 Do you want to manifest great wealth, health, success, freedom or love? This is exactly what you need. In this highly inspirational work, the author offers a model that facilitates understanding of the language of Manifestation. Exploring ancient and contemporary wisdoms, certain faiths and ancient practices and philosophies, valuable lessons learnt through extremely harsh life experiences (including the author's own death experience), as well as long years of research, it includes systematic tools and methods to manifesting anything one desires to show up in his/her life. The

author shares comprehensive step-by-step tools that she has personally applied throughout her spiritual journey and beyond to conquer extreme challenges and transform her life. This practical self-help guide will change your life forever! Here is what you will learn as you read this:

- How to heal your past and be forever free;
- How to make minor transformations on the soul level that will result in major transformations in the physical reality;
- How the Law of Attraction really works;
- how powerful emotions are in the manifestation work and how to conquer them;
- the real principle behind affirmations and how to use them efficiently;
- how to balance your energy centres (chakras) and raise your vibrations;
- how to manifest anything using clear step-by-step tools and methods.

The Magic in Your Mind Simon and Schuster

A captivating first-person look at one of the world's most powerful prosperity dynasties that offers a unique perspective on greed, the Church, and the journey toward Truth. Millions desperate for hope and solutions are enticed by the promise of the prosperity gospel--that God will do whatever they need with just a little faith and a financial gift. All the while, prosperity preachers exploit the poor and needy to stockpile their riches. What can followers of the true gospel do to combat the deception? Through a remarkable and fascinating journey, Costi Hinn went from a next-generation prosperity preacher to the first to abandon the family faith and share the true gospel. Nephew of the world-famous televangelist, Benny Hinn, Costi had a front-row seat to the inner

workings and theology of the prosperity gospel. But as Costi's faith deepened, so did his questions about prosperity teaching. As the deceptions in his past were exposed, Costi came face to face with the hypocrisy and devastation caused by his belief system, and the overwhelming truth about the real Jesus Christ. This captivating look into the daily lives of one of the world's leading prosperity dynasties offers a thoughtful perspective on the perils of greed, the power of the true gospel, and hope for the future of the global church. Through real-life stories, Costi challenges and equips readers to be living lights pointing the way to the true gospel and the saving grace of Christ. *God, Greed, and the (Prosperity) Gospel* will bolster your faith and encourage your own journey toward the Truth. We ask you to read the whole programme before doing the meditations so that you can better understand the information. The information you are about to read is of little value if you do not put it into practice. You must do your part. Anything worth having is worth working for. This program will really change your life if you are willing to practice it consciously. The mind can give us anything we ask for. Man uses a tenth of his consciousness and, at most, a tenth of his abilities. Every human being has enormous latent powers in his subconscious mind. It is really unfortunate that most people are not taught how to use this power. Are you ready to get in

touch with your subconscious mind and achieve miraculous results in your life? You must be "ready" to receive new knowledge. You must "open" your mind to new ideas. You have to "visualize". You have to "imagine" the knowledge "flowing" inside you.

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch

At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry

1907. This magical little book tells how one man, of less than average ability, and who had failed over and over again in all he did, discovered and began using Universal Principles. By doing so he was able to totally turn his life around. Bruce MacLelland shares how to use his Universal Principles in your own life. In this book he discusses: how your mind works; how to develop and use determination, concentration, introspection and autosuggestion; how to use the law of vibration; how to use the law of imagination; and utilizing of the law of attraction. Reading this book could change your life! See other titles by this author available from Kessinger Publishing. *One Belief Away!* New World Library Winner of the 2019 Pulitzer Prize for General Nonfiction In *Amity and Prosperity*, the prizewinning poet and journalist Eliza Griswold tells the story of the energy boom's impact on a small town at the edge of Appalachia and one woman's transformation from a struggling single parent to an unlikely activist. Stacey Haney is a local nurse working hard to

