A Brief History of Humankind Dunia
Pustaka Jaya
New York Times Bestseller A Summer
Reading Pick for President Barack Obama,
Bill Gates, and Mark Zuckerberg From a
renowned historian comes a
groundbreaking narrative of humanity's
creation and evolution—a #1 international
bestseller—that explores the ways in
which biology and history have defined us

and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the

global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we

want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

What would you do if you could live forever? Eleven-year-old Winnie Foster yearns for a life of adventure beyond her white picket fence, but not until she becomes unexpectedly entwined with the Tuck family does she get more than she could have imagined. When Winnie learns of the magic behind the Tuck's immortality, she must fight to protect their secret from those who would do anything for a chance at eternal life. As her adventure unfolds, Winnie faces an extraordinary choice: return to her life, or continue with the Tucks on their infinite

journey. Based on the best-selling children's classic by Natalie Babbitt, adapted for the stage by Claudia Shear and Tim Federle, and featuring a soaring score from Chris Miller and Nathan Tysen, the TYA edition of *Tuck Everlasting* is a condensed 70-minute version of the Broadway production, re-conceived by the authors to be performed by nine actors. Cambridge Advanced Learner's Dictionary KLETT VERSION Ideas Publishing "Music of the Baduy People of Western Java: Singing is a Medicine by Wim van Zanten is about music and dance of the indigenous group of the Baduy, consisting of about twelve-thousand people living in western Java. It covers music for rice rituals, for circumcisions and weddings, and music for entertainment. The book includes many photographs and several discussed audio-visual examples that can be found on figshare.com. Baduy should live a simple, ascetic life. However, there is a shortage of agricultural land and there are many temptations from the changing world around them. Little has been published on Baduy music and dance. Wim van Zanten's book seeks to fill this lacuna and is based on short periods of fieldwork

from 1976 to 2016"--

An Introduction to Discourse Analysis Routledge

At a small gallery in Florence, a Peruvian writer happens upon a photograph of a tribal storyteller deep in the jungles of the Amazon. He is overcome with the eerie sense that he knows this man...that the storyteller is not an Indian at all but an old school friend, Saul Zuratas. As recollections of Zuratas flow through his mind, the writer begins to imagine Zuratas's transformation from a modern to a central member of the unacculturated Machiguenga tribe. Weaving the mysteries of identity, storytelling, and truth, Vargas Llosa has created a spellbinding tale of one man's journey from the modern world to our origins, abandoning one in order to find meaning in both.

Peoples and Histories Harper Collins Sustainability defines the need for any society to live within the constraints of the land's capacity to deliver all natural resources the society consumes. This book compares the general differences between Native Americans and western world view towards resources. It will provide the 'nuts and bolts' of a sustainability portfolio

designed by indigenous peoples. This book introduces the ideas on how to link nature and society to make sustainable choices. To be sustainable, nature and its endowment needs to be linked to human behavior similar to the practices of indigenous peoples. The main goal of this book is to facilitate thinking about how to change behavior and to integrate culture into thinking and decision-processes.

How QAnon Became a Movement, Cult, and Conspiracy Theory of Everything

Irul yang merasa kesepian karena istrinya sedang dalam masa penyembuhan atas guncangan jiwanya, membuat penyakit lamanya kambuh. Ia muncul lagi sebagai Don Juan yang menakutkan beberapa wanita highclass untuk pengobat kesepiannya. Di antaranya adalah Marisa, rekan bisnisnya sendiri yang cintanya pernah ditolak oleh Fikri. Dan Diana, yang diam-diam menaruh hati pada Fikri. Hingga asmara gila sempat mereka jalani sampai kemudian Fikri murka karena merasa Lidya yang sebagai adik angkatnya dikhianati oleh Irul. Lain dengan Alzena. Ia malah berharap Fikri kembali pada Shira walau harus

