Instructions* Anran Ip
Camera Reset1. Please
put the camera next to
the NVR, and connected
the camera to the power
supply 2. Please go to
“Video Manage” and
delete the “IP
disconnected” camera

from below. 3. Press the
camera’s reset button for
13-15 seconds (the button
next to the camera’s
power cord) and then wait
about 1 minutes. The
camera automatically
restarts. 4.FAQ –
