A romance author with a serious case of writer's block. A plan to find a muse, write the book, then walk away. But plans are made to be broken. My name is Molly Brinks, but most people know

me as Vivienne Foxx, bestselling author of chance meetings, stolen glances, and the much-needed happily ever after. At the age of twenty-nine-plus-one, I am at the top of my game...professionally. My personal life is a completely different story, one best left untold. Success has its sacrifices and I've been more than happy to put my search for Prince Charming on the back burner while I create fictitious tales of the naïve virgin, the broken girl with a torrid past, and the strong-willed student finding their own Mr. Right... Until one hell of a case of writer's block and a tight deadline set by my publisher forces me to go in search of inspiration. Armed with an account on every dating website out there, I devise a plan. Meet some nice, professional men. Go on a few dates. Hope one of

them has the spark I need to finish my book. Then walk away. But plans are made to be broken. And inspiration can be found in the most unlikely of places. My name is Molly Brinks, and this is my story about Writing Mr. Right. Avoiding Mr. Wrong Thomas Nelson Inc My book encapsulates information about how lies can ruin lives and also may lead to possible death. There are many weaknesses in a humans life; and to err is human. There are many reasons to be promiscuous, but one of the reasons for a promiscuous life is if you have a weakness in your life that makes you vulnerable. I believe there are two ways

to get sexually active or turned on, • One way is through two people who are attracted to each other, coming together and touching. • The other, is by the influence of a sexual stimulant Something as simple as unwanted sexual stimulant, could lead to a promiscuous life which again may or may not lead to sexually transmitted disease, consequently leading to death. I hope this book is enlightening and helpful to the reader.
