A restlessness born of guilt and despair leads Ravi to embark on a journey that ends in the remote village of Khasak in the picturesque Palghat countryside in Kerala. A land from the past, potent with dreams and legends, enfolds the traveller in a powerful and unsettling embrace. Ravi is bewitched and entranced as everything around him—the villagers; their children whom he teaches in a makeshift school; the elders who see him as a threat; the toddy-tappers; the shamans—takes on the quality of myth. And then reality, painful and threatening, begins to intrude on the sojourner's

resting place and Ravi begins to understand that there is no escape from the relentless dictates of karma... Often poetic and dark, always complex and rich, *The Legends of Khasak*, O.V. Vijayan's much-acclaimed first novel, translated into English by the author, is an extraordinary achievement *Literature into Film* OUP India

For most people, film adaptation of literature can be summed up in one sentence: "The movie wasn't as good as the book." This volume undertakes to show the reader that not only is this evaluation not always true but sometimes it is intrinsically unfair. Movies based on literary works, while often billed as adaptations, are more correctly termed translations. A director and his actors translate the story from the written page into a visual presentation. Depending on the form of the original text and the chosen method of translation, certain inherent difficulties and pitfalls are associated with this change of medium. So often our reception of a book-based movie has more to do with our expectations and reading of the literature than with the job that the movie production did or did not do. Avoiding these biases and fairly evaluating any particular literary-based film takes an awareness of certain factors. Written with a formalistic rather than historical approach, this work presents a comprehensive guide to literature-based films, establishing a contextual and theoretical basis to help the reader understand the relationships between such movies and the original texts as well as the reader's own individual responses to these productions. To this end, it focuses on recognizing and appreciating the inherent difficulties encountered when basing a film on a literary work, be it a novel, novella, play or short story. Individual chapters deal with the specific issues and difficulties raised by each of these genres, providing an overview backed up by case studies of specific film translations. Films and literary works

receiving this treatment include *The Unbearable Lightness of Being*, *The Manchurian Candidate* (1962), *Lady Windemere's Fan* by Oscar Wilde and Shakespeare's *Henry V*. Interspersed throughout the text are suggestions for activities the film student or buff can use to enhance his or her appreciation and understanding of the films. Instructors considering this book for use in a course may request an examination copy here.

"...There will be signs in the sun, in the moon, and in the stars...Now when these things begin to happen, look up and lift up your heads, because your redemption draws near." Luke 21:25a, 28 It is rare that Scripture, science, and history align with each other, yet the last three series of *Four Blood Moons* have done exactly that. Are these the "signs" that God refers to in His Word? If they are, what do they mean? What is their prophetic significance?

Disability in Translation Sahitya Akademi

Intellectual disability is often overlooked within mainstream disability studies, and theories developed about disability and physical impairment may not always be appropriate when thinking about intellectual (or learning) disability. This pioneering book, in considering intellectually disabled people's lives, sets out a care ethics model of disability that outlines the emotional caring sphere, where love and care are psycho-socially questioned, the practical caring sphere, where day-to-day care is carried out, and the socio-political caring sphere, where social intolerance and aversion to difficult differences are addressed. It does so by discussing issue-based everyday life, such as family, relationships, media representations and education, in an evocative and creative manner. This book draws from an understanding of how intellectual disability is represented in all forms of media, a feminist ethics of care, and capabilities, as well as other theories, to provide a critique and alternative to the social model of disability as well as illuminate care-less spaces that inhabit all the caring spheres. The first two chapters of the book provide an overview of intellectual disability, the debates surrounding disability, and outline the model. Having begun to develop an innovative theoretical framework for understanding intellectual disability and being human, the book then moves onto empirical and narrative driven issue-based chapters. The following chapters build on the emergent framework and discuss the application of particular theories in three different substantive areas: education, mothering and sexual politics. The concluding remarks draw together the common themes across the applied chapters and link them to the overarching theoretical framework. An important read for all those studying and researching intellectual or learning disability, this book will be an essential resource in sociology, philosophy, criminology (law), social work, education and nursing in particular.

Najeeb's dearest wish is to work in the Gulf and earn enough money to send back home. He achieves his dream only to be propelled by a series of incidents, grim and absurd, into a slave-like existence herding goats in the middle of the Saudi desert. Memories of the lush, verdant landscape of his village and of his loving family haunt Najeeb whose only solace is the companionship of goats. In the end, the lonely young man contrives a hazardous scheme to escape his desert prison. *Goat Days* was published to acclaim in Malayalam and became a bestseller. One of the brilliant new talents of Malayalam literature, Benyamin's wry and tender telling transforms this strange and bitter comedy of Najeeb's life in the desert into a universal tale of loneliness and alienation.

