ANGIE DESHAWN

Three Women Vintage

From #1 New York Times bestselling author Jason Reynolds, a “funny and rewarding” (Publishers Weekly) coming-of-age novel about friendship and loyalty across neighborhood lines and the hardship of life for an urban teen. A lot of the stuff that gives my neighborhood a bad name, I don’t really mess with. The guns and drugs and all that, not really my thing. Nah, not his thing. Ali’s got enough going on, between school and boxing and helping out at home. His best friend Noodles, though. Now there’s a dude looking for trouble—and, somehow, it’s always Ali around to pick up the pieces. But, hey, a guy’s gotta look out for his boys, right? Besides, it’s all small potatoes; it’s not like anyone’s getting hurt. And then there’s Needles. Needles is Noodles’s brother. He’s got a syndrome, and gets these ticks and blurts out the wildest, craziest things. It’s cool, though: everyone on their street knows he doesn’t mean anything by it. Yeah, it’s cool...until Ali and Noodles and Needles find themselves somewhere they never expected to be...somewhere they never should’ve been—where the people aren’t so friendly, and even less forgiving.

The Greatest: My Own Story Simon and Schuster

Fifteen-year-old Fawad has big dreams about being the world’s first Pakistani to be drafted into the NBA. A first-generation Pakistani coming-of-age story for fans of David Yoon and Ben Philippe. Fifteen-year-old Fawad Chaudhry loves two things: basketball and his mother’s

potato and ground-beef stuffed parathas. Both are round and both help him forget about things like his father, who died two years ago, his mother’s desire to arrange a marriage to his first cousin, Nusrat, back home in Pakistan, and the tiny apartment in Regent Park he shares with his mom and sister. Not to mention his estranged best friend Yousuf, who’s coping with the shooting death of his older brother. But Fawad has plans: like, asking out Ashley, even though she lives on the other, wealthier side of the tracks, and saving his friend Arif from being beaten into a pulp for being the school flirt, and making the school basketball team and dreaming of being the world’s first Pakistani to be drafted into the NBA. All he has to do now is convince his mother to let him try out for the basketball team. And let him date girls from his school. Not to mention somehow get Omar, the neighborhood bully, to leave him alone .

 Publishers Weekly In a profound work
 that pivots from the biggest questions
 about American history and ideals to the
 most intimate concerns of a father for
 his son, Ta-Nehisi Coates offers a
 powerful new framework for
 understanding our nation's history and
 current crisis. Americans have built an
 empire on the idea of "race," a
 falsehood that damages us all but falls
 most heavily on the bodies of black
 women and men—bodies exploited
 through slavery and segregation, and,
 today, threatened, locked up, and
 murdered out of all proportion. What is it
 like to inhabit a black body and find a
 way to live within it? And how can we all
 honestly reckon with this fraught history
 and free ourselves from its burden?
 Between the World and Me is Ta-Nehisi
 Coates's attempt to answer these
 questions in a letter to his adolescent
 son. Coates shares with his son—and
 readers—the story of his awakening to
 the truth about his place in the world
 through a series of revelatory
 experiences, from Howard University to
 Civil War battlefields, from the South
 Side of Chicago to Paris, from his
 childhood home to the living rooms of
 mothers whose children's lives were
 taken as American plunder. Beautifully
 woven from personal narrative,
 reimagined history, and fresh,
 emotionally charged reportage, *Between
 the World and Me* clearly illuminates the
 past, bracingly confronts our present,
 and offers a transcendent vision for a
 way forward.

The Greatest: Muhammad Ali Simon and Schuster

In his own words, the heavyweight champion of the world pulls no punches as he chronicles the battles he faced in and out of the ring in this fascinating memoir edited by Nobel Prize-winning novelist, Toni Morrison. Growing up in the South, surrounded by racial bigotry and discrimination, Ali fought not just for a living, but also for respect and rewards far more precious than money or glory. He was named Sportsman of the Century by Sports Illustrated and the BBC. Ali redefined what it meant to be an athlete by giving hope to millions around the world and inspiring us all to fight for what is important to us. This is a multifaceted portrait of Muhammad Ali

only he could render: sports legend; unapologetic anti-war advocate; outrageous showman and gracious goodwill ambassador; fighter, lover, poet, and provocateur; an irresistible force to be reckoned with. Who better to tell the tale than the man who went the distance living it?

The True Story of a Lone Genius Who Solved the Greatest Scientific Problem of His Time Disney Electronic Content

The dramatic human story of an epic scientific quest and of one man's forty-year obsession to find a solution to the thorniest scientific dilemma of the day-- "the longitude problem." Anyone alive in the eighteenth century would have known that "the longitude problem" was the thorniest scientific dilemma of the day-and had been for centuries. Lacking the ability to measure their longitude, sailors throughout the great ages of

exploration had been literally lost at sea as soon as they lost sight of land. Thousands of lives and the increasing fortunes of nations hung on a resolution. One man, John Harrison, in complete opposition to the scientific community, dared to imagine a mechanical solution-- a clock that would keep precise time at sea, something no clock had ever been able to do on land. Longitude is the dramatic human story of an epic scientific quest and of Harrison's forty-year obsession with building his perfect timekeeper, known today as the chronometer. Full of heroism and chicanery, it is also a fascinating brief history of astronomy, navigation, and clockmaking, and opens a new window on our world.

We stand in the back of the hall as the children troop in. Big ones, little ones. Straggly hair, cropped hair, curls... the adults surge forward to choose and soon there is just one child left, a little girl sitting on the floor. She is thin as a string bean and her sleeve is ragged and damp – like she's been chewing it. 1939. War has broken out – hundreds of children are evacuated to the countryside to keep them safe from the bombs raining down on the cities. Wrenched from her family in the East End and sent more than a hundred miles away, seven-year-old Pearl Posner must adapt to a new life away from everything familiar. Vivienne didn't ask for an evacuee child. In fact, she's not sure her heart can take it. So many years, so many disappointments... Vivi's ability to feel love left her the day she learned the truth about her husband Edmund, and when she made the worst decision of her life and left her cherished sister to her fate. But like it or not, Pearl is here to stay, and what with the rumours about what's happening to children in mainland Europe, it might be the last safe place for her. As Pearl and Vivi learn how to live together, they discover that they have a connection that runs more deeply than they could ever have guessed – from before Pearl was born, and deep into Vivienne's past. And will it be Pearl – the little girl who says so little and sees so much – who forces Vivi to finally confront what happened in her marriage... and to the long-lost sister she loved so dearly and let fall so far, just when she needed Vivi most?
