Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard

motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Suzuki GSX-R600 '01 to '03, GSX-R750 '00 to '03 & GSX-R1000 '01 to '02 Haynes Manuals N. America, Incorporated Whether it's a big-bore, high-end custom sportbike you're after, or a naked, bare knuckles streetfighting drag racer, this book has the goods for getting you there. In three different scenarios, the nation's top builders give blow-by-blow instructions

for completely rebuilding three popular streetbikes -- from performance modifications and exhaust systems to flawless finishes and detail work. Focusing on highly customized Hayabusa drag bikes, including a slammed and lowered Suzuki GSX1300R Hayabusa, John Dantzer of the Charlotte, North Carolina, shop Two Wheel Customs outlines the suspension and engine modifications that the serious street and quarter-mile racer can make. He takes a salvaged, late-model four-cylinder street machine and transforms it into the kind of machine that both professional stunt riders and corner-carving enthusiasts favor. Next, author Mike Seate covers the details on constructing and installing popular modifications -- everything from engine crash guards and wheelie bars to motocross-style handlebars and bikini fairings -- while stunt riders and streetfighter builders from the United States and Europe weigh in with tips and advice. Last but not least, the builders at Wisconsin's Patrick's Performance and South Carolina's Coastal Motorcycles provide a step-by-step account of the construction of two high-end custom

sportbikes -- transforming a Yamaha YZF R-1 and a Suzuki GSX-R 1000 into the kind of machines that are eye-popping everywhere-on the streets or on the motorcycle show circuit.

 Researched and written in Japan with the full co-operation of the factory, here in definitive detail is the story of the two-stroke Suzuki bikes - a series of models that put the company on the map, helping it to survive a difficult era that saw hundreds of Japanese motorcycle makers reduced to just four. Successful immediately, the two-stroke models

defended Suzuki's honour on the tracks as well as in the showrooms, handing the company numerous world championship titles. The series has now been all but killed off, but Suzuki Motorcycles - The Classic Two-stroke Era helps celebrate an era when the two-stroke was king, concentrating on the 1950s through to the late-1970s.

It's good to talk about ministry. It's better to do it, and do it passionately. In 2008, the United Methodist Church lifted up "Four Areas of Focus" for ministry, and

churches have responded. But at Ginghamburg Church, in the rust-belt town of Tipp City, Ohio, the church has been doing exciting and effective ministry in those four areas for 35 years and more. Engaging in Ministry with the Poor Improving Global Health Developing Principled Christian Leaders Creating New and Renewed Congregations The work has led to a host of creative ministries and organic growth...because they were meeting the needs of their community and their world as the hands and feet of Christ. The book comes with a built-in facilitator Guide to encourage pastor peer groups and other leadership groups interested in deepening the discussion.

Rugged Gentlemen will not answer all the

questions that surface in our parenting. I do trust it to open the awareness of simple things, which when done daily, and with a hefty dose of love, will become a starting point to recreate a society determined to develop a healthy mentality of empathy as we learn to fight a growing society rife with self-centered, potentially narcissistic adults. I intend to build an awareness of what lies before us if we continue to turn our heads and to participate in developing a new attitude: proudly show we focus more on the kind of children we are leaving the world, than the world we seek to leave them.
