Cunningham] on Amazon.com. *FREE* shipping on qualifying offers. Accounting Information for Business Decisions, 3rd edition Accounting Information for Business Decisions, 3rd edition ...Managerial accounting is very effective in highly competitive and fast-paced business environments where quick decisions need to be made. These decisions might have to do with a sales tactic, budgeting or cash flow management. Managerial accounting will use operational data to make sense of the situation quickly. What Is Managerial Accounting and How It Helps Managers? Business managers need accounting information to make sound leadership decisions. Owners and investors hope for profits that may eventually lead to distributions from the business (e.g., “dividends”). Creditors are always concerned about the entity’s ability to repay its obligations. Governmental units need information to tax and regulate.
