Organizational Behavior Pearson Prentice Hall

For Courses in Organizational Behavior Applying Organizational Behavior Contemporary Organizational Behavior: From Ideas to Action is an unconventional text that approaches Organizational Behavior in conceptual, contextual, and experiential ways. Using real world examples and expert advice, the First Edition engages students, rather than merely introducing vocabulary and terms. A combination of Topic Summaries, Case Studies, and Experiential Exercises introduce OB concepts to students while challenging them to understand them in applied situations.

Mullins: Organisational Behaviour in the Workplace Prentice Hall

This concise introduction to Organisational Behaviour has been developed specifically for short courses and/or non-specialist business students. It focuses on the core topics of the discipline in a detailed and engaging way, providing a readable introduction to the key theory and offering real-life examples to show its application in practice. Written for students on undergraduate and postgraduate degree programmes, this text is particularly suitable for students of non-business disciplines (e.g. engineering, IT, social sciences and others) who are taking an introductory module in business.

Essentials of Organizational Behavior, Plus MyManagementLab with Pearson EText Prentice Hall

This brief alternative for the organisational behaviour course covers all the key concepts needed to understand, predict and respond to the behaviour of people in real world organisations, including cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course.

Understanding and Managing Organizational Behaviour Global Edition Prentice Hall

Everything you need to know about organisational behaviour in the workplace for your future career in management, in one industry-leading text. Organisational Behaviour in the Workplace, 12th edition by Laurie Mullins is the new, modernised edition of the text Management & Organisational Behaviour, ideal for students and professionals. This new version guides students through the person-organisation relationship, shedding new light on aspects regarding the understanding, prediction, and control of human behaviour at work. By incorporating new engaging content and a range of case studies, this revised edition applies theories around the concepts of individual personality and groups, and leadership and management, aiming to help you understand all aspects of organisational behaviour, performance, and culture, from theory to practice. Key features include: Overview topic map that improves the flow of topics and facilitates the connection with other chapters. Organisational Behaviour in Action — a series of case studies that give valuable insight into real-world examples. 'You' — critical thinking questions that encourage self-reflection and active reading. New section Critical Thinking Zone, written by practitioner Dr. Jacqueline McLean, demonstrating activities that develop critical thinking via different viewpoints in researched articles. Personal skills and employability sections that help you develop your social and work-based skills in preparation for life after studying. Conceptual mind maps of complex topics that aid understanding and revision. Student companion website that includes further information, self-test questions, and helpful videos. With a plethora of questions, activities, and employability sections, this market-leading text supports your deeper understanding of the subject and the development of your critical thinking and employability skills, which will prove invaluable later in your career.

Essentials of Organizational Behavior Pearson Higher Ed

Robbins: Leading the way in OB Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB books - this is not merely a subset of material from Robbin's Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to apply and think strategically about what they have just learnt.

Organizational Behavior Pearson Higher Ed

A comprehensive textbook, completely refreshed to engage students through real life case studies and develop their critical thinking. A new title to reflect the focus on organisational behaviour and written specifically for undergraduate first year students.

Organizational Behavior, Updated Global Edition Pearson Higher Education AU

Essentials of Organizational Behaviour Pearson Higher Ed

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.
