ACLS Study Guide Mosby Incorporated
500 flashcards make it easy to study ACLS anytime, anywhere! Corresponding to Aehlert: ACLS Study Guide, 3rd Edition, these flashcards offer a quick, concise overview of the information you need to know to pass ACLS. Each card includes a question on the front and an answer on the back. Offered in book format, these flashcards may be removed and organized by topic. 500 study cards cover each ACLS topic. Full-color design allows for color coding and easy correlation with the ACLS Study Guide. Numerous high-quality illustrations - including practice rhythm strips - offer visual clarity for easier understanding of ACLS concepts. A newly combined vascular access and medication

section covers methods to access the venous circulation and common medications used during cardiac emergencies. Case studies give you the opportunity to practice correct patient management. Perforation allows you to remove the cards to make your own customized study decks. Content corresponds to Aehlert: ACLS Study Guide, 3rd Edition and the 2005 ECC guidelines. 100 cards on dysrhythmia recognition with 30 new practice rhythm strips provide a great refresher on rhythm recognition. 34 new cards cover special resuscitation situations.

A Comprehensive Study Guide Mosby Incorporated
Organized and easy-to-use, this book of flashcards provides the perfect method for students to prepare for upcoming tests or to go over difficult concepts. The material is organized sequentially, following the study guide, covering all aspects of ACLS. Each card includes a question on the front and an answer on the back, as

well as a hole in the top corner, to aid in making a custom deck or organizing the cards on a ring. The cards are also small and portable, so they can be taken anywhere for instant practice. Barbara Aehlert is an acknowledged and accomplished expert in the field of ACLS, and she is able to convey her vast knowledge in a clear and easy-to-read writing style. The material covered stands alone, so that the cards can be used with or without ACLS Quick Review Study Guide (ACLS QRSG). Full color presentation allows for color-coding and easy correlation with the ACLS QRSG, making it easier to find topics for additional study. With a total of 500 flashcards, the information is quite comprehensive, spanning the entire spectrum of ACLS topics. Material on myocardial infarction and dysrhythmia recognition with practice rhythm strips provides exhaustive coverage of heart-related difficulties. More than 60 cards on airway alone gives a solid review of this critical topic. "Putting It All Together" chapter features 50 case studies, encouraging students to use their critical thinking skills to determine the correct management of the patient. More than 160 vivid images illustrate difficult concepts, show actual pieces of equipment, and add depth to case studies. Cards are not only perforated, but they are also hole-punched, allowing students to thread them onto a ring and take their own customized deck anywhere. Completely updated to correspond with the most current emergency cardiovascular care guidelines and the second edition of the book, the cards are ideal for students already using the book (available in a convenient combo package for this purpose).

Advanced Cardiovascular Life Support Instructor Manual Mosby Incorporated

Cardiac arrest can strike a seemingly healthy individual of any age, race, ethnicity, or gender at any time in any location, often without warning. Cardiac arrest is the third leading cause of death in the United States, following cancer and heart disease. Four out of five cardiac arrests occur in the home, and more than 90 percent of individuals with cardiac arrest die before reaching the hospital. First and foremost, cardiac arrest treatment is a

community issue - local resources and personnel must provide appropriate, high-quality care to save the life of a community member. Time between onset of arrest and provision of care is fundamental, and shortening this time is one of the best ways to reduce the risk of death and disability from cardiac arrest. Specific actions can be implemented now to decrease this time, and recent advances in science could lead to new discoveries in the causes of, and treatments for, cardiac arrest. However, specific barriers must first be addressed. Strategies to Improve Cardiac Arrest Survival examines the complete system of response to cardiac arrest in the United States and identifies opportunities within existing and new treatments, strategies, and research that promise to improve the survival and recovery of patients. The recommendations of Strategies to Improve Cardiac Arrest Survival provide high-priority actions to advance the field as a whole. This report will help citizens, government agencies, and private industry to improve health outcomes from sudden cardiac arrest across the United States.

Pediatric Advanced Life Support Provider Manual Mosby Incorporated

The Save a Life Initiative has just released its newest course: Advanced Cardiac Life Support (ACLS). This manual is based on the 2015-2020 Advanced Cardiac Life Support guidelines published by the American Heart Association. The Advanced

Cardiac Life Support (ACLS) Provider Handbook is a comprehensive resource intended for health care professionals currently enrolled in an Advanced Cardiac Life Support Certification or Recertification Course. It serves as the primary training material for ACLS Certification and Recertification courses. Although it is primarily intended for use during their courses, the handbook was also created to serve as daily reference material for health care professionals. Information covered in the handbook includes ACLS instruction for adults and children through multiple case scenarios. Case scenarios include, but are not limited to, respiratory arrest, ventricular fibrillation and bradycardia. Specific ACLS Algorithms and more are also included within the handbook. All material included in this handbook is delivered in a manner meant to enhance learning in the most comprehensive and convenient way possible.
