The Ethiopian Bible is the oldest and most complete bible on earth. Written in Ge'ez an ancient dead language of Ethiopia it's nearly 800 years older than the King James Version and contains over 100 books compared to 66 of the Protestant Bible. The Ethiopian Bible includes the Books of Enoch, Esdras, Buruch and all 3 Books of Meqabyan (Maccabees), and a host of others that were excommunicated

from the KJV. Books of the Ethiopian Bible features 20 of these books that are not included in the Protestant Bible.

The Expedition to Magdala of 1867-1868 was a memorable event in British Military history of warfare in general, and in the history of Ethiopia. Meticulously planned and executed, the campaign was a

triumph for its commander, Sir Robert Napier. It was notable for the use of Elephants imported from India, the building of a port railway and the use of breech-loading rifles, the first time they employed in War.

Select Parts of the Holy Bible, Selected for the Use of the Negro Slaves, in the British West-India Islands Ashgate Publishing, Ltd. This is a translation (8th edition-2013) of The Aramaic New Testament (Aramaic was the language of Jesus and his countrymen of 1st century Israel) in a literal English prose translation of The Peshitta New Testament. A translation of the Psalms & Proverbs from the ancient Peshitta OT Version is included at the end. This translation is derived from the author's Aramaic-English Interlinear New Testament and The Psalms & Proverbs interlinear. Aramaic was used in Mel Gibson's film "The Passion of the Christ" to make the film as realistic and accurate as possible. This New Testament will surprise and thrill the reader with its power and inspiration coming from the words of "Yeshua" ("Jesus" in ancient Aramaic) as He originally spoke them, in a literal and readable English rendering. 389 pages

paperback without notes

**Acts (Brazos Theological Commentary on the Bible)** Harper Collins

Building on the success of the Jewish Annotated New Testament (JANT) and the Jewish Study Bible (JSB), Oxford University Press now proceeds to complete the trilogy with the Jewish Annotated Apocrypha (JAA). The books of the Apocrypha were virtually all composed by Jewish writers in the Second Temple period. Excluded from the Hebrew Bible, these works were preserved by Christians. Yet no complete, standalone edition of these works has been produced in English with an emphasis on Jewish tradition or with an educated Jewish audience in mind. The JAA meets this need. The JAA differs from prior editions of the Apocrypha in a number of ways. First, as befits a Jewish Annotated Apocrypha, the volume excludes certain texts that are widely agreed to be of Christian origin. Second, it expands the scope of the volume to include Jubilees, an essential text for understanding ancient Judaism, and a book that merits inclusion in the volume by virtue of the fact that it was long considered part of the canon of the

Ethiopian Orthodox Church (the text is also revered by Ethiopian Jews). Third, it has restructured the order of the books so that the sequencing follows the logic that governs the order of the books in the Jewish canon (Law, History, Prophecy, Wisdom and Poetry). Each book of the Apocrypha is annotated by a recognized expert in the study of ancient Judaism. An Introduction by the editors guides readers though the making of the volume and its contents. Thematic essays by an impressive array of scholars provide helpful contexts, backgrounds and elaborations on key themes.

*Missing from the Protestant Canon*  
Langham Publishing

According to some sources, this book was once the original start of the Bible. We do know at one time that it was once part of the Bible, being referred to in Joshua and Second Samuel. It also survived the burning of the Alexandria Library in about 389 AD due to a fast acting custodian. Albinus Alcuin later found this work and did the original translation of it from Hebrew in 800 AD. It was later suppressed but rediscovered in 1829, when it was once again suppressed. Only now has it

reemerged to become widely available and judged properly for its value. Note: A more common 64 page version is in circulation, but is a proven forgery.

*The Earth Walkers* Tsehai Publishers

The first one-volume Bible commentary produced in Africa by African theologians to meet the needs of African pastors, students and lay leaders. It furnishes powerful and relevant insights into the biblical text that transcend Africa in their significance.

