The Ultimate Phrasal Verb Book HarperCollins (UK)

A workbook that introduces the most frequently used idioms in English and shows you how to use them effectively. Collins Work on your Idioms is a new practice book for learners who want to increase the number of idioms they know and be confident in using them. Each unit presents students with a selection of idioms and clear examples of when and how to use them. This is followed by practice exercises to ensure the learner will be able to remember and use what they have learnt in their written and spoken English. Collins Work on your Idioms features the 300 most commonly used idioms, which have been carefully selected based on Collins Corpus research. It provides plenty of useful practice with authentic, up-to-date examples of usage in context, and is ideal for use alongside an idioms dictionary such as the Collins COBUILD Idioms Dictionary. Focuses on the 300 most commonly used idioms Twenty five 4-page units with clear presentation followed by practice exercises, which focus on showing students how and when to use the idioms they learn Idioms are grouped into themes, making it easier to memorize them Useful notes on American English variants Helpful study tips on learning and remembering idioms Contains an index for easy reference Includes the answer key, making it ideal for self-study Suitable for CEF level B1-C2

Work on Your Vocabulary Collins

A funny and heartwarming middle grade novel about a girl who writes letters to her favorite astronaut as America prepares for the moon landing.

A Second Book of English Idioms Collins Work on Your

Collins Easy Learning English Idioms leaves no stone unturned in its detailed exploration of common English idioms. Comprehensive and indispensable, this guide will help you make head or tail of contemporary English usage and become the cat's whiskers at communication. Providing a helpful and often fun guide to key English idioms, this reference also features explanations of use, real-world examples, usage guidance, and notes on where the idioms come from.

Idioms IdiomsB1-C2

Offers entries for over six thousand idioms, including seven hundred new to this edition, and provides background information, additional cross-references, and national variants.

How Americans Invented Expressions as Ingenious, Ornery, and Colorful as Themselves

Simon and Schuster

A study of the ways in which the unique attributes of the American character have shaped the American language

Advanced Everyday English HarperCollins

"Advanced Everyday English is designed in very much the same mode as the first book (Practical

Everyday English with audio CD) in that all of the examples will contain vocabulary and expressions you have studied on earlier pages. You will also find many words from the first book, which will give you an opportunity to revise the material. In this second book there is more of what one might call "serious" vocabulary, but there are plenty of phrasal verbs and idioms as well. The book will be of particular benefit to those readers with an advanced level of English who wish to become (or who already are) interpreters, translators or teachers of English, or who simply want to be able to speak and understand English at a very high level. In addition, people who need to read English language journals or converse in English on a daily basis, either in business or for pleasure, will find it very useful."--Publisher's description.

Essential Idioms in English Barron's Educational Series

New York Times Bestseller • Finalist for the 2018 National Book Critics Circle Award in Nonfiction • A New York Times Notable Book • Bloomberg Best Book of 2018 "Their distinctive contribution to the higher-education debate is to meet safetyism on its own, psychological turf . . . Lukianoff and Haidt tell us that safetyism undermines the freedom of inquiry and speech that are indispensable to universities." —Jonathan Marks, Commentary "The remedies the book outlines should be considered on college campuses, among parents of current and future students, and by anyone longing for a more sane society." —Pittsburgh Post-Gazette Something has been going wrong on many college campuses in the last few years. Speakers are shouted down. Students and professors say they are walking on eggshells and are afraid to speak honestly. Rates of anxiety, depression, and suicide are rising—on campus as well as nationally. How did this happen? First Amendment expert Greg Lukianoff and social psychologist Jonathan Haidt show how the new problems on campus have their origins in three terrible ideas that have become increasingly woven into American childhood and education: What doesn't kill you makes you weaker; always trust your feelings; and life is a battle between good people and evil people. These three Great Untruths contradict basic psychological principles about well-being and ancient wisdom from many cultures. Embracing these untruths—and the resulting culture of safetyism—interferes with young people's social, emotional, and intellectual development. It makes it harder for them to become autonomous adults who are able to navigate the bumpy road of life. Lukianoff and Haidt investigate the many social trends that have intersected to promote the spread of these untruths. They explore changes in childhood such as the rise of fearful parenting, the decline of unsupervised, child-directed play, and the new world of social media that has engulfed teenagers in the last decade. They examine changes on campus, including the corporatization of universities and the emergence of new ideas about identity and justice. They situate the conflicts on campus within the context of America's rapidly rising political polarization and dysfunction. This is a book for anyone who is confused by what is happening on college campuses today, or has children, or is concerned about the growing inability of Americans to live, work, and cooperate across party lines.

Dictionary of English Phrasal Verbs and Their Idioms Oxford University Press

All the information learners of English need to understand and use phrasal verbs confidently.

The Big Red Book of Spanish Idioms HarperCollins (UK)

Intermediate This whimsical collection of colloquialisms entertains students while providing insight into French-language idioms, customs, and humor. Grouped according to theme — from "Our Animal Friends" to "Speaking About the Body" to "Food for Thought" — the idioms are illustrated with humorous cartoons that provide keys to understanding the literal and real meanings.

A Practice Book for Learners at Pre-Intermediate Level 101... Language Series

Clearer pronunciation for better communication If your English accent is letting you down, this is the perfect book for you. You'll see and hear how to soften the influence of your mother tongue and speak clear English everyone will understand. Professional accent coaches Sarah and Helen show you how to pronounce each sound and when to use them. They will help you recognize why your native language makes you mispronounce certain sounds and which sounds you therefore need to focus on. Collins Work on your Accent features: Thirty-six units on the main consonant and vowel sounds in English "What am I doing wrong?" section looks at the mistakes you are most likely to be making based on your native language Advice on rhythm, stress and pitch Videos, illustrations and photos demonstrating the correct positions to produce accurate sounds A DVD-ROM with video and audio clips providing clear nativespeaker model pronunciation Extra practice sections concentrating on the most problematic sounds CEF level B1-C2 Suitable for self-study and classroom use.

Collins Work on Your Vocabulary Collins

Always CAUGHT OUT by phrasal verbs? DIVE INTO this book to FIND OUT how these common -- but confusing -- verbs work. WORK THROUGH the practice exercises and LISTEN TO the free audio to BRUSH UP ON these everyday verbs and make your English more fluent and natural.

A Practice Book for Learners at Upper Intermediate Level Penguin

Books in the popular Easy Way series present basic subject matter in clear language. Material is presented in a way that makes these books ideal as self-teaching guides, but Easy Way titles are also preferred by many teachers as supplements to classroom textbooks. General readers seeking out information often turn to Easy Way titles for general background and orientation when starting out in new career-related fields. All Easy Way books contain both short quizzes and longer tests with answers to help readers gauge their learning progress. Subject heads and key phrases are set in a second color for quick and easy reference This book covers much the same material that is taught on a college introductory level. A brief history and overview of modern psychology is followed by chapters on perception, conditioning and learning, states of consciousness, human sexuality, personality testing, abnormal behavior and its treatments, and more.
