## HULL HOLLAND

**Anarchism and Social Revolution** Springer Nature  
**WINNER OF THE JANET HEINGER KAFKA PRIZE FOR FICTION**  
 "The novel showcases the humanity, tragedy, and complexity of life in the West Bank. . . . The characters' interwoven lives will stay with you long after the book's denouement."  
 —Entertainment Weekly "Sacks is an extraordinarily gifted writer whose intelligence, compassion and skill on both the sentence and tension level rise to meet her ambition. She keeps us constantly on edge. . . . City of a Thousand Gates makes a convincing case for a literature of multiplicity, polyphonic and clamorous, abuzz with challenges and contradictions, with no clear answers but a promise to stay alert to the world, in all its peril and vitality." —Washington Post  
 Brave and bold, this gorgeously written novel introduces a large cast of characters from various backgrounds in a setting where violence is routine and where survival is defined by boundaries, walls, and checkpoints that force people to live and love within and across them. Hamid, a college student, has entered Israeli territory illegally for work. Rushing past soldiers, he bumps into Vera, a German journalist headed to Jerusalem to cover the story of Salem, a Palestinian boy beaten into a coma by a group of revenge-seeking Israeli teenagers. On her way to the hospital, Vera runs in front of a car that barely avoids hitting her. The driver is Ido, a new father traveling with his American wife and their baby. Ido is distracted by thoughts of a young Jewish girl murdered by a terrorist who infiltrated her settlement. Ori, a nineteen-year-old soldier from a nearby settlement, is guarding the checkpoint between Bethlehem and Jerusalem through which Samar—Hamid's professor—must pass. These multiple strands open this magnificent and haunting novel of present-day Israel and Palestine, following each of these diverse characters as they try to protect what they love. Their interwoven stories reveal complicated, painful truths about life in this conflicted land steeped in hope, love, hatred, terror, and blood on both sides. City of a Thousand Gates brilliantly evokes the universal drives that motivate these individuals to think and act as they do—desires for security, for freedom, for dignity, for the future of one's children, for land that each of us, no matter who or where we are, recognize and share.  
*The Late Great Planet Earth* Shiloh Israel Press  
 President Trump's decision to recognize Jerusalem as the capital of Israel and move the U.S. embassy to the city prompted this edited volume. Trump had already promised to make this move on the campaign trail but most of the foreign policy experts did

not expect him to go forward with the idea as quickly as he did. Many judged that it would most likely be a promise unkept and the decades-old U.S. policy would hold. The Jerusalem Embassy Act of 1995 recognized the city as the capital of the State of Israel and called for Jerusalem to remain an undivided city. However, all the U.S. administrations left the issue to be resolved between the parties as part of the final status negotiations. Prior to Trump's decision, most experts considered the peace process to be real in name only with very little prospect for a two-state solution. In this sense, Trump's decision was essentially a nail in the coffin of the peace process. The U.S. was finally openly admitting what many critics argued for a long time, that is, the U.S. would side with Israel.

**Moving Kings** Council on Foreign Relations Press  
**#1 WHISPER OF THE HEART** Starting over is never easy. On the run from an abusive home and shunned by her family and friends, Arlana and her son seek refuge on a family farm. Heartbroken and with no one to turn to, she finds comfort in her new neighbours who welcome her with open arms. Finally trusted and accepted by those you'd least expect, she's able to settle in and find happiness. But happiness has a way of being short-lived when you're running from your past. Her family back home is unravelling at the seams. Her friendship takes a step in the wrong direction, and everything starts to come apart again. Will love be enough to mend her broken heart? Or will that very love threaten to topple all the happiness she's built? **#2 NO TURNING BACK** A moment of vulnerability. Enduring consequences. Can Arlana ever forgive herself? Josiah leaves when she needs him most. As Arlana's whole world crumbles around her; her grandfather's terminal cancer, feelings of unworthiness, doubting Josiah's love - things don't seem like they can get worse. Drowning in grief and fear, she turns to Josiah's best friend, Lachlan. He alone knows her darkest secret. And he still cares for her and offers friendship and support. So she clings to him and the warmth of their friendship. Josiah however, is cold and aloof. He's a whole different person than Arlana remembers and it's tearing her up inside. All he does is push her away. Arlana knows that the things that matter most are the child growing within her and her young son. She must also find her way back to God, or has He turned His back on her as well? Caught between two different worlds; she must make a heartbreaking choice. The wrong one might destroy her spirit. Whatever her decision, there's no turning back. **#3 FORSAKE ME NOT** Hoping for a clean break, Arlana follows through with her decision, refusing to look back. Aware of the tension it will cause she is certain she has made the right choice for her and her son. Life, however, isn't that easy. Facing the skeletons of her past, now in her present, she is more determined than ever to hold onto her faith. What can she do? Surrounded by

