CARDENAS MARTINEZ

The 1997 Masters Green Tiger Press
An easygoing, storytelling style makes this offering from Tiger Woods's high school coach a delight. *Tiger Woods Made Me Look Like a Genius* weaves Don Crosby's golfing techniques into the story of coaching the champion and how Woods's own methods meshed with and enhanced Crosby's approach. Coach Don Crosby has only a 12-week season to turn ragtag teenage duffers into championship contenders. With no time to waste, he focuses on five basics that can take ten strokes off anyone's score: The Practice Range-good for two shots off your game The Short Game-the surest way to lower your score is to chip away at it Putting-imagine

no three-putt greens Course Management-a course you know is two shots easier than one you don't Stats-you can't get better unless you know how you're doing Tiger Woods Made Me Look Like a Genius is a handbook of Crosby's golfing techniques and strategies, sprinkled liberally with his personal recollections and anecdotes of the good old days when he coached the young Tiger. The stories, "Crosby's True Tales," bring the mechanics of golf to life, illustrating how these five techniques work and what to expect from them, while offering an intimate look at the evolution of champion Tiger Woods. The book also features an insert with photographs and memorabilia from these special days of coaching.

Paper Tiger Avid Reader Press / Simon & Schuster Black Tortoise, Red Raven, the compelling sequel to the novel *White Tiger*, *Green Dragon*, continues to weave a captivating tale as it follows the courageous pilgrimage of a young

woman scholar as she travels the length of the Yangtze River. Scholar Li, the daughter of Tu Ming and Shen Tao, flees a revolution in eastern China and travels west with a caravan of rug merchants. A Taoist intellectual and master of the tantric arts, the teenager encounters spiritual masters from unfamiliar traditions during her 1,500-mile expedition toward the foothills of the Himalayas. As she journeys to the Red Raven Temple, her spiritual understanding grows and she learns important life lessons from yogis, "crazy Zen" practitioners, Muslims, Buddhists, and Jews. Just as she is about to reach her final destination, Li's life is forever changed when she encounters an extraordinary stranger who bears an uncanny resemblance to a historical figure. Black Tortoise, Red Raven not only opens the doors to personal growth and spiritual understanding for Li; it will also lead anyone who has a receptive spirit, open mind, and loving

heart on the same journey to finding their true purpose in life.

A Book of Unicorns Simon & Schuster

"This book attempts to present the mystery of the Unicorn rather than to unravel it. This is a succinct gathering of the most important writings on the Unicorn in the 2300 years since he was first described. We present these texts without annotation, hoping by this to allow for clear perception and unhindered personal response. We have chosen the pictures principally for their historical importance"-- Preface.

Tiger Tanks iUniverse
The nursery rhymes which we attribute to a mythical Mother Goose are the anonymous poems which have survived hundreds of years because of their popularity with small children, and the ease with which they can be memorized. There is no fixed list of Mother Goose rhymes. There are many hundreds, and many variant forms. We have selected our favorites, which include almost all of those with wide appeal. We have illustrated each rhyme with favorite pictures from our huge library of nursery rhyme

books. More than 70 illustrators are used, including Arthur Rackham, Lois Lenski, L.L. Brooke, Kate Greenaway, Frederick Richardson, Margaret Tarrant and E. Boyd Smith. We believe this edition is one of the most remarkable ever made from this still vital body of poetry.

Beautiful Green Eyed Tiger Lined Journal

Oxford University Press
An educator, top-ranked college ball player and Green Beret who served in Vietnam, Earl Woods reveals the instruction and training secrets that went into raising a child who might be the greatest golfer ever. His teaching method starts with the simplest swings: Putting, chipping and pitching, and doesn't introduce the full swing until the basics have been mastered. The book includes dozens of games and competitions to make golf fun and interesting, teaches mental toughness and emphasizes skills, posture, balance, set-up and grip. There are also some subtler points for parents to consider: when and how to introduce golf (or any sport) to their child; how to lay the groundwork for open communication; and how to cultivate the right

attitude toward competition. Through an intelligent mix of instruction, humor and common sense, Training a Tiger helps parents everywhere lead their kids to love the game, and to play it with confidence, patience, proficiency and passion.

Endangered Tigers

Houghton Mifflin Harcourt
"Fascinating...[Bamberger] knows the world of professional golf, and the pressures it exacts, like few others." —The Wall Street Journal
It's one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner's circle was only half the story. Here's the rest of it. Tiger Woods's long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods's DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly

lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger's end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In *The Second Life of Tiger Woods*, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddie yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend's return. Packed with new information and graced by insight, Bamberger's story reveals how this iconic athlete clawed his way back to the top. Here you'll meet the people who have shaped and saved Tiger's life. It's a disparate group: a Florida police officer, an old friend from Tiger's boyhood, his girlfriend, his manager, his caddie. You'll go inside the ropes and see Tiger's interactions with fellow pros, with broadcasters and rules officials and Tour executives, with

legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you'll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you'll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. *The Second Life of Tiger Woods* is not only the saga of an exceptional man but also a celebration of second chances. Bamberger's bracingly honest book is about what Tiger Woods

did, and about what any of us can do, when we face our demons head-on. [Training a Tiger](#) Tiger Books (UK)

The first prototype for the Tiger tank was set to be ready for Hitler's birthday on April 20, 1942. The Henschel Company, competing with Porsche, produced the superior model, and by August of that year the formidable Tiger—or Panzerkampfwagen VI Tiger Ausf. H—was in full production. This book takes us behind the scenes with the Tiger tank, reviewing the full history, the design and mechanics, and the mixed record of this machine, which was designed to outgun its Russian counterparts. Military writer Michael Green offers a close-up account—accompanied by photographs, diagrams, and maps—of how the Tiger tank operated, how it was armed, and where it succeeded brilliantly, as well as where it failed miserably. His book fills a fascinating niche in the history of military technology, and of the impact of technology on history itself. [Encyclopedia of House Plants](#) Orchard Books
The father of golf superstar Tiger Woods

explains how to teach children to love golf, and play the game with confidence, patience, and proficiency.

