The book is easy to follow, entertaining to read, and uses many examples from real speeches. This system will make sure that every time you go on stage your speech is an outstanding one.

*The Quick and Easy Way to Effective Speaking* Pearson P T R

A great statesman, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steered that nation for victory against the might of the Fascist powers. *Never Give In!* celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume *Never Give In!* provides a powerful testimony to one of the great public figures of the 20th century.

*Never Give In!* Da Capo Press

"Engrossing...the first formal biography of a woman who has heretofore been relegated to the sidelines."—The New York Times From the author of the New York Times bestseller *A Woman of No Importance*, a long overdue tribute to the extraordinary woman who was Winston Churchill's closest confidante, fiercest critic and shrewdest advisor that captures the intimate dynamic of one of history's most fateful marriages. Late in life, Winston Churchill claimed that victory in the Second World War would have been "impossible" without the woman who stood by his side for fifty-seven

turbulent years. Why, then, do we know so little about her? In this landmark biography, a finalist for the Plutarch prize, Sonia Purnell finally gives Clementine Churchill her due. Born into impecunious aristocracy, the young Clementine Hozier was the target of cruel snobbery. Many wondered why Winston married her, when the prime minister's daughter was desperate for his attention. Yet their marriage proved to be an exceptional partnership. "You know," Winston confided to FDR, "I tell Clemmie everything." Through the ups and downs of his tumultuous career, in the tense days when he stood against Chamberlain and the many months when he helped inspire his fellow countrymen and women to keep strong and carry on, Clementine made her husband's career her mission, at the expense of her family, her health and, fatefully, of her children. Any real consideration of Winston Churchill is incomplete without an understanding of their relationship. Clementine is both the first real biography of this remarkable woman and a fascinating look inside their private world. "Sonia Purnell has at long last given Clementine Churchill the biography she deserves. Sensitive yet clear-eyed, Clementine tells the fascinating story of a complex woman struggling to maintain her own identity while serving as the conscience and principal adviser to one of the most important figures in history. I was enthralled all the way through." —Lynne Olson, bestselling author of *Citizens of London You Talkin' To Me?* Simon and Schuster

A New York Times bestseller! A New York Times Book Review Notable Book of 2017 A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930's—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his loyalty to his class and party suspect. Orwell was a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in deeds, against the totalitarian threat from both the left and the right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand, had the foresight to see clearly that the issue was human freedom—that whatever its coloration, a government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal*

Farm and 1984 would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in Thomas E. Ricks's masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. Churchill and Orwell is a perfect gift for the holidays!

Talk Like TED Gramercy

An analytical investigation into Prime Minister Winston Churchill's decision-making process during every stage of World War II. When Winston Churchill accepted the position of Prime Minister in May 1940, he insisted in also becoming Minister of Defence. This, though, meant that he alone would be responsible for the success or failure of Britain's war effort. It also meant that he would be faced with many monumental challenges and utterly crucial decisions upon which the fate of Britain and the free world rested. With the limited resources available to the UK, Churchill had to pinpoint where his country's priorities lay. He had to respond to the collapse of France, decide if Britain should adopt a defensive or offensive strategy, choose if Egypt and the war in North Africa should take precedence over Singapore and the UK's empire in the East, determine how much support to give the Soviet Union, and how much power to give the United States in controlling the direction of the war. In this insightful investigation into Churchill's conduct during the Second World War, Allen Packwood, BA, MPhil (Cantab), FRHistS, the Director of the Churchill Archives Centre, enables the reader to share the agonies and uncertainties faced by Churchill at each crucial stage of the war. How Churchill responded to each challenge is analyzed in great detail and the conclusions Packwood draws are as uncompromising as those made by Britain's wartime leader as he negotiated his country through its darkest days.