her antisemitic family, life is more than a little challenging. The demons from Atarah's past are alive and well after tragedy hits. Atarah's faith is put to the test. **#4 HEAR MY CRY** Atarah embarks on a new phase of her life and the challenges it brings. Can there be reconciliation? Josiah faces a decision that changes not only his life but Atarah's destiny. Includes a bonus short story, "SMALL TOWN SECRETS."

*Trump's Jerusalem Move* Springer Nature  
 Two prominent Israeli liberals argue that for the conflict between Israel and the Palestinians to end with peace, Palestinians must come to terms with the fact that there will be no "right of return." In 1948, seven hundred thousand Palestinians were forced out of their homes by the first Arab-Israeli War. More than seventy years later, most of their houses are long gone, but millions of their descendants are still registered as refugees, with many living in refugee camps. This group—unlike countless others that were displaced in the aftermath of World War II and other conflicts—has remained unsettled, demanding to settle in the state of Israel. Their belief in a "right of return" is one of the largest obstacles to successful diplomacy and lasting peace in the region. In *The War of Return*, Adi Schwartz and Einat Wilf—both liberal Israelis supportive of a two-state solution—reveal the origins of the idea of a right of return, and explain how UNRWA - the very agency charged with finding a solution for the refugees - gave in to Palestinian, Arab and international political pressure to create a permanent "refugee" problem. They argue that this Palestinian demand for a "right of return" has no legal or moral basis and make an impassioned plea for the US, the UN, and the EU to recognize this fact, for the good of Israelis and Palestinians alike. A runaway bestseller in Israel, the first English translation of *The War of Return* is certain to spark lively debate throughout America and abroad.

**The Israel-Palestine Border Conflict** Oxford University Press  
 Foreword by Jerry Falwell Jr This book will cut through the media noise and reveal what the media won't cover while objectively helping you understand what our nation's most unlikely and unconventional president has accomplished. If Donald Trump's election was an earthquake, his accomplishments since then are the aftershocks the world never saw coming. The Trump agenda, promoted daily to millions of voters is helping to "make America great again." At the same time, the opposition's agenda is to obstruct and ultimately impeach Donald Trump. *Trump Aftershock* by Stephen E. Strang explores how Trump's agenda aims to: Free the economy and stock market to boom as never before Restore the federal courts with judges who rule by the Constitution, not legislate from the bench Address the surge of illegal immigration Rebuild the US military to ensure peace through strength Combat the media's fake news war on the president Deal with Kim Jong-

Un, Vladimir Putin, and others through an unconventional approach to foreign policy Expose the deep state and the agenda of former President Obama Strengthen ties with Israel and find a lasting peace in the Middle East Protect religious liberty and traditional values Uplift America's standing in the world while putting America's interests first And more! In Trump Aftershock, Strang explores Trump's effect on American culture from a Christian perspective. Additional Features: Full-color photo section capturing significant moments in the Trump presidency Graphs and charts to illustrate the latest research and data Includes Trump's 500 Days of American Greatness

[American Jewish Year Book 2019](#) Routledge

The blatant conspiracy by the world governments to deny a certain group of people of their history, heritage and legacy is the biggest crime that has ever been committed in the history of the world. For years the political powers along with some of the most influential church leaders in the world have been a part of a major cover up to keep the Hebrew people in a state of mental and spiritual bondage that began way before the early years of the slave trade. To the general reader the Hebrew people are the Chosen first fruit of The Most High, they have been persecuted, raped, sold into slavery, murdered and oppressed, and all because they are the chosen people of The Most High. These are just some of the issues surrounding the Hebrews today, this book will explore what is the true purpose of the Hebrew Israelites and how they are beginning to wake up to and deal with their true identity today. This book also explores how The Most High is carefully placing his people back into the natural position as the rulers of the earth and how that he has planned for them to lead other nations way before they became disobedient by not following his laws statutes and commandments.

