CD Learning From Media 2nd Ed The series
editors are convinced that the writings of
Clark and those who take issue with his
position are of critical importance to the
field of instructional technology, Thus, a
revised, second edition of Learning From
Media is now being offered. The debate
about the impact of media on learning
remains a fundamental issue as new
mediated approaches to teaching and
learning are developed, and Clark's work
should be at the center of the
discussion. Learning From Media:
Arguments, Analysis, and Evidence