menanggung luka cintanya. Sampai kemudian bertemu dengan lelaki baik yang bisa membunuh cintanya pada Fikri. Siapa lelaki itu? Dan Fikri... Kisahnya kali ini diganggu dengan kehadiran seorang perempuan misterius yang bermata bening dan mengenakan cadar serta setiap ucapannya selalu menggunakan ayat-ayat Al Qur'an, membuatnya jadi kagum dan sangat penasaran. Perempuan itu pun diam-diam selalu memperhatikan Fikri dari jauh. Ketika dikejar, perempuan itu seperti menghilang dan tidak bisa ditemukan jejaknya. Fikri pun berusaha ingin mencari tahu siapa gerangan perempuan misterius itu. Sampai akhirnya ia benar-benar kehilangan jejaknya lantas kerinduannya kembali tertumpu pada Shira. Ia yang semula cukup bisa menerima kenyataan bahwa Shira telah meninggalkannya ternyata berbuntut sebuah kerinduan mendalam dan memiliki keyakinan sendiri bahwa sebenarnya Shira pun masih mencintainya. Sampai akhirnya atas saran dari beberapa orang terdekatnya, ia terbang ke Paris dengan niat untuk memboyong Shira kembali ke Indonesia. Akankah Shira luluh dengan pengorbanan Fikri menyeberangi

samudera demi dirinya? Lalu bagaimana dengan Meyda yang kembali mengisi hari-hari Fikri? Bagaimana pula dengan kisah Leni dan Handi yang sudah menemukan tambatan hati masing-masing sementara keduanya kembali menjadi dekat? Dan berhasilkan niat Farhan menemui Leni untuk menjadikan pendamping hidupnya? *Apa Siapa Orang Sunda* University of Hawaii Press

A number of UN conventions and declarations (on the Rights of Indigenous Peoples, the Protection and Promotion of the Diversity of Cultural Expressions and the World Heritage Conventions) can be understood as instruments of international governance to promote democracy and social justice worldwide. In Indonesia (as in many other countries), these international agreements have encouraged the self-assertion of communities that had been oppressed and deprived of their land, especially during the New Order regime (1966-1998). More than 2,000 communities in Indonesia who define themselves as masyarakat adat or "indigenous peoples" had already joined

the Indigenous Peoples' Alliance of the Archipelago" (AMAN) by 2013. In their efforts to gain recognition and self-determination, these communities are supported by international donors and international as well as national NGOs by means of development programmes. In the definition of masyarakat adat, "culture" or adat plays an important role in the communities' self-definition. Based on particular characteristics of their adat, the asset of their culture, they try to distinguish themselves from others in order to substantiate their claims for the restitution of their traditional rights and property (namely land and other natural resources) from the state. The authors of this volume investigate how differently structured communities - socially, politically and religiously - and associations reposition themselves vis-à-vis others, especially the state, not only by drawing on adat for achieving particular goals, but also dignity and a better future.

An unprecedented examination of the ways in which the uninhibited urban sexuality, sexual experimentation, and

medical advances of pre-Weimar Berlin created and molded our modern understanding of sexual orientation and gay identity. Known already in the 1850s for the friendly company of its "warm brothers" (German slang for men who love other men), Berlin, before the turn of the twentieth century, became a place where scholars, activists, and medical professionals could explore and begin to educate both themselves and Europe about new and emerging sexual identities. From Karl Heinrich Ulrichs, a German activist described by some as the first openly gay man, to the world of Berlin's vast homosexual subcultures, to a major sex scandal that enraptured the daily newspapers and shook the court of Emperor William II—and on through some of the very first sex reassignment surgeries—Robert Beachy uncovers the long-forgotten events and characters that continue to shape and influence the way we think of sexuality today. Chapter by chapter Beachy's scholarship illuminates forgotten firsts, including the life and work of Dr. Magnus Hirschfeld, first to claim (in 1896) that same-sex desire is an immutable, biologically determined

characteristic, and founder of the Institute for Sexual Science. Though raided and closed down by the Nazis in 1933, the institute served as, among other things, "a veritable incubator for the science of transsexuality," scene of one of the world's first sex reassignment surgeries. Fascinating, surprising, and informative—Gay Berlin is certain to be counted as a foundational cultural examination of human sexuality. From the Hardcover edition.