A CNN political analyst and a Republican strategist reframe the discussion of the "Trump voter" to answer the question, What's next? NAMED ONE OF THE BEST BOOKS OF THE YEAR BY FOREIGN AFFAIRS • "Unlike most retellings of the 2016 election, The Great Revolt provides a cohesive, non-wild-eyed argument about where the Republican Party could be headed."—The Atlantic Political experts were wrong about the 2016 election and they continue to blow it, predicting the coming demise of the president without pausing to consider the durability of the winds that swept him into office. Salena Zito and Brad Todd have traveled over 27,000 miles of country roads to interview more than three hundred Trump voters in ten swing counties. What emerges is a portrait of a group of citizens who span job descriptions, income brackets, education levels, and party allegiances, united by their desire to be part of a movement larger than themselves. They want to put pragmatism before ideology and localism before globalism, and demand the respect they deserve from Washington. The 2016 election signaled a realignment in American politics that will outlast any one president. Zito and Todd reframe the discussion of the "Trump voter" to answer the question, What's next?

Donald Trump's first term as the 45th President of the United States of America has shocked the world. His attitudes towards Islam became a key point of contention on the campaign trail, and in power Trump has continued his war of divisive words and deeds. Here, acclaimed journalist Lawrence Pintak scrutinizes America's relationship with Islam since its foundation. Casting Donald Trump as a symptom of decades of misunderstanding and demonization of the Islamic world, as well as a cause of future tensions, Pintak shows how and why America's relationship with the world's largest religion has been so fractious, damaging and self-defeating. Featuring unique interviews with victims and perpetrators of Trump's policies, as well as analysis of the media's role in inflaming debate, America & Islam seeks to provide a complete guide to the twin challenges of terrorism and the polarizing rhetoric that fuels it, and sketches out a future based on co-operation and the reassertion of democratic values.

[The Way to the Spring](#) Taylor & Francis

First published in 1932, "The Greater Trumps" is a novel by British writer Charles W. S. Williams. At its heart, it is a story of how to use the original Tarot cards to divine the meaning of all cosmic processes, illustrated throughout with beautiful images of a deck of Tarot cards originally designed by the French engraver and map-maker Claude Bardel in 1751. Charles Walter Stansby Williams (1886 - 1945) was a British theologian, novelist, poet, playwright, and literary critic. He was also a member of the "The Inklings", a literary discussion group connected to the University of Oxford, England. They were exclusively literary enthusiasts who championed the merit of narrative in fiction and concentrated on writing fantasy. He was given a scholarship to University College London, but was forced to leave in 1904 because he couldn't afford the tuition fees. Other notable works by this author include: "The Greater Trumps" (1932), "War in Heaven" (1930), and "The Place of the Lion" (1931). This volume is highly recommended for lovers of fantasy fiction, and it would make for a fantastic addition to any collection. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with the

original text and artwork.

[Cold War in the Islamic World](#) Oxford University Press

Continuing civil wars and humanitarian crises, coupled with a changing geopolitical dynamic, highlighted by increased Russian and Chinese presence in the Middle East, call for new thinking. What happens in the Middle East has major global repercussions. This second edition of the ground-breaking textbook Middle East Politics and International Relations: Crisis Zone provides a comprehensive overview of contemporary Middle East politics. The book traces the roots of recent events across the region's modern history, enabling readers to appreciate both the significance of such events and the importance of history in influencing their outcomes. Structured chronologically, with updated stand-alone chapters containing history, context and contemporary analyses, this edition examines a series of interconnected themes and issues, including external intervention, political manifestations of Islam, the role of political authority, nationalism, self-determination and human rights. The book provides a valuable teaching tool, both in its content and structure. Students will gain a deeper understanding of a changed Middle East and the evolving role of states and non-state actors in the region.

