NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington

Post • Los Angeles Times • San Francisco Chronicle • Harper's Bazaar • St. Louis Post-Dispatch •

The Guardian • The Kansas City Star • National Post • BookPage • Kirkus Reviews From Salman

Rushdie, one of the great writers of our time, comes a spellbinding work of fiction that blends

history, mythology, and a timeless love story. A lush, richly layered novel in which our world has

been plunged into an age of unreason, *Two Years Eight Months and Twenty-Eight Nights* is a

breathtaking achievement and an enduring testament to the power of storytelling. In the near

future, after a storm strikes New York City, the strangenesses begin. A down-to-earth gardener finds

that his feet no longer touch the ground. A graphic novelist awakens in his bedroom to a mysterious

entity that resembles his own sub-Stan Lee creation. Abandoned at the mayor's office, a baby

identifies corruption with her mere presence, marking the guilty with blemishes and boils. A

seductive gold digger is soon tapped to combat forces beyond imagining. Unbeknownst to them,

they are all descended from the whimsical, capricious, wanton creatures known as the jinn, who live

in a world separated from ours by a veil. Centuries ago, Dunia, a princess of the jinn, fell in love with

a mortal man of reason. Together they produced an astonishing number of children, unaware of

their fantastical powers, who spread across generations in the human world. Once the line between

worlds is breached on a grand scale, Dunia's children and others will play a role in an epic war

between light and dark spanning a thousand and one nights—or two years, eight months, and

twenty-eight nights. It is a time of enormous upheaval, in which beliefs are challenged, words act

like poison, silence is a disease, and a noise may contain a hidden curse. Inspired by the traditional

"wonder tales" of the East, Salman Rushdie's novel is a masterpiece about the age-old conflicts that

remain in today's world. *Two Years Eight Months and Twenty-Eight Nights* is satirical and bawdy, full

of cunning and folly, rivalries and betrayals, kismet and karma, rapture and redemption. Praise for

Two Years Eight Months and Twenty-Eight Nights "Rushdie is our Scheherazade. . . . This book is a

fantasy, a fairytale—and a brilliant reflection of and serious meditation on the choices and agonies of

our life in this world."—Ursula K. Le Guin, *The Guardian* "One of the major literary voices of our time

. . . In reading this new book, one cannot escape the feeling that [Rushdie's] years of writing and

success have perhaps been preparation for this moment, for the creation of this tremendously

inventive and timely novel."—*San Francisco Chronicle* "A wicked bit of satire . . . [Rushdie] riffs and

expands on the tales of Scheherazade, another storyteller whose spinning of yarns was a matter of

life and death."—*USA Today* "A swirling tale of genies and geniuses [that] translates the bloody

upheavals of our last few decades into the comic-book antics of warring jinn wielding bolts of fire,

mystical transmutations and rhyming battle spells."—*The Washington Post* "Great fun . . . The novel

shines brightest in the panache of its unfolding, the electric grace and nimble eloquence and

extraordinary range and layering of his voice."—*The Boston Globe*

Selected and translated by the distinguished scholar Denys Johnson-Davies, these stories have all

the celebrated and distinctive characters and qualities found in Mahfouz's novels: The denizens of

the dark, narrow alleyways of Cairo, who struggle to survive the poverty; melancholy ruminations on

death; experiments with the supernatural; and witty excursions into Cairene middle-class life.

Arabian Nights A&C Black

The stories in the *Thousand and One Nights*, or the *Arabian Nights*, are familiar to many of us: from

the tales of Aladdin, Sinbad the Sailor, Ali Baba and his forty thieves, to the framing story of

Scheherazade telling these stories to her homicidal husband, Shahrayar. This book offers a rich and

wide-ranging analysis of the power of this collection of tales that penetrates so many cultures and

appeals to such a variety of predilections and tastes. It also explores areas that were left untouched,

like the decolonization of the *Arabian Nights*, and its archaeologies. Unique in its excavation into

inroads of perception and reception, Muhsin J. al-Musawi's book unearths means of connection with

common publics and learned societies. Al-Musawi shows, as never before, how the *Arabian Nights*

has been translated, appropriated, and authenticated or abused over time, and how its reach is so

expansive as to draw the attention of poets, painters, illustrators, translators, editors, musicians,

political scientists like Leo Strauss, and novelists like Michel Butor, James Joyce and Marcel Proust

amongst others. Making use of documentaries, films, paintings, novels and novellas, poetry, digital

forums and political jargon, this book offers nuanced understanding of the perennial charm and

power of this collection.

Arabian Nights tradition, including ?*Sindbad the Sailor*? and ?*Aladdin and the Magic Lamp*?

In Conquest Born Penguin Books, Limited (UK)

Once upon a time, the name Baghdad conjured up visions of the most magical, romantic city on

earth, where flying carpets carried noble thieves off on wonderful adventures, and vicious viziers

and beautiful princesses mingled with wily peasants and powerful genies. This is the world of the

Arabian Nights, a magnificent collection of ancient tales from Arabia, India, and Persia. The tales -

often stories within stories - are told by the sultana Scheherazade, who relates them as

entertainments for her jealous and murderous husband, hoping to keep him amused and herself

alive. Three fantastic tales have been chosen from our new translation to introduce readers to the

delights of the *Arabian Nights*: 'Ali Baba and The Forty Thieves Killed by a Slave Girl' is a well-known

and well-loved classic, placed alongside the equally enchanting 'Judar and His Brothers' and 'Ma'rus

the Cobbler'.

The Day the Leader Was Killed Vertigo

On the shrouded corpse hung a tablet of green topaz with the inscription: 'I am Shaddad the Great. I

conquered a thousand cities; a thousand white elephants were collected for me; I lived for a

thousand years and my kingdom covered both east and west, but when death came to me nothing

of all that I had gathered was of any avail. You who see me take heed: for Time is not to be trusted.'