Tiger Tom Green Tiger Press

White Tiger, Green Dragon follows the spiritual, erotic and psychic evolution of Tu Ming, a Taoist monk in Old China. Tu is apprenticed in sequence to five female adepts in the discipline known as the "dual cultivation," a kind of tantra yoga in which sexual techniques replicate states of spiritual progress. This practice culminates in the creation of a spiritual embryo at the moment of enlightenment. The five masters who instruct Tu run the gamut of Chinese folklore characters, including the gentle pillow girl, Mei Cha, the doughty herb gatherer, Su Ba, and Lekshe Tsogyel, an acrobatic aristocrat from Tibet. Tu advances not only in his practice, but also in his understanding of life and love as he falls under the spell of five unforgettable women unequalled in religious literature. In the exciting conclusion, he experiences an epiphany that redefines what it means to attain the highest knowledge.

The Tiger Shark Lerner Publications

"Was golf better (to use one of Tiger's favorite phrases) back in the day?

In [this book], Michael Bamberger, who fell for the game as a teenager in its wild Sansabelt-and-persimmon 1970s heyday, goes on a quest to try to find out. The result is a candid, nostalgic, intimate portrait of golf's greatest generation--then and now"--Dust jacket flap.

The Land of the Lord High Tiger Houghton Mifflin Harcourt

In rhyming verse, a young girl thinks she sees a tiger outside her window one night and she dreams about him in her sleep, wondering when she wakes up if the tiger is still there.

The Bengal Tiger Andrews McMeel Publishing

The techniques explained in this golf instruction book do not reveal Tiger Woods' own predilections, but how he took care to make it a guide for everyone, men or women, young or old, tall or short. The book is structured differently from other books, starting at the green and progressing backwards - just the way Tiger learned to play. Its contents include: the yearn to learn; the putting green - last things first; a

swing built to last; sand play - make the hard look easy; iron play - knocking down the flag; nail your fairway woods; the driver - go with all you've got; when golf gets ugly; how to manage your game; and making golf fun.

Telly the Kelly Green Tiger Avon

The tiger Julius didn't like being yellow with black stripes: he wanted to be green, and be the most beautiful animal in the jungle. His friends get tired of hearing him moan about it all the time, so they decide to help him become green and see how much he actually likes it.

Tiger Woods Macmillan Reference USA

A set of stripes and an insatiable appetite link the tiger shark to its earthbound namesake. The voracious fish will eat just about anything from sea turtles to trashed tires. Its unrestrained appetite puts it among the top three most dangerous sharks. Get up close and personal with one of the ocean's most fearsome predators in this exciting book for growing readers.

Tiger Woods Turtleback

The world of the tiger is in turmoil; latest research shows that the entire population in India may

be lower than 2000 animals and decreasing. Hidden away in Central India, Bandhavgarh is one of the best surviving tiger habitats. Lavishly illustrated with more than 150 stunning photographs by wildlife photographer, Iain Green, *Tiger Jungle* tells the intricate story of the lives of this small population of wild tigers and their forest home. [Crouching Tiger Hidden Dragon](#) Enslow Publishing, LLC

"The Philippines was once famous for the beauty of its reef-ringed islands, white beaches, and lush forests. In less than a half-century, its forests were felled, its oceans over-fished, and its coral reefs destroyed. The rapid harvest of once-abundant resources has brought droughts, deadly flash floods, and the collapse of vital fisheries. As the rural economy weakened and millions migrated to cities, they overwhelmed the urban infrastructure. Today, the Philippines stands as an example of the profound and sweeping consequences of ecological decline. In *The Green Tiger*, Barbara Goldoftas documents this tragic trajectory. But hers is not a story of hopelessness and inevitable defeat. In

lyrical, unflinching prose, she traces the struggle for conservation in the Philippines, from isolated villages to large cities, and in the process illustrates the surprising ways in which conservation and economic growth can effectively co-exist."-- Publisher's website.

A little girl encounters various animals before finding her cat.

[Green Tiger's Illustrated Stories from Shakespeare](#)

Heinemann Library
When master warrior Shulien learns of the death of her family's patron, she abandons retirement and returns to the capital to protect Green Legend, a sword renowned for its historic triumphs. But much has happened in the years she has been in seclusion, and she finds herself beset on all sides with hidden enemies, and the tragic past which she had hoped to forget returns to haunt her. In her hour of need arrives a beautiful young warrior, Snow Vase, who is seeking a master. But the new apprentice is not all that she seems. When she falls in love with the bandit Wei-fang, a secret is revealed that makes all of them question who is

friend and who is foe. In an age of thwarted love, can these two youths find happiness? Based on the original novels by Wang Du Lu, this is a beautiful love story set in the fading years of nineteenth century Imperial China.

White Tiger, Green Dragon Grand Central Publishing

To mark the anniversary of his historic win at the 1997 Masters, Tiger Woods will for the first time reflect on the record-setting win both on and off the course. In 1997, Tiger Woods was already among the most-watched and closely examined athletes in history. But it wasn't until the Masters Tournament that his career would definitively change forever. Woods, then only 21, won the Masters by a historic 12 shots, which remains the widest margin of victory in the tournament's history, making it an iconic moment for him and sports. Now, Woods is ready to explore his history with the game, how it has changed over the years, and what it was

like winning such an
important event. With

never-before-heard
stories, this book will
provide keen insight from

one of the game's all-time
greats.