[\(\(\(Semitism\)\)\) : Being Jewish in America in the Age of Trump](#)

Angeline Gallant

Blackwill examines in detail Trump's actions in a turbulent world in important policy areas, including the United States' relationships with its allies, its relationships with China and Russia, and its policies on the Middle East and climate change. This report acknowledges the persuasive points of Trump's critics, but at the same time seeks to perform exacting autopsies on their less convincing critiques.

[Hope and Despair](#) Read Books Ltd

In ancient times, Jews were exiled from their homeland in the Middle East. Starting in the 1800s, the Zionist movement sought to return Jews to the region and reestablish Jewish rule there. In 1948, the creation of the state of Israel made this vision a reality. It also triggered an ongoing series of conflicts between Israel and its Arab neighbors, as well as between Jews and Palestinians within Israel. This essential book tells the story of the formation of Israel, examines calls for a separate Palestinian state, and details the impact of the region's border disputes on the Jews and Arabs who live there.

[What Every Seventh-Day Adventist Should Know About the Shepherd'S Rod](#) Profile Books

Trump alone is not to blame... How does it reflect on North American societal values when wealth trumps humanity, selfish individualism trumps compassion, the need to be entertained and to win trumps the truth, and racism and misogyny are rewarded with the most powerful position in the world? The political rise of Donald Trump, from the cutthroat Republican primary process to his move to the White House, has ushered in a new age of politics in the United States. This is a comprehensive analysis of the events surrounding the 2016 presidential election and the unprecedented first year of Donald Trump's presidency. Pamela Hines highlights the growing distortion of American democracy, which threatens political systems around the world. As a Canadian living just across the border, Hines provides a unique perspective on the international impact of the election; explores the roles of religion, racism, nationalism, and gender bias; and critiques the media and its reckless coverage of Trump's ascension. The Trump presidency is a wake-up call to citizens of the free world. Democracy is at risk, yet power remains in the hands of the people. This assault on democracy can be curtailed only if voters make informed decisions and understand the consequences of their choices—while they still have the right to choose.

[Jerusalem Trump Effect](#) HarperCollins

Part I of each volume will feature 5-7 major review chapters, including 2-3 long chapters reviewing topics of major concern to the American Jewish community written by top experts on each topic, review chapters on "National Affairs" and "Jewish Communal Affairs" and articles on the Jewish population of the United States and the World Jewish Population. Future major review chapters will include such topics as Jewish Education in America, American Jewish Philanthropy, Israel/Diaspora Relations, American Jewish Demography, American Jewish History, LGBT Issues in American Jewry, American Jews and National Elections, Orthodox Judaism in the US, Conservative Judaism in the US, Reform Judaism in the US, Jewish Involvement in the Labor Movement, Perspectives in American Jewish Sociology, Recent Trends in American Judaism, Impact of Feminism on American Jewish Life, American Jewish Museums, Anti-Semitism in America, and Inter-Religious Dialogue in America. Part II-V of each volume will continue the tradition of listing Jewish Federations, national Jewish organizations, Jewish periodicals, and obituaries. But to this list are added lists of Jewish Community Centers, Jewish Camps, Jewish Museums, Holocaust Museums, and Jewish honorees (both those honored through awards by Jewish organizations and by receiving honors, such as Presidential Medals of Freedom and Academy Awards, from the secular world). We expand the Year Book tradition of bringing academic research to the Jewish communal world by adding lists of academic journals, articles in

academic journals on Jewish topics, Jewish websites, and books on American and Canadian Jews. Finally, we add a list of major events in the North American Jewish Community.

