PHOENIX ADELAIDE

The Walking Drum Open Book Publishers

A collection of quotations selected by the best-selling author of *The Road Less Traveled* draws on the wisdom of such disparate thinkers as Aristotle, Freud, and Samuel Clemens, in a treasury that offers inspiration on how to build faith and trust in God.

The Different Drum Simon and Schuster

An introduction and guide to the concepts of facilitating successful community rhythm-based events.

Denial of the Soul New Society Publishers

Just as *The Road Less Traveled* provided hope and guidance for

individuals seeking growth, this major new work by M. Scott Peck, M.D., offers a needed prescription for our deeply ailing society.

Our illness is Incivility--morally destructive patterns of self-absorption, callousness, manipulateness, and materialism so ingrained in our routine behavior that we do not even recognize them. There is a deepening awareness that something is seriously wrong with our personal and organizational lives. Using examples from his own life, case histories, and dramatic scenarios of businesses that made a conscious decision to bring civility to their organizations, Dr. Peck demonstrates how change can be effected and how we and our organizations can be restored to health. This wise, practical, and radical book is a blueprint for achieving personal and societal well-being.

Glimpses of the Devil Harper Collins

Readers can crack the code on lovewith thisgroundbreakingcollection of love skills that lead to more fulfilling and lasting relationships. Designed to enable the acquisition of all 60 love skills, this guide teaches readers to become "Love Masters" themselves, as they learn to love themselves, greet others with love, create intimacy and successful relationships, resolve conflict into peace, and heal with love. The book includes a 60-question, self-grading, Love Skills Quiz, whichhelps readers to quickly identify their love strengths and weaknessesand expand the love in every aspect of their lives, be it with strangers, family, or friends."

Community Making and Peace New Society Publishers

"So compelling in its exploration of the human psyche, it's as hard to put down as a thriller...such a force of energy, intensity, and straightforwardness.

Love Skills You Were Never Taught: Secrets of a Love Master
Andrews McMeel Pub

The founder of the Foundation for Community Encouragement draws on his counseling experience to lead readers to the spiritual simplicity that lies on the other side of complexity and explains how to cope with the fears and shortcomings of life

All-American Boy Simon & Schuster/Paula Wiseman Books

Explores love, relationships, and spiritual growth, covering blame and forgiveness, the New Age movement, death and the meaning of life, and other topics.

Zen and the Art of Falling in Love Simon and Schuster

The work of M. Scott Peck has had a profound effect on the lives of millions of readers. Now Dr Peck has produced the 'closest thing to an autobiography I will ever write'. A book that tells more

about himself than ever before, while at the same time helping readers to see truths about themselves and their lives. IN SEARCH OF STONES is, on the surface, the story of a three-week trip through the British countryside that Dr Peck took with his wife Lily - looking for the ancient megalithic stones that became an obsession for them. But the search for the stones is a search for meaning and romance and, ultimately, an exploration of our own life journey.

Ruth Finnegan's *Oral Literature in Africa* was first published in 1970, and since then has been widely praised as one of the most important books in its field. Based on years of fieldwork, the study traces the history of storytelling across the continent of Africa. This revised edition makes Finnegan's ground-breaking research available to the next generation of scholars. It includes a new introduction, additional images and an updated bibliography, as well as its original chapters on poetry, prose, "drum language" and drama, and an overview of the social, linguistic and historical background of oral literature in Africa.

This book is the first volume in the World Oral Literature Series, an ongoing collaboration between OBP and World Oral Literature Project. A free online archive of recordings and photographs that Finnegan made during her fieldwork in the late 1960s is hosted by the World Oral Literature Project (<http://www.oralliterature.org/collections/rfinnegan001.html>) and can also be accessed from publisher's website.

"At a time when slick, superficial, psychological works are foisted

on the lay-public, Allen Wheelis has written a serious treatise."--
San Francisco Sunday Examiner-Chronicle

Dimensions of the Christian Experience Bantam

The legendary bestselling author and renowned psychiatrist M. Scott Peck, whose books have sold over 14 million copies, reveals the amazing true story of his work as an exorcist -- kept secret for more than twenty-five years -- in two profoundly human stories of satanic possession. In the tradition of his million-copy bestseller *People of the Lie: The Hope for Healing Human Evil*, Scott Peck's new book offers the first complete account of exorcism and possession by a modern psychiatrist in this extraordinary personal narrative of his efforts to heal patients suffering from demonic and satanic possession. For the first time, Dr. Peck discusses his experience in conducting exorcisms, sharing the spellbinding details of his two major cases: one a moving testament to his healing abilities, and the other a perilous and ultimately unsuccessful struggle against darkness and evil. Twenty-seven-year-old Jersey was of average intelligence; a caring and devoted wife and mother to her husband and two young daughters, she had no history of mental illness. Beccah, in her mid-forties and with a superior intellect, had suffered from profound depression throughout her life, choosing to remain in an abusive relationship with her husband, one dominated by distrust and greed. Until the day Dr. Peck first met the young woman called Jersey, he did not believe in the devil. In fact, as a mature, highly experienced psychiatrist, he expected that this case would resolve his ongoing effort to prove to himself, as scientifically as possible, that there were absolutely no grounds for such beliefs. Yet what he discovered could not be explained away simply as

