For Finite Mathematics  
(MATH 1324) A survey of  
finite mathematics and its

application to problems of  
business and the natural  
and social sciences.

Topics include set theory,  
probability, an  
introduction to matrices,  
linear programming, and  
an introduction to  
statistics. (Core

Curriculum course) Finite  
Mathematics (MATH 1324)
