*The Bear Who Stared* Independently  
Published

Diggers are noisy, strong, and big. Diggers can carry and push and dig. Diggers have shovels to scoop and lift, blades that bulldoze, shunt, and shift. Sloshing and squelching, and smashing and bashing, the construction machinery does its work - manned by a friendly animal gang - in this lively story now in an attractive board book format perfect for small hands.

Young children will adore it as will the adults who get to read aloud these irresistible rhymes!

**Tremendous Tractors** Pan Macmillan  
After a long, secret military buildup, China launches a swift and deadly attack on Taiwan. But that's only their first move in a much deadlier game. In Rick Campbell's thrilling *Empire Rising*, Xiang Chenglei, Chinese president and party secretary, has both a problem and a plan. The problem is that China's limited supply of oil is threatening to derail its economic growth and prosperity. Having failed to win access to a greater supply diplomatically, he sets

his backup plan in motion. And what is war, but diplomacy by other means? The U.S. Pacific Fleet is the major military force in the area, and when Taiwan is invaded, the fleet is sent in to repel the invading Chinese forces. The U.S. military expects it to be an easy operation, but after a decades-long, top-secret buildup, China has military capabilities far greater than the United States is aware of. With hidden batteries of long range missiles, advanced cyber warfare capabilities, and a submarine fleet wielding a secret weapon, China is able to overwhelm the American fleet. In fact, China all but wipes out the

U.S. Pacific Fleet—leaving them free to turn to their real objective—invasion and expansion across Asia, starting with the four main islands of Japan. While the Atlantic Fleet surges westward to defend its allies and respond to the destruction of their counterparts, it falls to an unlikely alliance of three people to stop this incursion and prevent an all-but-inevitable global war. National Security Advisor Christine O'Connor has critical information, but she's trapped in Beijing; Captain Murray Wilson, commanding officer of the submarine USS Michigan must somehow infiltrate the Chinese submarine blockade; and Navy SEAL Jake Harrison must lead a strike team into the most hostile of territories with only hours to implement the most daring plan ever.

Phoenix Sub Zero Kingfisher

A funny and charming picture book with heart from rising star Duncan Beedie - now shortlisted for the Waterstones Children's Book Prize 2017. There once was a bear who liked to stare... and stare... and STARE. Bear doesn't mean to be rude, he's just curious but too shy to say anything. But nobody likes being stared at and it soon gets Bear into trouble. Luckily a

goggly-eyed frog helps Bear realise that sometimes a smile is all you need to turn a stare into a friendly hello.

Busy Boats Super Submarines

This charming concertina book follows the journey of a little submarine on an expedition under the sea. Folding out to nearly 8 feet, children can look at all the different things the submarine sees on its way, as it travels past a pod of whales, across a coral reef and spooky shipwreck, and close to an underwater volcano and strange, deep-sea creatures. Playful text guides the journey, providing fun shared experience and conversation starter for parents and young children. The reverse side of the concertina features spot illustrations picked out from the main scene, with a more expansive information about each element, from submarines to ocean life.

Submarines Kingfisher

Rockets they have power. They rise and roar. This rocket's waiting, ready to soar. Zoom to the moon with a crazy crew of astronauts in this sparkling picture book. Zippy wordplay, zappy art, plus a picture dictionary make learning about space travel fun!

**Submarines and Submersibles** Sterling Publishing Company, Inc.

Terrific Trains follows the animal crew as they travel the railroads. Climb on board and whiz down the track to discover different types of trains and how rail travel works. Every page of this chunky board book is full of details machine-mad toddlers love: diesel, steam, and electric engines, the signals, and so much more! From airplanes to fire engines, the internationally bestselling Amazing Machines series is the perfect way for children to learn about all sorts of vehicles! Each book introduces a new vehicle and the jobs it can do. Bright, engaging artwork and simple, rhyming text combine to make these fantastic books for young children. Kids will love getting to know the friendly, animal characters who feature throughout the series and reading about their fast-paced adventures!

Scratch 3 Programming Playground Kingfisher

Tremendous, chuggy tractors, so sturdy and so strong, hitching up to farm machines and pulling them along. Climb aboard a tractor with a trio of animal

farmers in this lively story, now in an attractive board book format perfect for small hands. Young children will adore it as will the adults who get to read aloud these irresistible rhymes!

