More Than Money CHANGDER OUTLINE
More Than Money asks one question in many ways, using questions and stories to reframe your career decisions for life's essential purpose: What will your contribution be? The answer will tell you how you will be remembered, how future generations will think of you when they look at your ancestral tree, and when your eulogy is read, whether or not you'd be proud of what is said....More Than Money is meant to complement a business school education. Whereas a rapidly growing number of schools now have courses in sustainable development, microfinance, corporate social responsibility, and social enterprise, few have material to help you

develop a sustainable career. The book is written so that whether you are considering business school, entering business school, a current student, or a graduate, it should speak directly to you. I know. I've sat in your seat.

What is money? Much of one's adult life is spent gathering and protecting what they

believe to be money. Given the inordinate amount of time spent by humans trying to

obtain money, is it sufficient to simply define it by the name of a national

currency? The premise of this book is that

it is not, and the ability to correctly answer the question is what will determine the very fate of mankind.