[Grateful](#) Simon and Schuster

How did the Trump administration change the place of religion in U.S. foreign policy? How did the guardrails of America's foreign policy bureaucracy respond to a populist president? Drawing on firsthand experience in the State Department's Office of Religion and Global Affairs during the Obama-Trump transition, David T. Buckley traces how the Trump administration's populism affected the foreign policy bureaucracy, with significant implications for U.S. domestic and international politics. Blessing America First argues that under Trump, religion in U.S. foreign policy shifted from an implement of statecraft to a tool of populist political strategy. Populism constructs ideological bounds between "the people" and threatening outsiders, and embraces personalist governance while rejecting bureaucratic constraint. This domestic political logic, Buckley demonstrates, influenced foreign policy decisions and reshaped bureaucratic offices in the State Department and USAID. Populism also promoted international religious ties in a surprising range of settings, from Poland to India, Brazil to Russia. Buckley shows that the possibility of curbing these changes was limited by conditions in American democracy that predated the 2016 election, including norms of nonpartisanship among career officials, malleable legal institutions, and polarization in public opinion. A groundbreaking examination of Trump's State Department, blending insider experience with original quantitative and qualitative data analysis, Blessing America First draws broader lessons for understanding the relationship between religion and democracy under populist rule.

[Trump and the Jews](#) Bloomsbury Publishing

Dissecting the populist leadership style of President Donald Trump Places Trump's presidential leadership style within a comparatively historical and political development theoretical framework Considers Trump's use of social media as a form of public politics that represents an adaptation of presidential communication style to new technology while rebuffing the traditional bully pulpit Assesses the impact of Trump's negative rhetoric and efforts to challenge if not delegitimize other national institutions (Courts, Congress), question media truthfulness, and his personalization of political opponents Employs case studies to weigh Trump's political strategy, from mobilizing grassroots support to foreign diplomacy This book evaluates the presidency of Donald Trump from a comparative, historical approach to connect his populist style to his predecessors. Trump's method of communication through social media obviously differs from previous candidates and presidents with populist platforms, but his themes - a disdain for elites, grassroots support, majoritarianism, anti-intellectual discourse, and nativism-borrow variability from such figures as Andrew Jackson, Huey Long, Barry Goldwater, and Ross Perot. As such, Trump's approach to governance falls within a long tradition of populism dating to the 19th Century.

[Routledge Handbook on Israel's Foreign Relations](#) Cavendish Square Publishing, LLC

If you are a Seventh-day Adventist Christian, you have no doubt heard of The Shepherd's Rod, a message of present truth and reform first presented to leaders of the Seventh-day Adventist Church in the years 1929 and 1930. It has created much controversy. In What Every Seventh-day Adventist Should Know about The Shepherd's Rod, author Garrick D. Augustus brings to light the historic and the theological reasons behind the rejection of The Shepherd's Rod message. It exposes the systematic misinformation, as well as the willful manipulations of the facts surrounding Victor Houteff and the movement he began more than eight decades ago. It provides clear and accurate answers to the questions raised against the Rod's message. And, it answers the objections church leaders have historically offered as "proof" against its bearing the credentials of inspiration. Augustus fused the forensic methods of evidence analytics, as well as the investigative method of internal evidence analysis, to the claims brought against the message by the leaders of the Seventh-day Adventist Church. His research took him from the Heritage Library in Loma Linda, California, to The Biblical Research Committee in Silver Spring Maryland, and beyond. What Every Seventh-day Adventist Should Know about The Shepherd's Rod journeys through the pages of history and helps to separate truth from propaganda. It takes a fresh look at an old controversy that began in eternity past and has played itself out in the rank and file of Seventh-day Adventism.

[Blessing America First](#) NYU Press

The surprise election of Donald J. Trump as President of the United States evoked passionate reaction across the American

political spectrum. It seemed as if not one American was neutral. Trump's supporters adored him, while the expressions of hatred of many of his opponents defied the norms of civil debate. Well into the Trump presidency, one community, the Jews, on both sides of the ocean, has been on the front lines of the continuing

Trump debate that has gripped the nation. Trump's relationship with the Jewish community is unique in its very personal nature. Some of his key policy decisions affecting Jerusalem, the Iran nuclear deal, and even economic policy, have been influenced by

positive relationships of trust that Trump maintained through the years as a high-profile businessman in New York, as well as some Jewish family connections. At the same time, most American Jews voted for Hillary Clinton in 2016. Furthermore, many members of the liberal American Jewish community have b