Answers to the most common questions and misconceptions about the Bible Seven Things I Wish Christians Knew about the Bible is a short and readable introduction to the Bible--its origins, interpretation, truthfulness, and authority. Bible scholar, prolific author, and Anglican minister Michael Bird helps Christians understand seven important "things" about this unique book: how the Bible was put together; what "inspiration" means; how the Bible is true; why the Bible needs to be rooted in history; why literal interpretation is not always the best interpretation; how the Bible gives us knowledge, faith, love, and hope; and how Jesus Christ is the center of

the Bible. Seven Things presents clear and understandable evangelical account of the Bible's inspiration, canonization, significance, and relevance in a way that is irenic and compelling. It is a must read for any serious Bible reader who desires an informed and mature view of the Bible that will enrich their faith.

**Horses & Humans - Our Journey Together on Planet Earth** Routledge

The Earth Walkers is a story of the relationship of horses, humans, and planet earth. It is a simple story that over time we, as humans, have complicated. Once, all three lived in harmony, but humans viewed this as primitive, savage, or wild. And so we began to make our existence together more civilized. In our interference, we began to lose respect for our planet and all that lived upon it, including ourselves. One of the three, though, remained steadfast throughout the story. Horses, except in their physical appearance, have neither changed nor tried to change anything, just being themselves, constantly at our sides. Tracing the story of the relationship from the beginning of time, the unique bond between humans and horses is explored

through different civilizations and cultures up to present day. It tracks the journey of the two species and the effect they had on earth as they walked around it. It also tells the story of how—when in times of disruption, chaos, and imbalance—earth has spoken to us, giving us signs; and horses have always been there, guiding us to a path back home. It is a path to a home on earth where all can live in harmony and at peace—a path that we will hopefully choose to walk together once again.

Too often the Septuagint is misunderstood or, worse, ignored in New Testament studies. In this book R. Timothy McLay makes a sustained argument for the influence of the Greek Jewish Scriptures on the New Testament and offers basic principles for bridging the research gap between these two critical texts. McLay explains the use of the Septuagint in the New Testament by looking in depth at actual New Testament citations of the Jewish Scriptures. This work reveals the true extent of the Septuagint's impact on the text and theology of the New

Testament. Indeed, given the textual diversity that existed during the first century, the Jewish Scriptures as they were known, read, and interpreted in the Greek language provided the basis for much, if not most, of the interpretive context of the New Testament writers. Complete with English translations, a glossary of terms, an extensive bibliography, and helpful indexes, this book will give readers a new appreciation of the Septuagint as an important tool for interpreting the New Testament.

#### **Christianity, 1498-1973** Orbis Books

A pilgrim spirituality for Holy Land travel, *Jerusalem Bound* resources the Christian traveler with biblical, historical, and contemporary images of the pilgrim life. Integrating historical sources, on-the-ground experience, and the voices of global pilgrims, *Jerusalem Bound* presents a fresh approach to pilgrimage, explores pilgrim identity and the Holy Land experience, offers ideas for Holy Land travel, and encourages pilgrims to focus upon the Other as much as themselves. Unique among Holy Land resources, *Jerusalem Bound* discusses material that is

seldom addressed on a Holy Land journey: the motives of Holy Land pilgrims, the history of the Christian Holy Land, understanding the holy sites, pilgrim practices, material objects, and the challenges of Holy Land pilgrimage. Emphasizing the incarnational nature of lived experience, the book encourages pilgrims to derive meaning in both the highs and lows of religious travel. Attentive to the transformational nature of pilgrimage, *Jerusalem Bound* is ultimately interested in Christian formation and the aftermath of the Holy Land journey.

#### When Adults Read Aloud TAX & LAW PRESS

In this volume, an internationally renowned historian of Christian doctrine offers a theological reading of Acts. Now in paper. "[A] significant commentary. . . . Pelikan asks big questions: what is sin? what were the earliest creeds? what is the nature of apostleship? He is sensitive to nuances of Greek but not obsessed by them. As such, this book will be helpful to preachers and, to a lesser extent, general readers who are sometimes flummoxed by more specialized and technical biblical commentaries." --Publishers Weekly New

series volumes will continue to release in cloth, but as older volumes reprint, they will release in paper.

#### The Orthodox Christian World The Red Sea Press

The rapid growth of Christianity in the global south is not just a demographic shift—it is transforming the faith itself. The *Encyclopedia of Christianity in the Global South* traces both the history and the contemporary themes of Christianity in more than 150 countries and regions. It includes maps, images, and a detailed timeline of key events.

