An Introduction To Statistical
Learning "An Introduction to Statistical
Learning (ISL)" by James, Witten, Hastie
and Tibshirani is the "how to" manual for
statistical learning. Inspired by "The
Elements of Statistical Learning" (Hastie,
Tibshirani and Friedman), this book
provides clear and intuitive guidance on
how to implement cutting edge statistical
and machine learning
methods. Introduction to Statistical
Learning An Introduction to Statistical
Learning provides an accessible overview
of the field of statistical learning, an
essential toolset for making sense of the
vast and complex data sets that have
emerged in fields ranging from biology to
finance to marketing to astrophysics in the
past twenty years. This book presents
some of the most important modeling and
prediction techniques, along with relevant
applications. An Introduction to Statistical
Learning: with Applications ... Introduction.
