cambridge University Press

A major grammar reference book of modern English, specially written for intermediate learners of English. **English Grammar Today** is an indispensable reference guide to contemporary English grammar and usage. With extensive corpus research at its core, it provides over 500 entries organised into an easy-to-use A-Z structure. Authentic examples of written and spoken English place the grammar in context and the clear explanations make it ideal for intermediate learners of English at CEF levels B1-B2, including those preparing for IELTS or Cambridge English exams such as

Preliminary and First. The book comes with a free CD-ROM that provides the book content and nearly 200 additional entries, plus audio recordings of all the examples and dialogues.

English Grammar Cambridge University Press

Written for students without knowledge of linguistics and unfamiliar with "traditional" grammar, this text concentrates on providing a much needed foundation in Standard English in preparation for more advanced work in theoretical linguistics.

The Teacher's Grammar of English with Answers Cambridge University Press

The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: * 170,000 words, phrases and examples * New words: so your English stays up-to-date * Colour headwords: so you can find the word you are looking for quickly * Idiom Finder * 200 'Common Learner Error' notes show how to avoid common mistakes * 25,000 collocations show the way words work together * Colour pictures: 16 full page colour pictures On the CD-ROM: * Sound: recordings in British and American English, plus practice tools to help improve pronunciation * UNIQUE! Smart Thesaurus helps you choose the right word * QUICKfind looks up words for you while you are working or reading on screen * UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises

The accompanying CD-ROM (Windows only) makes Cambridge Grammar of English even more accessible with: • The whole book in handy, searchable format. • Audio recordings of all the examples from the book. • Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary.

Language in Use Cambridge University Press

Publisher description: This book presents a new and comprehensive descriptive grammar of English, written by the principal authors in collaboration with an international research team of a dozen linguists in five countries. It represents a major advance over previous grammars by virtue of drawing systematically on the linguistic research carried out on English during the last forty years. It incorporates insights from the theoretical literature but presents them in a way that is accessible to readers without formal training in linguistics. It is based on a sounder and more consistent descriptive framework than previous large-scale grammars, and includes much more explanation of grammatical terms and concepts, together with justification for the ways in which the analysis differs from traditional grammar. The book contains twenty chapters and a guide to further reading. Its usefulness is enhanced by diagrams of sentence structure, cross-references between sections, a comprehensive index, and user-friendly design and typography throughout.

The Cambridge Grammar of Classical Greek Cambridge University Press

This is the first full-scale reference grammar of Classical Greek in English in a century. The first work of its kind to reflect significant advances in linguistics made in recent decades, it provides students, teachers and academics with a comprehensive yet user-friendly treatment. The chapters on phonology and morphology make full use of insights from comparative and historical linguistics to elucidate complex systems of roots, stems and endings. The syntax offers linguistically up-to-date descriptions of such topics as case usage, tense and aspect, voice, subordinate clauses, infinitives and participles. An innovative section on textual coherence treats particles and word order and discusses several sample passages in detail, demonstrating new ways of approaching Greek texts. Throughout the book numerous original examples are provided, all with translations and often with clarifying notes. Clearly laid-out tables, helpful cross-references and full indexes make this essential resource accessible to users of all levels.
