This guide has been designed with the reader in mind. In the editorial section are articles written by experts in their field covering a wide variety of issues parents are likely to come across when choosing a school for their child. The directories contain basic information about all the schools in each country complete with contact details. Some schools provide more information on what they offer and include photographs. In the appendix is up-to-date information about international curricula and the examinations, tests and qualifications available, contact details for Ministries of Education worldwide and a useful list of

educational acronyms and abbreviations.

AKASHVANI Oxford University Press

Korlai Portuguese (KP), a Portuguese-based creole only recently discovered by linguists, originated around 1520 on the west coast of India. Initially isolated from its Hindu and Muslim neighbors by social and religious barriers, the small Korlai community lost virtually all Portuguese contact as well after 1740. This volume is the first-ever comprehensive treatment of the formation, linguistic components, and rapidly changing situation of this exotic creole. The product of ten years of research, Korlai Creole Portuguese provides an exciting, in-depth diachronic look at a language that is now showing the strain of intense cultural pressure from the surrounding Marathi-speaking population. Framed in Thomason and Kaufman's 1988 model of contact-

induced language change, the author's analysis is enriched by numerous comparisons with sister creoles, apart from medieval Portuguese and Marathi. This book contrastively examines the following areas: phonemic inventories, phonological processes, stress assignment, syllable structure, paradigm restructuring, paradigm use, lexicon, word formation, semantic borrowing, loan translations, grammatical relation marking, pre- and postnominal modification, negation, subject and object deletion, embedding, and word order.

LIC Assistant Mains Exam 2020 | 10 Mock Test Jaico Publishing House

Through pointed studies of important aspects and topics of dharma in Dharmaśāstra, this comprehensive collection shows that the history of Hinduism cannot be written without the history of Hindu law. Part One provides a concise overview of the literary genres in which Dharmasastra was written with attention to chronology and historical developments. This study divides the tradition into its two major historical periods—the origins and formation of the classical texts and the later genres of commentary and digest—in order to provide a thorough, but manageable overview of the textual bases of the tradition. Part Two presents descriptive and historical studies of all the major substantive topics of Dharmasastra. Each chapter offers readers with salest knowledge of the debates, transformations, and fluctating importance of each topic. Indirectly, readers will also gain insight into the ethos or worldview of religious law in Hinduism, enabling them to get a feel for how dharma authors thought and why. Part Three contains brief studies of the impact and reception of Dharmasastra in other South Asian cultural and

textual traditions. Finally, Part Four draws inspiration from "critical terms" in contemporary legal and religious studies to analyze Dharmasastra texts. Contributors offer interpretive views of Dharmasastra that start from hermeneutic and social concerns today.

Containing All Acts Pertaining to Hindu Law from 1850 to 1961 and Hindu Digest, 1951-1961, as Amended Up to Date. With History of Amendments and Short Comments by S.N. Bagga All India Radio (AIR), New Delhi

The aim of the book is to explain the constant success in the TOEFL (Test of English as a Foreign Language) of speakers of the Indian language, Konkani, who live in Goa and to the south of Goa. The evidence seems to point, although inconclusively, to historical and sociolinguistic factors, some of which pertain to India as a whole, while others are unique to the Konkani-speaking regions.

A New History of Dharmaśāstra Sahitya Akademi

From the early days of colonial rule in India, the British established a two-tier system of legal administration. Matters deemed secular were subject to British legal norms, while suits relating to the family were adjudicated according to Hindu or Muslim law, known as personal law. This important new study analyses the system of personal law in colonial India through a re-examination of women's rights. Focusing on Hindu law in western India, it challenges existing scholarship, showing how - far from being a system based on traditional values - Hindu law was developed around ideas of liberalism, and that this framework encouraged questions about equality, women's rights, the significance of bodily difference, and more broadly the relationship between state and society. Rich in archival sources, wide-ranging and theoretically informed, this book illuminates how personal law came to function as an organising principle of colonial governance and of nationalist political imaginations.

WITH A BRAND NEW LOOK! ON FEBRUARY 22, 1980, KHORSHEED AND RUMI BHAVNAGRI'S WORLD WAS SHATTERED. ONE MONTH LATER, A NEW ONE OPENED. Khorshed and Rumi Bhavnagri lost their sons, Vispi and Ratoo, in a tragic car crash. With both their sons gone, the couple felt they would not survive for long. They had lost all faith in God until a miraculous message from the Spirit World gave them hope and sent them on an incredible journey.

The Texture to Contest Alienations Under Hindu Law Cambridge University Press

This volume offers a new understanding of the role of the media in the Portuguese Empire, shedding light on the interactions between communications, policy, economics, society, culture, and national identities. Based on an interdisciplinary approach, this book comprises studies in journalism, communication, history, literature, sociology, and anthropology, focusing on such diverse subjects as the expansion of the printing press, the development of newspapers and radio, state propaganda in the metropolitan Portugal and the colonies, censorship, and the uses of media by opposition groups. It encourages an understanding of the articulations and tensions between the different groups that participated, willingly or not, in the establishment, maintenance and overthrow of the Portuguese Empire in Angola, Mozambique, São Tomé e Príncipe, Cape Verde, Guinea-Bissau, India, and East Timor.

The Language of the Harappans Springer

This is one of the earliest books to present a collection of writings on the effects of globalization on India and Indian society. The editors have assembled a team of eminent academics to present a series of critical discussions about important issues of economy and agriculture, education and language, and culture and religion, based on ethnographic case studies from different localities in India. Globalizing India is a major contribution to South Asian Studies, interrogating a topic of contemporary importance – both within the region and internationally.
