Samuel Langhorne Clemens (1835-1910), better known by his pen name Mark Twain, was an American writer, humorist, entrepreneur, publisher and lecturer. **STIFF SENTENCE** Westview Press \*\*\* Wall Street Journal and USA Today best seller! \*\*\* While more and more people each day become aware of the dangerous world of human trafficking, most people in the U.S. still believe this is something that happens to foreign women, men, and children--not something that happens to their own. In this powerful true story,

Theresa L. Flores shares how her life as an All-American, blonde-haired 15-year-old teenager who could have been your neighbor was enslaved into the dangerous world of sex trafficking while living in an upper-middle class suburb of Detroit. Her story peels the cover off of this horrific criminal activity and gives dedicated activists as well as casual bystanders a glimpse into the underbelly of trafficking. And it all happened while living at home without her parents ever knowing about it. Involuntarily involved in a large underground criminal ring, Ms. Flores endured more as a child than most adults will ever face their entire lives. In this book, Ms. Flores discusses how she healed the wounds of sexual servitude and offers advice to parents and professionals on preventing this from occurring again, educating and presenting significant facts on human trafficking in modern day America.

The Complete Works of Joseph Conrad: 20 Novels & 26 Short Stories (Including Memoirs, Essays & Letters in One Single Edition) Olof Eriksen

In a heart-wrenching, candid autobiography, a human rights activist offers a firsthand account of war from the perspective of a former child soldier, detailing the violent civil war that wracked his native Sierra Leone and the government forces that transformed a gentle young boy into a killer as a member of the army. 75,000 first printing.

The Itinerant, Or Memoirs of an Actor. Vol. IV[-VI] e-artnow

First published in 1949 (this edition in 1968), this book is a dictionary of the past, exploring the language of the criminal and near-criminal worlds. It includes entries from Australia, New Zealand, Canada and South Africa, as well as from Britain and America and offers a fascinating and unique study of language. The book provides an invaluable insight into social history, with the British vocabulary dating back to the 16th century and the American to the late 18th century. Each entry comes complete with the approximate date of origin, the etymology for each word, and a note of the milieu in which the expression arose.

Memoirs of an Immigrant

Russell Brand grew up in Essex. His father left when he was three months old, he was bulimic at 12 and left school at 16 to study at the Italia Conti stage school. There, he began drinking heavily and taking drugs. He regularly visited prostitutes in Soho,

began cutting himself, took drugs on stage during his stand-up shows, and even set himself on fire while on crack cocaine. He has been arrested 11 times and fired from 3 different jobs including from XFM and MTV and he claims to have slept with over 2,000 women. In 2003 Russell was told that he would be in prison, in a mental hospital or dead within six months unless he went in to rehab. He has now been clean for three years. In 2006 his presenting career took off, and he hosted the NME awards as well as his own MTV show, 1 Leicester Square, plus Big Brother's Big Mouth on Channel 4. His UK stand-up tour was sold out and his BBC Radio 6 show became a cult phenomenon, the second most popular podcast of the year after Ricky Gervais. He was awarded Time Out's Stand Up Comedian of the Year and won Best Newcomer at the British Comedy Awards. In 2007 Russell hosted both the Brit Awards and Comic Relief, and continued to front Big Brother's Big Mouth. His BBC2 radio podcast became the UK's most popular. Russell writes a weekly football column in the Guardian and is the patron of Focus 12, a charity helping people with alcohol and substance misuse.

Simon and Schuster

A yet heartbreakingly honest, endearing memoir of incredible weight loss by a young food blogger who battles body image issues and overcomes food addiction to find self-acceptance. All her life, Andie Mitchell had eaten lustily and mindlessly. Food was her babysitter, her best friend, her confidant, and it provided a refuge from her fractured family. But when she stepped on the scale on her twentieth birthday and it registered a shocking 268 pounds, she knew she had to change the way she thought about food and herself; that her life was at stake. *It Was Me All Along* takes Andie from working class Boston to the romantic streets of Rome, from morbidly obese to half her size, from seeking comfort in anything that came cream-filled and two-to-a-pack to finding balance in exquisite (but modest) bowls of handmade pasta. This story is about much more than a woman who loves food and abhors her body. It is about someone who made changes when her situation seemed too far gone and how she discovered balance in an off-kilter world. More than anything, though, it is the story of her finding beauty in acceptance and learning to love all parts of herself.