**Amazing Machines: Super Submarines**  
Macmillan

This picture book makes learning about helicopters fun.

African Adventure Macmillan

From airplanes to fire engines, the internationally bestselling *Amazing Machines* series is the perfect way for children to learn about all sorts of vehicles! Each book introduces a new vehicle and the jobs it can do. Bright, engaging artwork and simple, rhyming text combine to make these fantastic books for young children. Kids will love

getting to know the friendly, animal characters who feature throughout the series and reading about their fast-paced adventures!

A Guided Tour Inside a Nuclear Warship

DK Publishing (Dorling Kindersley)

From playing in the park to cuddles at bedtime, being with Mummy makes every moment of every day special. *With My Mummy* is a heartwarming picture book and the perfect gift to share time and time again. Days with my mummy are always such fun, and ever so special together, as one. A touching celebration of the special relationship between mother and child. Warmly told in gentle rhyme by James Brown and brought to life with charming illustrations by Cally Johnson-Isaacs. Companion title, *With My Daddy*, is also available to enjoy together.

Templar Publishing

Rhyming text and illustrations describe different kinds of cars, including fast cars, police cars, taxis, and convertibles.

*Brilliant Boats* Nosy Crow

Patrol the streets with some cool animal drivers in this cheerful picture book all about police cars. Lively wordplay, vibrant art, plus a visual dictionary, make this title

a must-have for bookshelves everywhere. This book is filled with humorous rhyming text by the award-winning poet Tony Mitton, which perfectly complements Ant Parker's bold, bright illustrations. A picture dictionary identifying police car parts builds vocabulary and makes learning about police cars exciting and fun.

**My Daddy the Submariner** No Starch Press

Your 14 favorite storybooks inside one fantastic fire truck! The bestselling Amazing Machines series of picture storybooks is now available in a fabulous box set. With 14 mini storybooks inside, the Big Truckload of Fun collection is the perfect gift for every preschooler who loves vehicles. From airplanes and ambulances to rockets and tractors, these critically acclaimed picture books are full of fun rhyming text, bright artwork, and wacky animal characters to engage and delight young children as they learn about machines. Each book includes a helpful illustrated glossary of technical words to help build vocabulary.

*A Magic Lens Book* Kingfisher

The Hegira is the finest super-sub that Arab oil money can buy. But the U.S. Navy

is only now learning just how good this undersea sword of Islam is. Already one American sub has been destroyed, and another crippled, as the Hegira breaks out of the Mediterranean and heads toward America to deliver its lethal payload. Now it's up to Captain Michael Pacino and the USS Seawolf to find the enemy sub and destroy it—in the ultimate battle between the most advanced weapons technology on the planet...and the sheer force of human courage.

*Activities and Inspiration to Rewild Childhood* Kingfisher

This DK Reader follows a team of scientists down to the ocean's depths in a vivid introduction to the world of underwater craft. Full color.

*What a Submarine Sees* Kingfisher

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete

became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall

Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurbly adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning

News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks* *Submarine* Doubleday Books for Young Readers The sensational German bestseller on the overwhelming role of drug-taking in the Third Reich, from Hitler to housewives. ‘Bursting with interesting facts’ Vice ‘Extremely interesting ... a serious piece of

scholarship, very well researched’ Ian Kershaw The Nazis presented themselves as warriors against moral degeneracy. Yet, as Norman Ohler’s gripping bestseller reveals, the entire Third Reich was permeated with drugs: cocaine, heroin, morphine and, most of all, methamphetamines, or crystal meth, used by everyone from factory workers to housewives, and crucial to troops’ resilience - even partly explaining German victory in 1940. The promiscuous use of drugs at the very highest levels also impaired and confused decision-making, with Hitler and his entourage taking refuge in potentially lethal cocktails of stimulants administered by the physician Dr Morell as the war turned against Germany. While drugs cannot on their own explain the events of the Second World War or its outcome, Ohler shows, they change our understanding of it. *Blitzed* forms a crucial missing piece of the story.