Discourse analysis considers how language, both spoken and written, enacts social and cultural perspectives and identities. Assuming no prior knowledge of linguistics, *An Introduction to Discourse Analysis* examines the field and presents James Paul Gee's unique integrated approach which incorporates both a theory of language-in-use and a method of research. *An Introduction to Discourse Analysis* can be used as a stand-alone textbook or ideally used in conjunction with the practical companion title *How to do Discourse Analysis: A Toolkit*. Together they provide the complete resource for students studying discourse analysis.

Updated throughout, the fourth edition of this seminal textbook also includes two new chapters: 'What is Discourse?' to further understanding of the topic, as well as a new concluding section. A new companion website www.routledge.com/cw/gee features a frequently asked questions section, additional tasks to support understanding, a glossary and free access to journal articles by James Paul Gee. Clearly structured and written in a highly accessible style, *An Introduction to Discourse Analysis* includes perspectives from a variety of approaches and disciplines, including applied linguistics, education, psychology, anthropology and communication to help students and scholars from a range of backgrounds to formulate their own views on discourse and engage in their own discourse analysis. This is an essential textbook for all advanced undergraduate and postgraduate students of discourse analysis.

manusia dan kebudayaan Sunda. Tidak banyak buku atau tulisan tentang sejarah, tentang kesenian dan tentang segala sesuatu yang berkenaan dengan kebudayaan Sunda—terasa sekali kurangnya kalau dibandingkan dengan literatur tentang Jawa dan Bali. Entah mengapa para sarjana asing juga sedikit sekali yang menaruh perhatian terhadap orang Sunda dan kebudayaannya. Di kalangan orang Sunda sendiri tidak ada tradisi menulis dan menyusun dokumentasi, sehingga tak heran kalau generasi belakangan merasa "pareumeun obor," kehilangan petunjuk tentang hubungan dengan nenek-moyang dan saudara-saudara sendiri. Karena itu setelah *Ensiklopedi Sunda* terbit (2000), segera kami merasa perlu menyusun dan menerbitkan semacam "Who's Who" tentang orang Sunda sebagai database yang membuat biodata tentang orang-orang Sunda yang memperlihatkan prestasi menonjol dalam bidangnya masing-masing. A guide for mining the imagination to find powerful new ways to succeed. We need imagination now more than ever—to find new opportunities, rethink our businesses, and discover paths to growth. Yet too many companies have lost their ability to imagine. What is this mysterious capacity? How does imagination work? And how can organizations keep it alive and harness it

in a systematic way? The Imagination Machine answers these questions and more. Drawing on the experience and insights of CEOs across several industries, as well as lessons from neuroscience, computer science, psychology, and philosophy, Martin Reeves of Boston Consulting Group's Henderson Institute and Jack Fuller, an expert in neuroscience, provide a fascinating look into the mechanics of imagination and lay out a process for creating ideas and bringing them to life: The Seduction: How to open yourself up to surprises The Idea: How to generate new ideas The Collision: How to rethink your idea based on real-world feedback The Epidemic: How to spread an evolving idea to others The New Ordinary: How to turn your novel idea into an accepted reality The Encore: How to repeat the process—again and again. Imagination is one of the least understood but most crucial ingredients of success. It's what makes the difference between an incremental change and the kinds of pivots and paradigm shifts that are essential to transformation—especially during a crisis. The Imagination Machine is the guide you need to demystify and

operationalize this powerful human capacity, to inject new life into your company, and to head into unknown territory with the right tools at your disposal.