The Memoirs of James, Marquis of Montrose, 1639-1650 e-artnow

A collection in eight volumes of the novels and memoirs of William Godwin, one of the

foremost philosophers and radical thinkers of his age. There is a general introduction covering Godwin's life and literary works and each volume is prefaced by a scholarly introduction.

**Memoirs of Jane Cameron** Taylor & Francis

"Gorgeous, vividly alive." —The New York Times "Soul-stretching, breathtaking...A game-changing gift to readers." —Booklist (starred review) From Chloé Cooper Jones—Pulitzer Prize finalist, philosophy professor, Whiting Creative Nonfiction Grant recipient—an "exquisite" (Oprah Daily) and groundbreaking memoir about disability, motherhood, and the search of a new way of seeing and being seen. "I am in a bar in Brooklyn, listening to two men, my friends, discuss whether my life is worth living." So begins Chloé Cooper Jones's bold, revealing account of moving through the world in a body that looks different than most. Jones learned early on to factor "pain calculations" into every plan, every situation. Born with a rare congenital condition called sacral agenesis which affects both her stature and gait, her pain is physical. But there is also the pain of being judged and pitied for her appearance, of being dismissed as "less than." The way she has been seen—or not seen—has informed her lens on the world her entire life. She resisted this reality by excelling academically and retreating to "the neutral room in her mind" until it passed. But after unexpectedly becoming a mother (in violation of unspoken social taboos about the disabled body), something in her shifts, and Jones sets off on a journey across the globe, reclaiming the spaces she'd been denied, and denied herself. From the bars and domestic spaces of her life in Brooklyn to sculpture gardens in Rome; from film festivals in Utah to a Beyoncé concert in Milan; from a tennis tournament in California to the Killing Fields of Phnom Penh, Jones weaves memory, observation, experience, and aesthetic philosophy to probe the myths underlying our standards of beauty and desirability and interrogates her own complicity in upholding those myths. "Bold, honest, and superbly well-written" (Andre Aciman, author of *Call Me By Your Name*) *Easy Beauty* is the rare memoir that has the power to make you see the world, and your place in it, with new eyes. *Easy Beauty* Macmillan

Ludic Ubuntu Ethics develops a positive peace vision, taking a bold look at African

and Indigenous justice practices and proposes new relational justice models. 'Ubuntu' signifies shared humanity, presenting us a sociocentric perspective of life that is immensely helpful in rethinking the relation of offender and victim. In this book, Nagel introduces a new theoretical liberation model—ludic Ubuntu ethics—to showcase five different justice conceptions through a psychosocial lens, allowing for a contrasting analysis of negative Ubuntu (eg., through shaming and separation) towards positive Ubuntu (eg., mediation, healing circles, and practices that no longer rely on punishment). Providing a novel perspective on penal abolitionism, the volume draws on precolonial (pre-carceral) Indigenous justice perspectives and Black feminism, using discourse analysis and a constructivist approach to justice theory. Nagel also introduces readers to a post secular turn by taking seriously the spiritual dimensions of healing from harm and highlighting the community's response. Spanning disciplinary boundaries and aimed at readers seeking to understand how to move beyond reintegrative shaming and restorative justice theories, the volume will engage scholars of criminology, philosophy and law, and more specifically penal abolitionism, social ethics, peace studies, African studies, critical legal studies, and human rights. It will also be of great interest to practitioners and activists in restorative justice, mediation, social work, and performance studies.

