Insights on the End of Suffering

Restless Books

Real solutions to a hidden epidemic: family estrangement. Estrangement from a family member is one of the most painful life experiences. It is devastating not only to the individuals directly involved--collateral damage can extend upward, downward, and across generations, More than 65 million Americans suffer such rifts, yet little guidance exists on how to cope with and overcome them. In this book, Karl Pillemer combines the advice of people who have successfully reconciled with powerful insights from social science

research. The result is a unique guide to mending fractured families. Fault Lines shares for the first time findings from Dr. Pillemer's ten-year groundbreaking Cornell Reconciliation Project, based on the first national survey on estrangement; rich, in-depth interviews with hundreds of people who have experienced it; and insights from leading family researchers and therapists. He assures people who are estranged, and those who care about them, that they are not alone and that fissures can be bridged. Through the wisdom of people who have "been there," Fault Lines shows how healing is possible through clear steps that people can use right away in their own families. It addresses such questions as: How do rifts begin? What makes estrangement so painful?

Why is it so often triggered by a single event? Are you ready to reconcile? How can you overcome past hurts to build a new future with a relative? Tackling a subject that is achingly familiar to almost everyone, especially in an era when powerful outside forces such as technology and mobility are lessening family cohesion, Dr. Pillemer combines dramatic stories, science-based guidance, and practical repair tools to help people find the path to reconciliation.

Falling into Grace Baldini & Castoldi
"Falling Into Grace is a dazzling, clear, profound book—a cool drink of water for thirsty hearts everywhere." —Geneen

Roth, author of *Women, Food, God* "The path to enlightenment today is cluttered with concepts: Adyashanti cuts through them with a sword so merciless and tender that only space remains." —Meg Lundstrom, author of *What to Do When You Can't Decide* "Adyashanti's teachings point us toward what we most yearn for: realizing and embodying the love and awareness that is our natural state. *Falling Into Grace* is wonderfully lucid, simple, and powerful. It will remind you to stop the struggle and to relax back into what you already are." —Tara Brach, author of *Radical Acceptance* Adyashanti asks us to let go of our struggles with life and open to the full promise of mindfulness and spiritual awakening: the end of delusion and the discovery of our essential being. In his

many years as a spiritual teacher, Adyashanti has found the simpler the teaching, the greater its power to initiate this awakening. In *Falling into Grace*, he shares what he considers fundamental insights that will spark a revolution in the way we perceive life—through a progressive inquiry exploring the concept of a separate self and the choice to stop believing the thoughts that perpetuate suffering; “taking the backward step” into the pure potential of the present moment; why mindfulness and spiritual awakening can be a disturbing process; absolute union with every part of our experience and true autonomy—the unique expression of our own sense of freedom. Excerpt: When I was a young child, about seven or eight years old, one of the things I started to

notice and ponder as I watched the adults around me was that the adult world is prone to suffering, pain, and conflict. Even though I grew up in a relatively healthy household with loving parents and two sisters, I still saw a great deal of pain around me. As I looked at the adult world, I wondered: How is it that people come into conflict? As a child, I also happened to be a great listener—some may even say an eavesdropper. I would listen to every conversation that went on in the house. In fact, it was a family joke that nothing happened in the house without me knowing about it. I liked to know everything that was going on around me, and so I spent a lot of my childhood listening to the conversation of adults, in my home and in the homes of relatives.

Much of the time, I found what they talked about to be quite interesting, but I also noticed a certain ebb and flow to most of their discussions—how conversations moved into a little bit of conflict, then back away from it.

Un thriller tra le macerie della Seconda guerra mondiale in cui nulla è dato per scontato; un gioco di specchi orchestrato come nelle migliori spy story Sarajevo, 1943. Mentre la Jugoslavia è dilaniata dalla guerra, una giovane e bellissima fotografa vera e propria eroina per il suo popolo e un ufficiale tedesco vengono rinvenuti brutalmente assassinati.

Assegnato al caso è il capitano dell'intelligence militare Gregor Reinhardt, già detective della polizia di

Berlino, poi allontanato dai nazisti. Ossessionato dalle sue azioni di guerra e dagli errori compiuti lontano dal campo di battaglia, scopre ben presto che la sua indagine potrebbe riguardare molto più di un semplice doppio omicidio e che la donna tanto amata dal popolo jugoslavo potrebbe essere stata molto più brillante e infingarda di quanto volesse lasciare credere. Facendosi strada attraverso un campo minato di vendette politiche, militari, e personali, Reinhardt scopre che qualcuno sta lasciando una scia di cadaveri per coprire le proprie tracce. E proprio quelle tracce insanguinate porteranno l'ufficiale ad avvicinarsi troppo a un segreto nascosto tra le fila dei potenti, che faranno di tutto per mantenerlo tale. Ma in Reinhardt brilla ora una nuova

determinazione, che credeva di avere perso per sempre; e il caso deve essere chiuso, a qualunque costo.

