TYRESE HASSAN

A Dog's Tale Houghton Mifflin

I looked and saw water rushing in from Galveston Bay on one side and from the gulf on the other. The two seas met in the middle of Broadway, swirling over the wooden paving blocks, and I couldn't help but shudder at the sight. All of Galveston appeared to be under water. Galveston, Texas, may be the booming city of the brand-new twentieth century, but to Seth, it is the end of a dream. He longs to be a carpenter like his father, but his family has moved to Galveston so he can go to a good school. Still, the last few weeks of summer might not be so bad. Seth has a real job as a builder and the beach is within walking distance. Things seem to be looking up, until a storm warning is raised one

sweltering afternoon. No one could have imagined anything like this. Giant walls of water crash in from the sea. Shingles and bricks are deadly missiles flying through the air. People not hit by flying debris are swept away by rushing water. Forget the future, Seth and his family will be lucky to survive the next twenty-four hours. *Dark Water Rising* is a 2007 Bank Street - Best Children's Book of the Year.

In this poetic memoir, which won the Pura Belpré Author Award, was a YALSA Nonfiction Finalist, and was named a Walter Dean Myers Award Honoree, acclaimed author Margarita Engle tells of growing up as a child of two cultures during the Cold War.

Margarita is a girl from two worlds. Her heart lies in Cuba, her mother's tropical island country, a place so lush with vibrant life that it seems like a fairy tale kingdom. But most of the time she lives in Los Angeles, lonely in the noisy city and dreaming of the summers when she can take a plane through the enchanted air to her beloved island. Words and images are her constant companions, friendly and comforting when the children at school are not. Then a revolution breaks out in Cuba. Margarita fears for her far-away family. When the hostility between Cuba and the United States erupts at the Bay of Pigs Invasion, Margarita's worlds collide in the worst way possible. How can the two countries she loves hate each other so much? And will she ever get to visit her beautiful island again?

The First Men in the Moon Lorenz Educational Press

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret

knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Dark Water Rising Cliffs Notes

Assess student knowledge of the Texas Essential Knowledge and Skills (TEKS) for Science with two full-length Assessments for each subject. Questions provide students with the necessary practice needed to achieve academic success on STAAR.

Chapters on test-taking strategies and test anxiety build students' confidence and test-taking skills. Glossaries familiarize students with vocabulary terms and concepts found on state proficiency tests. Answers are provided in the Parent/Teacher Edition only.

Teacher Education and Practice, a peer-refereed journal, is dedicated to the encouragement and the dissemination of research and scholarship related to professional education. The journal is concerned, in the broadest sense, with teacher preparation, practice and policy issues related to the teaching profession, as well as being concerned with learning in the school setting. The journal also serves as a forum for the exchange of diverse ideas and points of view within these purposes. As a forum, the journal offers a public space in which to critically examine current discourse and practice as well as engage in generative dialogue. Alternative forms of inquiry and representation are invited, and authors from a variety of backgrounds and diverse perspectives are encouraged to contribute. Teacher Education & Practice is published by Rowman

& Littlefield.