*The Glory of Kings* Rowman & Littlefield From the dramatic find in the caves of Qumran, the world's most ancient version of the Bible allows us to read the scriptures as they were in the time of Jesus.

#### **Jerusalem Bound** Anchor Books

The *Book of Jubilees*, an ancient text which details the history of the division of the Laws of Moses, is presented here complete. The text discusses the laws revealed to Moses and treats his character as a second creator of the world. Each chapter covers a range of history spanning 49 years, with Moses life story and other

principal events told over a course of 2,410 years. Perhaps most importantly from a theological perspective, the book discusses the angels and how these entities formed a vital component of the Earth's creation. Enoch was taught by fallen angels; through them, he discovered writing and history. We also hear that early man was formed from a mating of Earthly humans and fallen angels, but that these hybrids were killed during the Great Flood. The status of the Book of Jubilees was not properly ascertained until the 20th century, with the famous discovery of the Dead Sea Scrolls. Prior to this, the only manuscripts of Jubilees that were available date to the 15th/16th centuries in what is today Ethiopia, which left scholars unsure of its true origins. Modern scholars agree that the text dates to approximately 150 BC. Today, the text is mostly held as canonical in Ethiopia, while the Protestant and Catholic churches consider the work pseudepigrapha. Robert Henry Charles, the translator of this edition, was an Irish theologian and scholar who translated a range of Old Testament apocrypha and pseudepigrapha. Highly respected, he contributed entries pertaining to his field

to the Encyclopedia Britannica, and spent his later years as the archdeacon of Westminster, London.

**Oral Literacies** Wm. B. Eerdmans Publishing

A book of poetic essays written in English, Kahlil Gibran's *The Prophet* is full of religious inspirations. With the twelve illustrations drawn by the author himself, the book took more than eleven years to be formulated and perfected and is Gibran's best-known work. It represents the height of his literary career as he came to be noted as 'the Bard of Washington Street.' Captivating and vivified with feeling, *The Prophet* has been translated into forty languages throughout the world, and is considered the most widely read book of the twentieth century. Its first edition of 1300 copies sold out within a month.

[The Oldest Known Bible Translated for the First Time into English](#) Balboa Press

The Slave Bible is one of the most powerful examples of manipulation using a controlled narrative. The Christian faith was the narrative being controlled, making the Slave Bible the ultimate propaganda tool and the greatest lie ever told.

**A Study of the Relationship between the Ethiopian Orthodox Church and Evangelical Churches in Ethiopia** Baker Academic

This is the first book to focus exclusively on an examination of early 21st-century adult reading aloud. The dominant contemporary image of reading in much of the world is that of a silent, solitary activity. This book challenges this dominant discourse, acknowledging the diversity of reading practices that adults perform or experience in different communities, languages, contexts and phases of our lives, outlining potential educational implications and next steps for literacy teaching and research. By documenting and analysing the diversity of oral reading practices that adults take part in (on- and offline), this book explores contemporary reading aloud as hugely varied, often invisible and yet quietly ubiquitous. Duncan discusses questions

such as: What, where, how and why do adults read aloud, or listen to others reading? How do couples, families and groups use oral reading as a way of being together? When and why do adults read aloud at work? And why do some people read aloud in languages they may not speak or understand? This book is key reading for advanced students, researchers and scholars of literacy practices and literacy education within education, applied linguistics and related areas.

#### Hebrew Into English New Line

Ethiopia is a land of endless stories and histories, many never heard outside this elusive country. With a history stretching back more than 3,000 years, Ethiopians are a justifiably proud people. John Graham has tirelessly traversed Ethiopia, and explored many nooks and crannies of this ancient country in an effort to tell the story of its peoples. Ethiopia: Off the Beaten Trail is an informal and informative look at a country that is generally overlooked as a tourist destination. After decades of isolation, Ethiopia is now opening its arms to visitors again. From the Aksum to the remote mountain

monastery where the Ark of the Covenant is said to be kept, Graham paints a vivid picture of Ethiopia and provides a window to its unseen gems.

*Off the Beaten Trail* Wipf and Stock Publishers

Annotation. Debates over the ethics of war, economic redistribution, resource consumption and the rights and responsibilities associated with membership of a political community are just some of the major conflicts of principle identified and analyzed by Thomas Kane which characterize world politics today.