**The Complete Works of Mark Twain: Novels, Short Stories, Memoirs, Travel Books, Letters & More (Illustrated)** Trafford Publishing

The last "Indian War" was fought against Native American children in the dormitories and classrooms of government boarding schools. Only by removing Indian children from their homes for extended periods of time, policymakers reasoned, could white "civilization" take root while childhood memories of "savagism" gradually faded to the point of extinction. In the words of one official: "Kill the Indian and save the man." Education for Extinction offers the first comprehensive account of this dispiriting effort. Much more than a study of federal Indian policy, this book vividly details the day-to-day experiences of Indian youth living in a "total institution" designed to reconstruct them both psychologically and culturally. The assault on identity came in many forms: the shearing off of braids, the assignment of new names, uniformed drill routines, humiliating punishments, relentless attacks on native religious beliefs, patriotic indoctrinations,

suppression of tribal languages, Victorian gender rituals, football contests, and industrial training. Especially poignant is Adams's description of the ways in which students resisted or accommodated themselves to forced assimilation. Many converted to varying degrees, but others plotted escapes, committed arson, and devised ingenious strategies of passive resistance. Adams also argues that many of those who seemingly cooperated with the system were more than passive players in this drama, that the response of accommodation was not synonymous with cultural surrender. This is especially apparent in his analysis of students who returned to the reservation. He reveals the various ways in which graduates struggled to make sense of their lives and selectively drew upon their school experience in negotiating personal and tribal survival in a world increasingly dominated by white men. The discussion comes full circle when Adams reviews the government's gradual retreat from the assimilationist vision. Partly because of persistent student resistance, but also partly because of a complex and sometimes contradictory set of progressive, humanitarian, and racist motivations, policymakers did eventually come to view boarding schools less enthusiastically. Based upon extensive use of government archives, Indian and teacher autobiographies, and school newspapers, Adams's moving account is essential reading for scholars and general readers alike interested in Western history, Native American studies, American race relations, education history, and multiculturalism.

Indian Army e-artnow

The Broadway Books Library of Larceny Luc Sante, General Editor For more than fifty years, Willie Sutton devoted his boundless energy and undoubted genius exclusively to two activities at which he became better than any man in history: breaking in and breaking out. The targets in the first instance were banks and in the second, prisons. Unarguably America's most famous bank robber, Willie never injured a soul, but took on almost a hundred banks and departed three of America's most escape-proof penitentiaries. This is the stuff of myth—rascally and cautionary by turns—yet true in every searing, diverting, and brilliantly recalled detail.

The Memoirs of Jin Luxian Routledge

A pioneering philanthropist and daughter of American royalty reveals what it was like to grow up in one of the world's most famous families. The great-granddaughter of John D. Rockefeller, Eileen Rockefeller learned in childhood that while wealth and fame could open any door, they could not buy a feeling of personal worth. The privileges of having servants and lavish summer homes were offset by her parents' thoughtful yet firm lessons in social obligation, at times by her mother's dark depressions and mercurial moods, and the competition for attention among her siblings. In adulthood, Rockefeller has yearned to be seen not as an icon but as a woman and mother with a normal life, and like all of us, she had to learn to find her own way. Being a Rockefeller, *Becoming Myself* is an affirmation of how family shapes our identity and the ways we contribute to the larger family of life, regardless of our origins.

*It Was Me All Along* Leo Cooper Books Annotation A masterpiece of modern Yiddish literature, the first volume of memoirs by Yekhezkel Kotik, translated into English and annotated.

A Memoir of Maria Edgeworth Routledge

This set reissues important selected works by Eric Partridge, covering the period from 1933 to 1968. Together, the books look at many and diverse aspects of language, focusing in particular on English. Included in the collection are a variety of insightful dictionaries and reference works that showcase some of Partridge's best work. The books are creative, as well as practical, and will provide enjoyable reading for both scholars and the more general reader, who has an interest in language and linguistics.