madness or by any standard clinical diagnosis. Through a series of unanticipated events, Dr. Peck found himself thrust into the role of exorcist, and his desire to treat and help Jersey led him down a path of blurred boundaries between science and religion. Once there, he came face-to-face with deeply entrenched evil and ultimately witnessed the overwhelming healing power of love. In *Glimpses of the Devil*, Dr. Peck's celebrated gift for integrating psychiatry and religion is demonstrated yet again as he recounts his journey from skepticism to eventual acknowledgment of the reality of an evil spirit, even at the risk of being shunned by the medical establishment. In the process, he also finds himself compelled to confront the larger paradox of free will, of a commitment to goodness versus enslavement to the forms of evil, and the monumental clash of forces that endangers both sanity and the soul. *Glimpses of the Devil* is unquestionably among Scott Peck's most powerful, scrupulously written, and important books in many years. At once deeply sensitive and intensely chilling, it takes a clear-eyed look at one of the most mysterious and misunderstood areas of human experience.

How M. Scott Peck Guided Millions But Lost Himself on the Road Less Traveled Children's Book Press

Now available in a book/CD combination: M. Scott Peck's cherished work accompanied by the music that inspired it.

Creating a Life Together Random House

Travelling across Europe and through the Byzantine wonders of Constantinople, the adventurer Kerbouchard encounters the passions and violence of an ancient world.

[Oral Literature in Africa](#) Touchstone Books

When a little boy begins banging on pots and pans in his front yard, other children soon join him, until the entire city is moving to the beat.

In Search of Stones Harper Collins

In the 1980s and 1990s, thousands of women wrote to psychiatrist M. Scott Peck, MD, to thank him for pulling them through difficult patches of their lives with his ground-breaking and best-selling self-help book, *The Road Less Traveled*. Yet Peck's own life was in turmoil. While his readers, and those who attended his spiritual workshops and talks, told him how his words had helped them make decisions about their marriages, careers, insecurities and self-doubts, in 1992 one woman told *Life* magazine that after one spiritual group session she had been seduced by Peck. M. Scott Peck's *The Road Less Traveled* began with the words, "Life is difficult." He made it difficult for his family, so difficult that only two of his three children attended his funeral. Arthur Jones' *Boomer Guru* explores that dichotomy in a deeply researched biography based primarily on hours of recorded interviews with the frank but conflicted guru. This biography of "the nation's shrink" is that rare account: a psychiatrist on the couch. Peck's *The Road Less Traveled* had more than 10 million "boomer" readers. The book spent more than a decade on the *New York Times* Best Seller List, longer than any other book by a living author in that category. On the 10th anniversary of Peck's death, this candid biography of the boomer guru is an intriguing recap of both the times and the man.

The Unending Journey Toward Spiritual Growth : the Edited Lectures Simon and Schuster

"A survivor's tale that in its universal appeal brings to mind the

most compelling aspects of "Gal" and "Shot in the Heart."

Through the course of these scathing, inspiring, instructive pages, Scott Peck, writer and human being, grows into one hell of a terrific man."--Michael Dorris.

Practical Tools to Grow Ecovillages and Intentional Communities
Touchstone

The Read Write Inc. Phonics storybooks provide structured practice in decoding words and reading through phonics. Each set of books is carefully graded so that children can read them with confidence, as soon as they have learned the sounds linked to the set. There are seven sets of books, with 10-13 books in each set.

100 Ways to Keep Your Soul Alive University of Oklahoma Press

This delightful book is truly a care package for the soul, full of practical wisdom for daily living and one hundred concise suggestions for healing and feeding the spirit. FREDERIC and MARY ANN BRUSSAT are the editors of the *Values & Visions My First Drumming Book* Simon and Schuster

'The overall purpose of human communication is - or should be - reconciliation. It should ultimately serve to lower or remove the walls of misunderstanding which unduly separate us human beings, one from another...' Although we have developed the technology to make communication more efficient and to bring people closer together, we have failed to use it to build a true global community. Dr M. Scott Peck believes that if we are to prevent civilization destroying itself, we must urgently rebuild on all levels, local, national and international and that is the first step to spiritual survival. In this radical and challenging book, he describes how the communities work, how group action can be

developed on the principles of tolerance and love, and how we can start to transform world society into a true community.
