Memoirs of an Ordinary Pastor Dbi Books  
As the ultimate battle between Heaven and Hell begins, Beck reveals his troubled past and grows closer to demon hunter Riley.

A Horseman of the Plains Houghton Mifflin Harcourt

"Rich detail and vivid anecdotes of adventure....A treasure trove of exotic fact and hard thinking." —New York Times Book Review For millennia, lions, tigers, and their man-eating kin have kept our dark, scary forests dark and scary, and their predatory majesty has been the stuff of folklore. But by the year 2150 big predators may only exist on the other side of glass barriers and chain-link fences. Their gradual disappearance is changing the very nature of our existence. We no longer occupy an intermediate position on the food chain; instead we survey it invulnerably from above—so far above that we are in danger of forgetting that we even belong to an ecosystem. Casting his expert eye over the rapidly diminishing areas of wilderness where predators still reign, the award-winning author of *The Song of the Dodo* and *The Tangled Tree* examines the fate of lions in India's Gir forest, of saltwater crocodiles in northern Australia, of brown bears in the mountains of Romania, and of Siberian tigers in the Russian Far East. In the poignant and troublesome ferocity of these embattled creatures, we recognize something primeval deep within us,

something in danger of vanishing forever.

**Snaring for Survival** The Trapper's Bible The Most Complete Guide on Trapping and Hunting Tips Ever  
The life of a First Nation family living in the bush in the early nineteenth century. The author writes about his early childhood when he would go trapping with his family. He also writes about when he had to go to war and when he returned. He writes about his trapping experiences, guiding tourists and poaching in Quetico Park.

Set in Wyoming in pioneer days. The hero, never named, provokes the enmity of a local bad man named Trampas. In a poker game, Trampas accuses the Virginian of cheating and impugns his ancestry. Instantly the Virginian's pistol is drawn and put on the table before him, and he utters the catch phrase "When you call me that, smile." Trampas backs down. Later the Virginian rescues a New England schoolmistress from a stage coach that has been marooned in high water by a drunken driver. Eventually they get married. The novel's climax is a pistol duel between Trampas and the Virginian in which Trampas is vanquished, the scene constituting the first known walkdown in American literature. The author had first gone to Wyoming for health reasons on the advice of Theodore Roosevelt. Wister

dedicated the novel to Roosevelt and many of the Virginian's traits and ideals resemble Roosevelt's. According to Wister, writing in the 16th edition of the book, the hero is a combination of several men he had known in Wyoming. It became the prototype for all cowboy heroes.

A Seattle Times selection for one of Best Non-Fiction Books of 2010 Winner of the New England Historical Association's 2010 James P. Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award, Book Division, First Place "A compelling and well-annotated tale of greed, slaughter and geopolitics." —Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name, he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient. What became immediately apparent, however, from the Indians clad in deer skins and "good furs" was that Hudson had discovered something just as tantalizing. The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent, teeming with untapped natural resources. The result was the creation of an American fur trade, which fostered economic rivalries and fueled wars among the European powers, and later between the United States and Great Britain, as North America became a battleground for colonization and imperial aspirations. In *Fur, Fortune, and Empire*, best-selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old, when the rallying cry was "get the furs while they last." Beavers, sea otters, and buffalos were slaughtered, used for their precious pelts that were tailored into extravagant hats, coats, and sleigh blankets. To read *Fur*,

Fortune, and Empire then is to understand how North America was explored, exploited, and settled, while its native Indians were alternately enriched and exploited by the trade. As Dolin demonstrates, fur, both an economic elixir and an agent of destruction, became inextricably linked to many key events in American history, including the French and Indian War, the American Revolution, and the War of 1812, as well as to the relentless pull of Manifest Destiny and the opening of the West. This work provides an international cast beyond the scope of any Hollywood epic, including Thomas Morton, the rabble-rouser who infuriated the Pilgrims by trading guns with the Indians; British explorer Captain James Cook, whose discovery in the Pacific Northwest helped launch America's China trade; Thomas Jefferson who dreamed of expanding the fur trade beyond the Mississippi; America's first multimillionaire John Jacob Astor, who built a fortune on a foundation of fur; and intrepid mountain men such as Kit Carson and Jedediah Smith, who sliced their way through an awe inspiring and unforgiving landscape, leaving behind a mythic legacy still resonates today. Concluding with the virtual extinction of the buffalo in the late 1800s, *Fur, Fortune, and Empire* is an epic history that brings to vivid life three hundred years of the American experience, conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today.

**Mountains, 1834-1843** W. W. Norton & Company

• Complete guide to trapping raccoon, muskrat, mink, otter, beaver, and a variety of other species • Authoritative

advice on matching the right trap--whether leg-hold, body gripper, or snare--to each furbearer • Species-specific instructions for making sets that deliver and tips for preparing and marketing pelts to maximize profits Trapping has become somewhat of a lost art, but interest in the sport is as strong as ever thanks to a stable fur market and a growing need to control mammal populations or remove nuisance animals. In *Guide to Trapping*, Jim Spencer covers strategies for successfully harvesting popular species such as raccoon, muskrat, mink, otter, beaver, coyote, gray fox, red fox, bobcat, skunk, and opossum. His entertaining and informative writing will appeal to trappers of all levels. Spencer discusses trap styles and the basics of establishing and working a trapline, including techniques for fastening and adjusting traps and a species-by-species review of trapping tactics for the country's most pursued furbearers. The field-tested techniques, carefully explained and illustrated, will help trappers make sets that deliver maximum results.

**Stories from One of the Last Mountain Men** Courier Dover Publications

Walter Arnold (1894-1980) was one of the last in a long line of independent fur trappers from the mountain man era. Living most of his life in the woods of Maine, Arnold spent his early decades guiding sportsmen in the summer and trapping furbearers in winter, on foot out of remote cabins deep in the Maine woods. Arnold built a reputation in the trapping industry through the dozens of articles he wrote in national outdoor magazines, particularly his writings in *Fur-Fish-Game* magazine from the 1930's to the 1950's. He also manufactured trapping lures and sold

scents and ingredients to trappers throughout North America. In his later years, Walter Arnold sold his business and most of his possessions, and retreated to a full time life in the Maine woods, in a trapping cabin only accessible by airplane. It was these years that Arnold gained nationwide popularity as the last woods hermit from a bygone era. In this book, I revisit many of the stories Walter Arnold published in the old days and provide a modern perspective for those of us still fascinated by a traditional lifestyle that's all but gone today.