*Give Your Speech, Change the World* O'Reilly Media

Bundle of leadership books authored by John C. Maxwell. Includes \* 21 Irrefutable Laws \* Developing the Leader Within You \* 17 Indisputable Laws of Teamwork

*Churchill's Shadow: The Life and Afterlife of Winston Churchill* Thomas Nelson

When you speak, whether on stage, in a meeting or on the telephone, do you command the room confidently and naturally? Are you seen as a true leader? Do you get the full respect you deserve and the results you want? If you're like most people, your response to most of these questions is, "No, but I want to!" The reason is in our "blind spot": the gap between how we think we come across when we speak, and how we actually come across to others. Have you ever had an argument in which someone angrily says, "It's not what you said, it's how you said it!"? The truth is that it's both and that's the blind spot. If you've ever been there, then this book is for you. Full of stories, examples, and exercises for you to try, *Speaking to Influence* helps you take the blinders off and see where you're getting in your own way so you can create strong, positive relationships, establish your best reputation, and achieve your greatest goals and purpose.

Why Business People Speak Like Idiots McGraw Hill Professional

Chronicles the amazing predictions that Winston Churchill made throughout his life, including the rise of a Hitler-like figure along with Nazi Germany; the year the Iron Curtain would fall and the Cold War would end; and the exact day of his own death as he entered his final years. 50,000 first printing.

**Eisenhower and Churchill** Penguin

The room darkens and grows hushed, all eyes to the front as the screen comes to life. Eagerly the audience starts to thumb the pages of their handouts, following along breathlessly as the slides go

by one after the other... We're not sure what the expected outcome was when PowerPoint first emerged as the industry standard model of presentation, but reality has shown few positive results. Research reveals that there is much about this format that audiences positively dislike, and that the old school rules of classical rhetoric are still as effective as they ever were for maximizing impact. Renowned communications researcher, consultant, and speech coach Max Atkinson presents these findings and more in a groundbreaking and refreshing approach that highlights the secrets of successful communication, and shows how anyone can put these into practice and become an effective speaker or presenter. Topics Include: DT How to win and hold the attention of audiences; DT Using visual aids and PowerPoint more effectively; DT Getting your message across and winning applause; DT Inspiring audiences; DT How to prepare quickly; DT Fact and fiction about body language and non-verbal communication

[Magic of Impromptu Speaking: Create a Speech That Will Be Remembered for Years in Under 30 Seconds](#) Vintage

It features fully updated chapters on online presentations and using presentation software, and a streamlined chapter on research in print and online.

[The Wit & Wisdom of Benjamin Franklin](#) Regnery Publishing

Have you ever lost out on a promotion? Struggled with a difficult conversation? Been put on the spot and blanked? Imagine if... ..you were better at persuading others and negotiating for what you want. ...you were more fluent at introducing yourself, making conversation, and following up. ...you were better at delivering feedback, receiving criticism, and using positive language. ...you were perceived as more diplomatic and charismatic. Smart Talk applies up-to-date communication research to everyday situations and gives smart, practical, step-by-step directions to achieve results. Smart Talk is no ordinary book— it's the Swiss Army Knife of communication—a comprehensive set of tools to build strong relationships and avoid communication breakdowns. With proven strategies and practical action plans, Smart Talk will help you resolve conflicts, strengthen your natural charisma, and master the art of persuasion. Never again will you dread a holiday party or be rendered speechless at a business meeting. Backed by solid research and written in an engaging narrative style with a warm sense of humor, communication expert Lisa B. Marshall translates her wealth of experience into practical, fresh advice to help you navigate any complex situation, and achieve professional success.

**How Churchill Waged War** Profile Books

Public Speaking is an important skill which anyone can acquire and develop. The book consists of basic principles of effective speaking, technique of effective speaking, and the three aspects of every speech and effective methods of delivering a talk. All this relates to business, social and personal satisfaction which depend heavily upon our ability to communicate clearly to others. A

must read book for effective speaking.