The Slave Across the Street Taylor & Francis

The late James Mahoney went overseas in the spring of 1944 as the leader of one of

the four bomb squadrons in a B-24 bomb group (the original 492nd) which endured extraordinary losses for 89 days of operation before being disbanded. The enduring mystery of why such an exceptionally well qualified and prepared group suffered so singularly is one of many significant themes he addresses in his 52 vignettes. Mahoney was reassigned to a bomb group with much better luck (the 467th), and finished the war as their Deputy Commander. As both a 'man among men' and a recognized natural leader, he was positioned to note character and ability, and took it as his charge to develop both of these in the course of administering to the technical and demanding business of a combat organization comprising 3,000 souls. Later in life, wanting to make sense of what he experienced and to record the terrific sacrifice of his peers, he distilled and organized his memories. Overcoming his natural reticence to show his hand emotionally, and fearful that grisly accounts might register as sensational horror instead of sobering lesson, he labored carefully to build for his readers a rich context for his 'war stories'. These memoirs take the reader through the methodology and equipment of aviation and strategic bombing in the era before stand-off weaponry, when hundreds of planes at a time, each with ten-man crews, flew in unpressurized planes through flak and fighter filled skies for hours at a time at 40 degrees below zero, to bomb targets in Hitler-occupied Europe. He introduces the reader to his acquaintances and friends, commanders and charges - a range of memorable rascals, unforgettable heroes, and ordinary mortals showing their true mettle and courage under dire circumstances. Jim Mahoney's account of his 13 months in combat is an engaging mix of timeless morals and enduring humor. The big themes are laid out with common sense, while the practical joke, the stroke of genius, or personal quirk are offered as clear windows to the host of characters and their relationships. These certainly capture the fact and flavor of the daylight bombing campaign over northern Europe and make a contribution to the historical record, but they also transcend that specific time and place, drawing the readers in any era into human drama, played out in all of its variety in the pressure-cooker of wartime. The son's contribution has been to document some of the more unusual aspects of his father's account, so that these can be received as more than just precious memoir - as contributions to the historical record. This

has entailed many interviews, travel to remnants of his father's Rackheath and North Pickenham bases in East Anglia, and contemplation of the horrible effectiveness of aerial bombardment on several of the Mighty Eighth Air Force's 'ground zeros' in Germany. Additionally, the son supplies the reader with a variety of material designed to make the dated technology of aviation in its 20th century adolescence more understandable, and to put into broader contexts the struggles to control European airspace and weaken the foe through costly strategic bombardment. Tables and an extensive WW II timeline give a framework for understanding American involvement and the role of air power. A comprehensive glossary of terms makes the aviation and military lingo clear, and his bibliography will equip the motivated reader to delve deeper. Photographs from 'then' and 'now' bring the reader along on the son's odyssey, retracing the father's steps and honoring the sacrifices of survivors and the fallen alike. A foreword by Brigadier General Robin Olds, USAF (Ret.), fighter leader in three wars and a WW II ace, adds important insight to the riddle of why survivors of grisly combat action are typically so tight-lipped about their experience. *Reluctant Witness* is the combined effort of a pragmatic realist and a hardened optimist. This rich account of one witness's experience is offered to a general audience of conscientious citizens everywhere, with encouragements to never let their guard down and enable the tyrant, or ever despair of their ability, when committed to what is just and fair, to set things right. Widespread appreciation of the waste and senselessness of war impells practical efforts to 'wage peace'. *Journey to a Nineteenth-century Shtetl* Hodder & Stoughton #1 NATIONAL BESTSELLER Far more than a superb memoir about the highest levels of professional tennis, *Open* is the engrossing story of a remarkable life. Andre Agassi had his life mapped out for him before he left the crib. Groomed to be a tennis champion by his moody and demanding father, by the age of twenty-two Agassi had won the first of his eight grand slams and achieved wealth, celebrity, and the game's highest honors. But as he reveals in this searching autobiography, off the court he was often unhappy and confused, unfulfilled by his great achievements in a sport he had come to resent. Agassi writes candidly about his early success and his uncomfortable relationship with fame, his marriage to Brooke Shields, his growing interest in philanthropy, and—described in

haunting, point-by-point detail—the highs and lows of his celebrated career.
