 ...The New-CimSession cmdlet creates a Common Information Model (CIM) session. A CIM session is a client-side object representing a connection to a local computer or a remote computer. The CIM session contains information about the connection, such as ComputerName, the protocol used for the connection, session ID and instance ID.
 New-CimSession | PDQ.com
 CIM: Common Information Model (CIM) is the DMTF standard [DSP0004] for describing the structure and behavior of managed resources such as storage, network, or software components. WMI: Windows Management Instrumentation (WMI) is a CIM server that implements the CIM standard on Windows.
 Introduction to CIM Cmdlets | PowerShell
 After these commands are ran the session will be torn down. If we want to keep the session up we need to use the "New-CIMSession" command. Look at these two examples for creating a new CIM session:
 #Create DCOM session options and DCOM Session
 \$o1 = New-CimSessionOption -Protocol DCOM \$s1 = New-CimSession -Computername localhost -SessionOption \$o1

 Add-ons and CIM. Splunk add-ons are most commonly used to bring a new data source into the Splunk platform. Most add-on developers design their add-ons to be used with the Splunk Common Information Model (CIM) in order to work with the larger Splunk ecosystem. Splunk-developed add-ons provide the field extractions, lookups, and event types needed to map data to the CIM, allowing

customers to ...
 Add-ons and CIM - Splunk Documentation
 CIM enables architects and planners to come together and work on a set of 3D models. This in return, creates an interactive project which promotes real-time collaboration. When the architects and engineers are collaborating, planning and sharing the information of the project, they are effectively employing CIM.
 What is CIM? (Construction/Civil Information Modeling ...
 CIM is a community-focused real estate and infrastructure owner, operator, lender and developer. Our in-house team of experts works together to identify and create value in real assets, benefiting the communities in which we invest. Back in 1994, our three founders focused on projects in Southern California neighborhoods.