*The Speaker* Author Andrii Sedniev

Rhetoric gives our words the power to inspire. But it's not just for politicians: it's all around us, whether you're buttering up a key client or persuading your children to eat their greens. You have been using rhetoric yourself, all your life. After all, you know what a rhetorical question is, don't you? In this updated edition of his classic guide, Sam Leith traces the art of argument from ancient Greece down to its many modern mutations. He introduces verbal villains from Hitler to Donald Trump - and the three musketeers: ethos, pathos and logos. He explains how rhetoric works in speeches from Cicero to Richard Nixon, and pays tribute to the rhetorical brilliance of AC/DC's "Back In Black". Before you know it, you'll be confident in chiasmus and proud of your panegyrics - because rhetoric is useful, relevant and absolutely nothing to be afraid of.

*Say It Like Obama: The Power of Speaking with Purpose and Vision* McGraw Hill Professional

A New York Times Notable Book of the Year A major reassessment of Winston Churchill that examines his lasting influence in politics and culture. Churchill is generally considered one of the greatest leaders of the twentieth century, if not the greatest of all, revered for his opposition to appeasement, his defiance in the face of German bombing of England, his political prowess, his deft aphorisms, and his memorable speeches. He became the savior of his country, as prime minister during the most perilous period in British history, World War II, and is now perhaps even more beloved in America than in England. And yet Churchill was also very often in the wrong: he brazenly contradicted his own previous political stances, was a disastrous military strategist, and inspired dislike and distrust through much of his life. Before 1939 he doubted the efficacy of tank and submarine warfare, opposed the bombing of cities only to reverse his position, shamelessly exploited the researchers and ghostwriters who wrote much of the journalism and the books published so lucratively under his name, and had an inordinate fondness for alcohol that once found him drinking whisky before breakfast. When he was appointed to the cabinet for the first time in 1908, a perceptive journalist called him "the most interesting problem of personal speculation in English politics." More than a hundred years later, he remains a source of adulation, as well as misunderstanding. This revelatory new book takes on Churchill in his entirety, separating the man from the myth that he so carefully cultivated, and scrutinizing his legacy on both sides of the Atlantic. In effervescent prose, shot through with sly wit, Geoffrey Wheatcroft illuminates key moments and controversies in Churchill's career—from the tragedy of Gallipoli, to his shocking imperialist and racist attitudes, dealings with Ireland, support for Zionism, and complicated engagement with European integration. Charting the evolution and appropriation of Churchill's reputation through to the present day, Churchill's Shadow colorfully renders the nuance and complexity of this giant of modern politics.

[Speak Like Churchill, Stand Like Lincoln](#) A&C Black

Although born and raised more than an ocean apart, Dwight Eisenhower and Winston Churchill—the two titans of the greatest generation—led remarkably parallel lives whose paths would intersect during history's most harrowing days. Through their youth, education, and military training, both men experienced similar triumphs and failures that shaped their lives, though they met only for the first time upon the eve of war in 1941. Eisenhower and Churchill tells the magnificent story of these

two great leaders and their exemplary partnership in war and peace. Through enlivened pages and fascinating anecdotes, author James C. Humes illuminates the human side of each man, who had more in common with each other than a world war. You'll discover the extraordinary stories of how both were born to domineering mothers and failed fathers, both did not qualify for the military academy on the first try, both were traumatized by experiences in World War I, both were talented writers, and both lost a child in the very same year (1921). Remarkably, each man did not warm to the other at first; but as they worked together, their respect for one another grew to become a powerful friendship that lived long after the echoes of war had receded into the past. As allies, they shared a hatred for tyranny and led the world through the greatest war of the twentieth century. As

friends, they shared a sense of trust and cooperation that should be raised as a standard. Containing new research and memorable insights, Eisenhower and Churchill brings to life the two lions of the twentieth century. "Who would not welcome an intimate book about Churchill and Eisenhower, and who is better situated to write it than Professor Humes, who knew them both, and studiously—and ardently—records their careers and their friendship?" —William F. Buckley Jr. "James C. Humes's Eisenhower and Churchill is a wonderful dual biography laced with lively anecdotes, engaging prose, and shrewd analysis. A truly welcome addition to our growing literature on the Second World War." —Douglas Brinkley, professor of history and director of the Eisenhower Center, University of New Orleans
