Oliver Baldwin, recently back from the Barbary Wars, sets sail in the U.S. frigate Chesapeake on a routine patrol. The patrol becomes anything but routine when the ship is confronted by the 50-gun HMS Leopard outside the Virginia Capes. Commodore James Barron refuses the British captain's orders to produce Royal Navy deserters, and the Leopard fires into the American frigate with disastrous results. Following the ensuing court-martial, a new captain takes command of Chesapeake to enforce the Jeffersonian Embargo on the Atlantic seaboard, with Oliver Baldwin still in his crew. Baldwin's adventures continue, encountering more ships of the Royal Navy, going to battle with the HMS Macedonian, and, ultimately, witnessing the actual beginnings of the War of 1812. Steeped in accurate U.S. naval lore and told through well-constructed characters, this chronicle provides a fascinating glimpse into a lesser-known period of crucial importance to both the development of the fledgling United States and her Navy.

Loveboat, Taipei Allyn & Bacon

The sweeping romance of *Passenger* meets the dark fantasy edge of *This Savage Song* in this stunning contemporary fantasy debut from Vanessa Len, where the line between monster and hero is razor thin. Don't forget the rule. No one can know what you are. What we are. You must never tell anyone about monsters. Joan has just learned the truth: her family are monsters, with terrifying, hidden powers. And the cute boy at work isn't just a boy: he's a legendary monster slayer, who will do anything to destroy her family. To save herself and her family, Joan will have to do what she fears most: embrace her own monstrousness. Because in this story...she is not the hero. Dive deep into the world of *Only a Monster*: hidden worlds dwell in the shadows, beautiful monsters with untold powers walk among humans, and secrets are the most powerful weapon of all.

Tor Books

From #1 New York Times bestselling author Brandon Sanderson, *Warbreaker* is the story of two sisters, who happen to be princesses, the God King one of them has to marry, the lesser god who doesn't like his job, and the immortal who's still trying to undo the mistakes he made hundreds of years ago. Their world is one in which those who die in glory return as gods to live confined to a pantheon in Hallandren's capital city and where a power known as BioChromatic magic is based on an

essence known as breath that can only be collected one unit at a time from individual people. By using breath and drawing upon the color in everyday objects, all manner of miracles and mischief can be accomplished. It will take considerable quantities of each to resolve all the challenges facing Vivenna and Siri, princesses of Idris; Susebron the God King; Lightsong, reluctant god of bravery, and mysterious Vasher, the Warbreaker. In Pursuit of Glory HarperCollins

Perfect for fans of Jenny Han and Sarah Dessen, and praised as "an intense rush of rebellion and romance" by #1 New York Times bestselling author Stephanie Garber, this romantic and layered *Own Voices* debut from Abigail Hing Wen is a dazzling, fun-filled romp. "Our cousins have done this program," Sophie whispers. "Best kept secret. Zero supervision." And just like that, Ever Wong's summer takes an unexpected turn. Gone is Chien Tan, the strict educational program in Taiwan that Ever was expecting. In its place, she finds *Loveboat*: a summer-long free-for-all where hookups abound, adults turn a blind eye, snake-blood sake flows abundantly, and the nightlife runs nonstop. But not every student is quite what they seem: Ever is working toward becoming a doctor but nurses a secret passion for dance. Rick Woo is the Yale-bound child prodigy bane of Ever's existence whose perfection hides a secret. Boy-crazy, fashion-obsessed Sophie Ha turns out to have more to her than meets the eye. And under sexy Xavier Yeh's shell is buried a shameful truth he'll never admit. When these students' lives collide, it's guaranteed to be a summer Ever will never forget. "A unique story from an exciting and authentic new voice." —Saba Tahir, #1 New York Times bestselling author of *An Ember in the Ashes* "Equal parts

surprising, original, and intelligent. An intense rush of rebellion and romance."

—Stephanie Garber, #1 New York Times bestselling author of *Caraval* "Fresh as a first kiss." —Stacey Lee, award-winning author of *Outrun the Moon* "Fresh, fun, heartfelt, and totally addictive, a story about finding your place—and your people—where you least expected."

"You can be lonely anywhere, but there is a particular flavor to the loneliness that comes from living in a city, surrounded by thousands of strangers. The *Lonely City* is a roving cultural history of urban loneliness, centered on the ultimate city: Manhattan, that teeming island of gneiss, concrete, and glass. What does it mean to be lonely? How do we live, if we're not intimately involved with another human being? How do we connect with other people, particularly if our sexuality or physical body is considered deviant or damaged? Does technology draw us closer together or trap us behind screens? Olivia Laing explores these questions by travelling deep into the work and lives of some of the century's most original artists, among them Andy Warhol, David Wojnarowicz, Edward Hopper, Henry Darger and Klaus Nomi. Part memoir, part biography, part dazzling work of cultural criticism, *The Lonely City* is not just a map, but a celebration of the state of loneliness. It's a voyage out to a strange and sometimes lovely island, adrift from the larger continent of human experience, but visited by many - millions, say - of souls"-- Whitby After Dark Pearson College Division *Life* is an exciting new six-level adult series that turns learning English into an exploration of the world we live in by drawing on National Geographic content

Lenore Lee wants nothing more than to make new friends in her new town of Whitby, Yorkshire, and to forget about the disturbing dreams that hold her captive at night. But what she discovers in Whitby, might be even more disturbing than the dreams. Dreams which may hold the key to her survival in the hidden world of the Supernatural...

Warbreaker UCL Press

"Garber's gorgeous novel combines the wonder of a Hogwarts-style magic school with the Twilight-esque dynamics of a hidden magical species that has strict rules about interacting with the human world." - BOOKLIST (Starred Review) Some people ARE illegal. Lobizonas do NOT exist. Both of these statements are false. Manuela Azul has been crammed into an existence that feels too small for her. As an undocumented immigrant who's on the run from her father's Argentine crime-family, Manu is confined to a small apartment and a small life in Miami, Florida. Until Manu's protective bubble is shattered. Her surrogate grandmother is attacked, lifelong lies are exposed, and her mother is arrested by ICE. Without a home, without answers, and finally without shackles, Manu investigates the only clue she has about her past—a mysterious "Z" emblem—which leads her to a secret world buried within our own. A world

connected to her dead father and his criminal past. A world straight out of Argentine folklore, where the seventh consecutive daughter is born a bruja and the seventh consecutive son is a lobizón, a werewolf. A world where her unusual eyes allow her to belong. As Manu uncovers her own story and traces her real heritage all the way back to a cursed city in Argentina, she learns it's not just her U.S. residency that's illegal. . . .it's her entire existence.

"With vivid characters that take on a life of their own, beautiful details that peel back the curtain on Romina's Argentinian heritage, and cutting prose Romina Garber crafts a timely tale of identity and adventure."—Tomi Adeyemi New York Times bestselling author of *Children of Blood and Bone*

Daniel Miller spent 18 months undertaking an ethnographic study with the residents of an English village, tracking their use of the different social media platforms.

Following his study, he argues that a focus on platforms such as Facebook, Twitter and Instagram does little to explain what we post on social media. Instead, the key to understanding how people in an English village use social media is to appreciate just how 'English' their usage has become. He introduces the 'Goldilocks Strategy': how villagers use social media to calibrate precise levels of interaction ensuring that each relationship is neither too cold nor too hot, but 'just right'.