The last decade has seen an incredible growth in the production and distribution of images and other cultural artefacts. The internet is the place where all these cultural products are stored, classified, voted, collected and trashed. What is the impact of this process on art making and on the artist? Which kind of dialogue is going on between amateur practices and codified languages? How does art

respond to the society of information? This is a book about endless archives, image collections, bees plundering from flower to flower and hunters crawling through the online wilderness.

The dramatic story of neighbors in a small Danish fishing village who, during the Holocaust, shelter a Jewish family waiting to be ferried to safety in Sweden. It is 1943 in Nazi-occupied Denmark. Anett and her parents are hiding a Jewish woman and her son, Carl, in their cellar until a fishing boat can take them across the sound to neutral Sweden. The soldiers patrolling their street are growing suspicious, so Carl and his mama must make their way to the harbor despite a cloudy sky with no

moon to guide them. Worried about their safety, Anett devises a clever and unusual plan for their safe passage to the harbor. Based on a true story.

WONDER IS NOW A MAJOR MOTION PICTURE STARRING JULIA ROBERTS AND JACOB TREMBLAY! Over 6 million people have read the #1 New York Times bestseller Wonder—the book that inspired the Choose Kind movement—and have fallen in love with Auggie Pullman, an ordinary boy with an extraordinary face. Last year readers were given a special look at another side of his story with The Julian Chapter, and now they'll get a peek at Auggie's life before Beecher Prep, with an exclusive new short story told entirely from the

point of view of Christopher, Auggie's oldest friend. Christopher was Auggie's best friend from the time they were babies until his family moved away; he was there through all of Auggie's surgeries and heartbreaks, through bad times and good—like Star Wars marathons and dreams of traveling to Pluto together. Alternating between childhood flashbacks and the present day, an especially bad day for Christopher, *Pluto* is the story of two boys grown apart learning that good friendships are worth a little extra effort.

Dissolution Sounds True

Amy Lennox doesn't know quite what to expect when she and her mother pick up and leave Germany for Scotland, heading to her mother's childhood home of Lennox House on the island of

Stormsay. Amy's grandmother, Lady Mairead, insists that Amy must read while she resides at Lennox House—but not in the usual way. It turns out that Amy is a book jumper, able to leap into a story and interact with the world inside. As thrilling as Amy's new power is, it also brings danger: someone is stealing from the books she visits, and that person may be after her life. Teaming up with fellow book jumper Will, Amy vows to get to the bottom of the thefts—at whatever cost.

"A decades-old murder investigation has landed on Superintendent Teresa Battaglia's desk. DNA analysis has revealed that a painting from the final days of World War II contains matter from a human heart. Teresa is able to

trace the evidence to Val Resia, one of Italy's most isolated, untouched regions. When Teresa's investigation hits too close to the truth, a second human heart is hung at the valley's entrance, a warning not to cross its threshold. Meanwhile, Teresa must not only deal with rapidly progressing physical and cognitive ailments, but also someone she hoped never to see again—a man who is now her supervisor”—

Obsolete Objects in the Literary Imagination Edizioni Mondadori

“Cukier and his co-authors have a more ambitious project than Kahneman and Harari. They don't want to just point out how powerfully we are influenced by our perspectives and prejudices—our frames. They want to show us that these frames are tools, and that we can

optimise their use.” —Forbes From pandemics to populism, AI to ISIS, wealth inequity to climate change, humanity faces unprecedented challenges that threaten our very existence. The essential tool that will enable humanity to find the best way forward is defined in *Frames* by internationally renowned authors Kenneth Cukier, Viktor Mayer-Schönberger, and Francis de Véricourt. To frame is to make a mental model that enables us to make sense of new situations. Frames guide the decisions we make and the results we attain. People have long focused on traits like memory and reasoning, leaving framing all but ignored. But with computers becoming better at some of those cognitive tasks, framing stands out as a critical function—and only humans can

do it. This book is the first guide to mastering this human ability. Illustrating their case with compelling examples and the latest research, authors Cukier, Mayer-Schönberger, and de Véricourt examine:

- Why advice to “think outside the box” is useless
- How Spotify beat Apple by reframing music as an experience
- How the #MeToo twitter hashtag reframed the perception of sexual assault
- The disaster of framing Covid-19 as equivalent to seasonal flu, and how framing it akin to SARS delivered New Zealand from the pandemic

Framers shows how framing is not just a way to improve how we make decisions in the era of algorithms—but why it will be a matter of survival for humanity in a time of societal upheaval and machine prosperity.