Buku hasil disertasi yang berjudul: "Orientasi Estetik Gaya Pirigan Kacapi Indung dalam Kesenian Tembang Sunda Cianjuran di Jawa Barat" telah menunjukkan beberapa perkara penting sebagai berikut: Pertama, Saudara telah menunjukkan fakta bahwa ekspresi budaya, dalam hal ini kacapi indung gaya Yusdiana dalam tembang Sunda Cianjuran" merupakan ekspresi individual dalam konteks kebudayaan. Artinya, sekalipun seseorang menampilkan gaya pribadinya tetapi tetap ia dapat mengkhayal karena dapat diterima sebagai bagian sistem budaya yang menjadi rujukan masyarakatnya. Dari sini, sesungguhnya dapat dipahami bahwa potensi kreatif senantiasa hadir dalam kehidupan manusia, sekalipun kehidupan warga masyarakatnya cenderung bersifat tradisional. Sekaligus ini menunjukkan potensi seni sebagai pemelihara nilai dan juga pembaharu dalam satu peradaban.

Kedua, dalam penelitian Sdr. tersirat bahwa suatu pemahaman fenomena kehidupan tidaklah selalu harus melihat fenomena dalam cakupan populatif yang luas. Penelitian Sdr. menunjukkan bahwa dengan memilih kasus individu secara tepat, dan dipertanggungjawabkan secara metodologis, dapat ditemukan prinsip-prinsip dasar secara teoretik untuk menjelaskan suatu bentuk fenomena kehidupan dan kemanusiaan – dalam hal ini kesenian. Temuan Sdr. dalam disertasi ini dapat membuka wawasan bagi pemahaman yang mendasar tentang peristiwa kecil tetapi berimplikasi universal dan berlaku umum. Ketiga, disertasi Saudara menunjukkan juga arti penting sebuah keunikan, yang kecil – dan kadang dianggap bukan masalah penelitian yang serius--, yang berbeda dalam kecenderungan keseragaman berpikir yang cenderung terjadi dewasa ini. Saya menegaskan di sini bahwa, barangkali, inilah sisi penting sumbangan dari bidang seni dalam kehidupan masyarakat bangsa Indonesia; keunikan dan keberbedaan dalam untaian kesatuan Nusantara. ---Prof. Dr. Tjetjep Rohendi Rohidi, MA---

Lesson Study has been actively introduced from Japan to various parts of the world, starting with the US. Such introduction is heavily connected with a focus on mathematics education and there is a strong misconception that Lesson Study is only for mathematics or science. The introduction is usually done at the departmental or form level and there has been a strong question about its sustainability in schools. This book comprehensively explores the idea of Lesson Study for Learning Community (LSLC) and suggests that reform for the culture of the school is needed in order to change learning levels among the children, teachers and even parents. In order for this to happen, the ways of management and leadership are also included as objectives of LSLC, as are practices at the classroom level. It argues that LSLC is a comprehensive vision and framework of school reform and needs to be taken up in a holistic way across disciplines. Chapters include: How to Create Time How to Build the Team How to Promote Reform How to Reform Daily Lessons How to Conduct a Research

Lesson How to Discuss Observed Lessons How to Sustain School Reform based on LSLC Strong interest in LSLC is already prevalent in Asian countries, such as Japan, China, Korea, Taiwan, Indonesia, Vietnam and Singapore and is now being introduced more in the west. This book will be of great interest to those involved in education policy and reform, and for practitioners of education at all levels.

 The aim of this book is to reflect on "vernacularity" and culture. It concentrates on two major domains: first it attempts to reframe our understanding of vernacularity by addressing the subject in the context of globalisation, cross-disciplinarity, and development, and second, it discusses the phenomenon of how vernacularity has been treated, used, employed, manipulated, practiced, maintained, learned, reconstructed, preserved and conserved, at the level of individual and community experience. Scholars from a wide variety of knowledge fields have participated in enriching and

engaging discussions, as to how both domains can be addressed. To expedite these aims, this book adopts the theme "Reframing the Vernacular: Politics, Semiotics, and Representation", organised around the following major sub-themes: • Transformation in the vernacular built environment • Vernacular architecture and representation • The meaning of home • Symbolic intervention and interpretation of vernacularity • The semiotics of place • The politics of ethnicity and settlement • Global tourism and its impacts on vernacular settlement • Vernacular built form and aesthetics • Technology and construction in vernacular built forms • Vernacular language - writing and oral traditions
