Principles, Problems, and Policies: Exam Study Guide Chapter 3: Demand, Supply, and Market Equilibrium Mometrix Media LLC

Macroeconomics in Context lays out the principles of macroeconomics in a manner that is thorough, up to date, and relevant to students. Like its counterpart, Microeconomics in Context, the book is attuned to economic realities--and it has a bargain price. The in Context books offer affordability, engaging treatment of high-interest topics from sustainability to financial crisis and rising inequality, and clear, straightforward presentation of economic theory. Policy issues are presented in context--historical, institutional, social, political, and ethical--and always with reference to human well-being.

*Economics* South-Western Pub

David R. Hakes (University of Northern Iowa) has prepared a study guide that will enhance your success. Each chapter of the study guide includes learning objectives, a description of the chapter's context and purpose, a chapter review, key terms and definitions, advanced critical-thinking questions, and helpful hints for understanding difficult concepts. You can develop your understanding of the material by doing the practice problems and answering the short-answer questions. Then you can assess your mastery of the key concepts with the self-test, which includes true/false and multiple-choice questions. Visit <http://www.ichapters.com> for more information on the Study Guide.

Study Guide to Accompany Fischer/Dornbusch Economics Macmillan

This book provides practical support and guidance to help IB Diploma Programme students prepare for their economics SL exams.

*Economics SL* Mometrix Media Llc

Truett and Truett's Eighth Edition shows how to use economic analysis to solve problems and make effective decisions in the complex world of business. The highly successful problem-solving approach, clear and accurate presentation of economic theory, and outstanding cases combine to make the best presentation of managerial economics yet. \* Walks readers step by step through specific types of problems, including elasticity calculations, cost minimization, and profit maximization. \* Shows how real-world firms have addressed issues discussed in the book. \* Emphasizes the global aspects of managerial economics and its application in the international marketplace.

Economics Prentice Hall

Completely updated for the 2011 syllabus at SL and HL and written by an experienced IB Economics teacher, this comprehensive study tool supports top achievement. With full coverage of the new quantitative element at HL and an expanded glossary, past exam questions build confidence and the focused approach distinctly strengthens comprehension.