raise two kids and keep up her small farm when the fracking boom comes to her hometown of Amity, Pennsylvania. Intrigued by reports of lucrative natural gas leases in her neighbors' mailboxes, she strikes a deal with a Texas-based energy company. Soon trucks begin rumbling past her small farm, a fenced-off drill site rises on an adjacent hilltop, and domestic animals and pets start to die. When mysterious sicknesses begin to afflict her children, she appeals to the company for help. Its representatives insist that nothing is wrong. Alarmed by her children's illnesses, Haney joins with neighbors and a committed husband-and-wife legal team to investigate what's really in the water and air. Against local opposition, Haney and her allies doggedly pursue their case in court and begin to expose the damage that's being done to the land her family has lived on for centuries. Soon a community that has long been suspicious of outsiders faces wrenching new questions about who is responsible for their fate, and for redressing it: The faceless corporations that are poisoning the land? The environmentalists who fail to see their economic distress? A federal government that is mandated to protect but fails on the job? Drawing on seven years of immersive reporting, Griswold reveals what happens when an imperiled town faces a crisis of values, and a family wagers everything on an improbable quest for justice.

There's Gold Dust in the Air for You! This book is the result of several recent recessions and many years of lean living. Nobody likes recessions and nobody likes lean living-and indeed nobody should like them. For fifteen years I tried to find such a book as this one. During those years of

searching the book shelves, I found that there are many books which give various success ideas, but in none of them did I find a set of compact, simple laws for assuring success. I began searching for a book such as this after having been widowed and left with a small son to rear and educate. Since I had no training for work and no means of income, I would have given anything to have known then about the power of prosperous thinking. As soon as I grasped this wonderful success secret, the tide began to change! As you begin reading this book, no matter what the conditions of your life may now be, do so in this attitude of mind: There is gold dust in the air--for me... Get Your Copy Now.

There's Gold Dust in the Air for You! This book is the result of several recent recessions and many years of lean living. Nobody likes recessions and nobody likes lean living--and indeed nobody should like them. For fifteen years I tried to find such a book as this one. During those years of searching the book shelves, I found that there are many books which give various success ideas, but in none of them did I find a set of compact, simple laws for assuring success. I began searching for a book such as this after having been widowed and left with a small son to rear and educate. Since I had no training for work and no means of income, I would have given anything to have known then about the power of prosperous thinking. For a while I experienced depression, ill health, loneliness, financial lack and a sense of complete failure. It seemed that the whole world was against me, and that everything I did went wrong. But with my son to provide for, I could not settle for failure. I had to succeed for his sake as well as for my own. Finally, when I was at my lowest ebb emotionally, physically, and financially, I learned about the power of thought as an instrument for success or failure. I came to realize that failure is basically the result of failure thinking. I learned that the right use of my mind could become the key to healthy, happy, prosperous, successful living. As soon as I grasped this wonderful success secret, the tide began to change! The Birth of Prosperous Thinking You've heard much in recent years about positive thinking. Out of the recessions and lean years another term has been born--"prosperous thinking." The word "prosper" means "to flourish, succeed, thrive, to experience favorable results." You are prosperous to the degree that you are experiencing

peace, health, and plenty in your world.

While prosperous thinking means many things to people, basically it gives you the power to make your dreams come true, whether those dreams are concerned with better health, increased financial success, a happier personal life, more education and travel, or a deeper spiritual life. This book plainly shows how prosperous thinking has helped people in every walk of life to experience these results.

Furthermore, it shows how prosperous thinking can do these things for you, too! As you read this book, chapter by chapter, you will automatically begin to develop the power of prosperous thinking and, almost as easily, you will begin to reap a harvest of prosperous results. The Salesman with the Golden Touch Years ago, a salesman used the power of prosperous thinking, although he may not consciously been aware of it. When people asked him, "How's business?" he always gave this standard answer: "Business is wonderful because there's gold dust in the air!" For him it certainly seemed to be so--every contact became a sale. After a while, whenever his name was mentioned, people always said, "Yes, everything he touches turns to gold." That salesman was right. There is gold dust in the air--for you, for me, for everyone. Psychologists and metaphysicians know about the gold dust. They declare that man forms his world from the rich, unlimited substance within him and around him through his thoughts, emotions, words and actions. And so let us proceed in confidence, knowing that there is gold dust in the air--and that there is gold dust everywhere. As you begin reading this book, no matter what the conditions of your life may now be, do so in this attitude of mind: There is gold dust in the air--for me. Now proceed quickly to the following pages where you will learn the exciting gold dust secrets of countless others. (from the Introduction)