K.T.N. Kottoor was activist, lover, communist, friend, saint, sinner – but, above all, he was a writer... Born into a family of rural wealth and near-feudal influence in a village nestled in British Malabar, Koyiloth Thazhe Narayanan Kottoor knows little of want. But as a patriotic fervour grips the country in the last decades of the Raj, a veritable avalanche of new ideas and ideals shapes the young KTN. As he grows from a boy who takes to writing not only as art but also as a tool of social change, to an activist enamoured of varying philosophies and enmeshed in India's freedom struggle, he grapples with hardship, love, lust and a search for meaning in a reality that forever disappoints. His is a tale both deeply personal and political – tracing a web of caste, sexuality and ideology, while also navigating the struggles of a man coming to terms with himself as a writer and as an individual. Award-winning author Thachom Poyil Rajeevan weaves a magical almost-biography of a fictional writer, one inhabited by goddesses and ghosts, a fortune-telling parrot, dead humans in the avatar of crows, and a blind woman who hears – and sees – better than anyone else. Masterfully translated from the original Malayalam, *The Man Who Learnt to Fly but Could Not Land* is a poignant exploration of the power of writing, the chaos of a country's rebirth and the life of an idealist caught up in the maelstrom.

While it is often said that a person with a negative attitude cannot be helped, it is also true that a person with a positive attitude cannot be stopped. Life is an obstacle course in which we can often become our own biggest obstacle, but a positive attitude can be transformational. In one sense, this book is a road map for a life journey in achieving more. It offers direction and can help you make positive decisions in a noisy and cluttered environment. Success is neither a miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis. Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action. This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes. The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment but, once

learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.

On 6 December 1959, Prime Minister Jawaharlal Nehru went to Dhanbad district in Jharkhand to inaugurate the Panchet Dam across the Damodar river. A fifteen-year-old girl, Budhini, chosen by the Damodar Valley Corporation welcomed him with a garland and placed a tikka on his forehead. When these ceremonial gestures were interpreted as an act of matrimony, the fifteen-year-old was ostracized by her village and let go from her job as a construction worker, citing violation of Santal traditions. Budhini was outlawed for 'marrying outside her community'. Budhini Mejhan's is the tale of an uprooted life, told here through the contemporary lens of Rupī Murmu, a young journalist distantly related to her and determined to excavate her story. In this reimagined history, Sarah Joseph evokes Budhini with vigour, authority and panache, conjuring up a robust and endearing feminine character and reminding us of the lives and stories that should never be forgotten. Translated by her daughter, Sangeetha Sreenivasan, a fiercely individualistic novelist herself, Sarah Joseph's Budhini powerfully invokes the wider bio-politics of our relentless modernization and the dangers of being indifferent to ecological realities.

Kerala, on the south-western coast of India, was described as late as 1838, as 'God's Garden' by German missionary and scholar, Hermann Gundert. Even as this land continues to sustain its reputation, little is known about its social and cultural ethos. *Lore and Legends of Kerala* is a distillation of 48 of the most sparkling of the 800 or so stories that form Aithiyamala, the definitive collection of the myths and social history of Kerala.Aithiyamala, which was first published in 1909, is a compilation of narratives that were recorded by Kottarathil Sankunni and published by the Malayala Manorama newspaper and its literary journal Bhashaposhini. Peopled by sorcerers, spirits, dynamic women, and snakes and elephants, the stories of this grand collection explore universal human values like faith, commitment to spirituality, respect for elders, reverence for parents and mentors, love for the young, and compassion for dependants. Significantly, the stories range across all the religious groups of Kerala.A representative selection of the themes and stories of this classic work, this book includes illustrations by leading Malayalee artists C.N. Karunakaran and Namboodiri. **The War of Art** D C Books

This book provides a pioneering and provocative exploration of the rich synergies between adaptation studies and translation studies and is the first genuine attempt to discuss the rather loose usage of the concepts of translation and adaptation in terms of theatre and film. At the heart of this collection is the proposition that translation studies and adaptation studies have much to offer each other in practical and theoretical terms and can no longer exist independently from one another. As a result, it generates productive ideas within the contact zone between these two fields of study, both through new theoretical paradigms and detailed case studies. Such closely intertwined areas as translation and adaptation need to encounter each other's methodologies and perspectives in order to develop ever more rigorous approaches to the study of adaptation and translation phenomena, challenging current assumptions and prejudices in terms of both. The book includes contributions as diverse yet interrelated as Bakhtin's notion of translation and adaptation, Bollywood adaptations of Shakespeare's *Othello*, and an analysis of performance practice, itself arguably an adaptive practice, which uses a variety of languages from English and Greek to British and International Sign-Language. As translation and adaptation

practices are an integral part of global cultural and political activities and agendas, it is ever more important to study such occurrences of rewriting and reshaping. By exploring and investigating interdisciplinary and cross-cultural perspectives and approaches, this volume investigates the impact such occurrences of rewriting have on the constructions and experiences of cultures while at the same time developing a rigorous methodological framework which will form the basis of future scholarship on performance and film, translation and adaptation.

In this delightful book on society's most debated institution, Shobhaa Dé writes about how and why marriages work-or don't. With her usual disregard for rules, she reinvents tradition and challenges old stereotypes, addressing all the issues that are central to most Indian marriages: the saas-bahu conundrum (how to escape the role-trap and enjoy each other), the need for honesty (aren't some secrets better left secret?), the importance of romance (no, expressions of love are not unmanly!), and not any less important, how to recognize the warning signs in a hopeless relationship and run before it's too late. Fun, savvy and, above all, pragmatic, this is the ultimate relationship book for all those who want to make the adventure of marriage last a lifetime.
