How to Get Rich Creators Publishing
It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller *Rich Dad Poor Dad* -- the #1 Personal Finance book of all time -- and in *Why the Rich Are Getting Richer*, he makes his

case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock

market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What financially education is... really."

Where Trump Learned to Rule To know Donald J. Trump it is best to start in his

natural habitat: Palm Beach, Florida. It is here he learned the techniques that took him all the way to the White House. Painstakingly, over decades, he has created a world in this exclusive tropical enclave and favorite haunt of billionaires where he is not just president but a king. The vehicle for his triumph is Mar-A-Lago, one of the greatest mansions ever built in the United States. The inside story of how he became King of Palm Beach—and how Palm Beach continues to be his spiritual home even as president—is rollicking, troubling, and told with unrivaled access and understanding by Laurence Leamer. In Mar-A-Lago, the reader will learn: * How Donald Trump bought a property now valued by some at as much as \$500,000,000 for less than three thousand dollars of his own money. * Why Trump was blackballed by the WASP grandees of the island and how he got his revenge. * How Trump joined forces with the National Enquirer, which was headquartered nearby, and engineered his own divorce. * How by turning Mar-A-Lago into a private club, Trump was the unlikely man to integrate Palm Beach's restricted country club scene, and what his real motives

were. * What transpires behind the gates of today's Mar-A-Lago during "the season," when President Trump and assorted D.C. power players fly down each weekend. In addition to copious interviews and reporting from inside Mar-A-Lago, Laurence Leamer brings an acute and unparalleled understanding of the society of Palm Beach, where he has lived for twenty-five years. He has written an essential book for understanding Donald Trump's inner character.

Who Stole My Pension? Gramedia Pustaka Utama

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to “put America’s interests first—and that means doing what’s right for our economy, our national security, and our public safety.” Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, “Merry Christmas!” The media scoffed at Trump’s vision and the people who supported him; they were

blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in *Time to Get Tough*, “I’ve built businesses across the globe. I’ve dealt with foreign leaders. I’ve created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That’s what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he’s going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn’t need cowardice, it needs courage.” President Elect Trump is about to “Make America Great Again” and *Time to Get Tough* is his blueprint!

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of

studying. “Why should I put time into studying subjects I will never use in real life?” he protested. Without thinking, I responded, “Because if you don't get good grades, you won't get into college.” “Regardless of whether I go to college,” he replied, “I'm going to be rich.” Trump Strategies for Real Estate Penguin Faith and Finances is a timely and much needed exposition on the subject of money.

Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them

rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in *Rich Dad Poor Dad*, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In *More Important Than Money*, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 *Rich Dad Advisor Series* books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.