Dating from at least a millennium ago, these are the earliest known Arabic short stories, surviving in

a single, ragged manuscript in a library in Istanbul. Some found their way into *The Arabian Nights*

but most have never been read in English before. Tales of the Marvellous and News of the Strange has monsters, lost princes, jewels beyond price, a princess turned into a gazelle, sword-wielding statues and shocking reversals of fortune.

These are the tales that saved the life of Shahrazad, whose husband, the king, executed each of his wives after a single night of marriage. Beginning an enchanting story each evening, Shahrazad always withheld the ending: a thousand and one nights later, her life was spared forever. Full of mischief, valor, ribaldry, and romance, *The Arabian Nights* has enthralled readers for centuries. This volume contains the most famous and representative stories from Sir Richard F. Burton's multi-volume translation, and, unlike many editions, is complete unexpurgated. These tales, including 'Aladdin or the Wonderful Lamp', 'Sinbad the Sailor', and 'Ali Baba and the Forty Thieves', have entered into the popular imagination. This edition of *The Arabian Nights* brings together the magical translation of Sir Richard Burton and the art of William Harvey. He was Thomas Bewick's most famous pupil and his evocative black and white woodcuts are complemented by the delightful engravings of the renowned brothers Thomas Dalziel and Edward Dalziel who were strongly influenced by Sir John Gilbert, and who regarded their illustrations for *The Arabian Nights* as their finest work.

The Arabian Nights Andrew Lang - One Thousand and One Nights is a collection of stories collected over many centuries by various authors, translators and scholars in various countries across the Middle East and South Asia. These collections of tales trace their roots back to ancient Arabia and Yemen, ancient Indian literature and Persian literature, ancient Egyptian literature and Mesopotamian mythology, ancient Syria and Asia Minor, and medieval Arabic folk stories from the Caliphate era. Though the oldest Arabic manuscript dates from the fourteenth century, scholarship generally dates the collection's genesis to somewhere between AD 800-900.

Almost three centuries have passed since the oldest manuscript of "The Thousand and One Nights" arrived in Europe. Since then, the "Nights" have occupied the minds of scholars world-wide, in particular the questions of origin, composition, language and literary form. In this book, Muhsin Mahdi, whose critical edition of the text brought so much praise, explores the complex literary history of the "Nights," bringing to fruition the search for the archetype that constituted the core of the surviving editions, and treating the fascinating story of the growth of the collection of stories that we now know as "The Thousand and One Nights,"

Meet the people of Cairo's Gamaliya quarter. Arabian Nights and Days Saqi Books

Probably one the original "story within a story" book. Arabian nights is a selection of stories told by a young girl on her wedding night to a prince who has sworn he will kill any girl who marries him. Her clever stories keep him from murdering her night after night. This is where classic fairy tales such as Aladdin and Ali Baba and the Forty Thieves come from as well as moral tales and metaphors. The use of djins, magic and Eastern splendour makes Arabian Nights dazzle. A must read and a perfect counterpoint to western fairy tales such as Hans Christian Anderson and the Brothers Grimm.

A Buzzfeed Best Book of the Year A dynamic French-Syrian translator, lauded for her lively poetic voice, tackles the enchanted world of Aladdin in this sparkling new translation. Long defined by popular film adaptations that have reductively portrayed Aladdin as a simplistic rags-to-riches story for children, this work of dazzling imagination—and occasionally dark themes—finally comes to vibrant new life. "In the capital of one of China's vast and wealthy kingdoms," begins Shahrazad—the tale's imperiled-yet-ingenious storyteller—there lived Aladdin, a rebellious fifteen-year-old who falls prey to a double-crossing sorcerer and is ultimately saved by the ruse of a princess. One of the best-loved folktales of all time, Aladdin has been capturing the imagination of readers, illustrators, and filmmakers since an eighteenth-century French publication first added the tale to *The Arabian Nights*. Yet, modern English translators have elided the story's enchanting whimsy and mesmerizing rhythms. Now, translator Yasmine Seale and literary scholar Paulo Lemos Horta offer an elegant, eminently readable rendition of Aladdin in what is destined to be a classic for decades to come.

Coming of Age in the Shadow of Mussolini W. W. Norton

'Mary Renault is a shining light to both historical novelists and their readers. She does not pretend the past is like the present, or that the people of ancient Greece were just like us. She shows us their strangeness; discerning, sure-footed, challenging our values, piquing our curiosity, she leads us through an alien landscape that moves and delights us' HILARY MANTEL 'Mary Renault's portraits of the ancient world are fierce, complex and eloquent, infused at every turn with her life-long passion for the Classics. Her characters live vividly both in their own time, and in ours' MADELINE MILLER The sequel to *The King Must Die*. The Bull from the Sea continues the story of the hero Theseus after his return from Crete. Having freed the city of Athens from the onerous tribute demanded by the ruler of Knossos - the sacrifice of noble youths and maidens to the appetite of the Labyrinth's monster - Theseus has returned home to find his father dead and himself the new king. But his adventures have only just begun: he still must confront the Amazons, capture their queen, Hippolyta, and face the tragic results of Phaedra's jealous rage. Piecing together the fragments of myth and using her deep understanding of the cultures reflected in these legends, Mary Renault has constructed an enthralling narrative of a time when heroes battled monsters and gods strode the earth. 'There's much to say about her interweaving of myth and history and, just as interestingly, there's much to wonder at in the way she fills in the large dark spaces where we know next to nothing about the times she describes . . . an important and wonderful writer . . . she set a course into serious-minded, psychologically intense historical fiction that today seems more important than ever' Sam Jordison, Guardian
