 So you want to learn how to read minds, huh? Well, understandably so! Mind-reading is an intriguing art form with a much larger scope than that with which it's credited. It smoothly finds its uses in relationships and dating, sales, business,

leadership, public speaking and many other everyday avenues of life. Even when you're not performing it to interact with another person, its foundational qualities easily give you a competitive edge in all of the above aspects of life. And the fact that mind-reading can easily be learned and practiced by anyone who's willing to put in the time to practice and gain

experience greatly magnifies its appeal as well. If you've tried other mind-reading guides and felt stuck and frustrated, don't worry. The purpose of this book is to help you learn the big "HOW." So, are you ready to delve into the world of pseudo-magic? Are you ready to uncover the most basic traits of humanity, and use that sacred information to score your next date, bond deeper

with your partner, make your next sale, or simply become the life of the party? If so, grab this book now and let's get started! *Tricks to Pick Up Chicks* Skyhorse  
Why would someone write a book on Mind Control? Because as much as we try to elevate ourselves above being human animals we are, in fact, animals. We are subject to the wants and desires of any being with a genome and vertebrae. To

rise above that is an admirable and a task we should take on as a worthy spiritual endeavor. But to deny that we are, truly, animals is to lie to ourselves. We must deal with people who may not be so enlightened advanced as we are. They may desire what we have and be secretly filled with envy and contempt. The worst event is to have these suspicions fulfilled and then be pulled down into the politics of

man. Do we deny that it's happening and hope others will be touched by our honesty and good will enough to change? Or do we drop our highest spiritual ideals and play their game? I would like to suggest a radically different strategy. Take the game of manipulation and Mind Control and make it a part of your spirituality. **The Secrets of Mentalism** Independently Published Renowned mentalist Lior

Rooney Mara, and Toni Collette. Nightmare Alley begins with an extraordinary description of a carnival-show geek—alcoholic and abject and the object of the voyeuristic crowd's gleeful disgust and derision—going about his work at a county fair. Young Stan Carlisle is working as a carny, and he wonders how a man could fall so low. There's no way in hell, he vows, that

anything like that will ever happen to him. And since Stan is clever and ambitious and not without a useful streak of ruthlessness, soon enough he's going places. Onstage he plays the mentalist with a cute assistant (before long his harried wife), then he graduates to full-blown spiritualist, catering to the needs of the rich and gullible in their well-upholstered homes. It

looks like the world is Stan's for the taking. At least for now.
