How To Drive Stick Like A Pro Detroit Iron

Are you wishing to master the driving stick? Are you trying to be fully in charge of your manual car as you've heard it's way more satisfying than an automatic one? But you've also heard it's not easy. There are gearshifts to master, your engine can stall, your car can roll backward on a hill, and understanding the clutch is a nightmare. So, what if I told you using a clutch is no more difficult than using a faucet, or that your car's handbrake is a lot more than just a 'parking brake', or that I can teach you - in one sentence - how to avoid ever stalling your engine? I've already taught thousands of people how to drive stick - men and women of all ages - normal people, not engineering students or race car engineers. And I can teach you. This book is definitely what you've looking for.

A complete step-by-step guide that will teach you everything you need to know. In 2018 I created a company called Shift Bay Area. My goal was to provide a fun and educational experience for people wanting to learn how to properly drive a manual transmission car, and since then we've successfully instructed thousands of students and have grown to become Northern California's preferred stick shift driving school. Based on customer demand we decided to take our most popular behind-the-wheel stick shift driving lesson and expanded it into an eBook with over 150 illustrations to aid the

written content. This eBook will cover high-level conceptual topics, 1st gear and clutch control, reverse gear, how to upshift to 2nd gear, proper upshifting and downshifting techniques in the higher gears, and we'll finish with hill control, where we'll learn about parking on hills and how to start from inclines. At the end of this eBook you'll have a complete overview of what's necessary to safely and properly operate a manual transmission car, and we'll build your confidence so that you can use the skills you learn in the real world. Some people call it learning how to drive stick or how to drive a manual. Whatever you call it, both are the same. Many drivers never learn how to drive a car with a manual transmission, or stick shift. The ability to drive a stick shift will allow you to drive any type of vehicle regardless of it is automatic or manual. You've heard that a driving stick gives you more control of your car in every situation, from a passing maneuver to descending a snowy hill. You've heard driving a stick shift car is more economical at the gas pump. You've heard it's more fun. But you've also heard it's hard to learn. There are gearshifts to master, your engine can stall, your car can roll backward on a hill, and understanding the clutch is a nightmare. So, what if I told you using a clutch is no more difficult than using a faucet, or that your car's handbrake is a lot more than just a 'parking brake', or that I can teach you - in one sentence - how to avoid ever stalling your engine? A call for women everywhere to forget perfectionism and start winging it. Emma Isaacs forgot to draw up her life plan. She doesn't have a list of five-year goals, and she doesn't believe in work-life balance. Yet somehow she's managed to found a multimillion-dollar global organization, become a highly sought-after speaker and media commentator, and be recognized as a prominent voice in women's leadership—all while raising six young children. So how does she do it all? She dives in headfirst and wings it. Women are notorious over-preparers and underestimators when it comes to their own readiness to try something new. But as Emma teaches, what most often holds us back are our own fears, excuses, and doubts. With her revolutionary manifesto, *Winging It*, Emma has written a rallying cry for all women to “do the things that scare you, build your wealth, make an impact, fail lots, and get up and try again.” Through hilarious stories, targeted prompts, and timeless advice, Emma will inspire you to get clear on what really matters and go after your dreams, one messy step at a time. Get ready to stop hiding behind the safe option or the perfect plan—and start winging it.