La sinistra contro i suoi leader

Cambridge University Press

L'emigrazione è una fuga dolorosa e atroce, un folle atto di sradicamento, un movimento contrario al normale corso che la vita di un numero sempre maggiore di persone dovrebbe invece seguire. Giovanni Greci, con la sua analisi precisa, ci porta con sé alla scoperta della vasta letteratura per ragazzi che ha l'emigrazione e tutto ciò che ruota intorno ad essa come tema

centrale. Ci consente così di conoscere chi l'ha affrontata in prima persona, che siano personaggi reali o romanzati, e le svariate vicende generatesi in quei contesti. Ai lettori sembrerà di viaggiare verso l'America con una sacca piena di speranza e voglia di riscatto, poi si sentiranno travolti dalle masse in viaggio dal Sud al Nord del mondo per cambiare la propria vita, soffriranno insieme a chi è troppo piccolo per immaginare di intraprendere un viaggio di fuga dal proprio Paese, eppure lo deve fare come unica possibilità di salvezza. Attraverso queste e moltissime altre traiettorie ed emozioni, l'autore traccia una mappa letteraria completa, da sottoporre ai più giovani come metodo di comprensione e sensibilizzazione che apre gli occhi sul mondo e fa riflettere sul passato, ma

anche su un presente migratorio sempre più drammatico. Giovanni Greci è stato responsabile della Biblioteca "C.Pavese" di Parma dal 1985 al 2018. Ha pubblicato diverse opere ed articoli (Giunti; Diabasis; Ediz. Junior et al.), tenuto conferenze in Italia e all'estero e organizzato convegni e corsi di formazione e aggiornamento sulla letteratura per ragazzi. Ha altresì pubblicato opere sulla sua ricerca fotografica (Silvana Editoriale; Edicta et al.) oltre ad aver esposto in diverse gallerie in Italia, in altri paesi europei, in Messico e negli USA.

Il Pd è finito due volte fuorigioco. La prima volta perché ha rifiutato di accettare che una leadership forte è indispensabile per vincere. Ed è il miglior vaccino contro la degenerazione del partito personale. Ma la seconda, e più dura, sconfitta l'ha subita al proprio interno, dove il virus della personalizzazione si è diffuso nella sua variabile più letale: quella del microvoto e dei micronotabili. Intenti a combattere una battaglia di retroguardia contro il fantasma del leader, i Democratici sono rimasti impigliati nel ginepraio delle correnti. Cacciandosi in una strettoia dalla quale non sarà facile uscire.

Un torneo di calcetto, una giovane bomber con le lentiggini, una città che sta cambiando: ecco gli ingredienti di un romanzo che racconta come in una notte venne costruito un muro destinato a dividere una città e due mondi, unendo però i cuori di un gruppo di ragazzi in un'avventura unica. Berlino, estate del 1961. Leo e la sua squadra stanno per affrontare la finale che deciderà i vincitori del torneo di calcio per il controllo della piazzetta dove tutti i ragazzi della città, che provengano da Ovest o da Est, si ritrovano a giocare. Gli eventi della Storia incalzano, un muro di fil di ferro e cemento sta per impedire la loro sfida e insieme decidere la fine della loro infanzia. Ma Leo e i suoi amici,

insieme a quelli che fino ad allora aveva giudicato avversari, se non nemici, sapranno unirsi e ribellarsi contro chi vuole spezzare i loro sogni. La partita si farà, a tutti i costi.

The alternative - the school talking to her nervous wreck of a mum - is not an option. Lottie's uncertainty about Bake Club melts away as she rekindles her love of baking and gets caught up with Mac, the school rebel and another unwilling Bake Club member. Both Lottie and Mac have secrets to keep and would much rather not get involved, but as Bake Club progresses towards an end-of-year competition, the tension rises. Can Lottie keep up the facade of her perfect life without the others finding out what's really going on at home? And can her

bubbling romance with Mac survive the pressure?
