"Why Conexiones? Welcome to the sixth edition of *Conexiones: Comunicación y cultura!* Since the very beginning we have worked to provide a complete intermediate program that brings a broad learner audience to a true intermediate level of proficiency. With each edition, we strive to provide continuity from first- to second-year Spanish with engaging and pedagogically sound materials. After completion of our program, when learners go to use Spanish in their work or personal lives, they will have developed confidence in the language and the ability to express themselves on topics relevant to the issues of our time. Why is *Conexiones* such an effective tool for language learning? Because it provides solutions to the most common challenges of language teaching: ? A solid yet flexible bridge from introductory to intermediate Spanish. Our program meets learners where they are, and allows instructors the flexibility of adapting lessons to varying needs and levels. *Conexiones* takes learners from speaking words and phrases to creating with language; from writing lists and short messages to expressing meaning in practical ways; from understanding of key words and cognates to understanding simple speech and texts. Our program guides learners to an intermediate high level of proficiency as defined by ACTFL's Proficiency Guidelines 2012"--

The heritage of Indigenous Peoples has long been researched and commented upon from the outside. This book adopts an innovative approach by engaging with the heritage of Indigenous Peoples from the 'inside'. On 13th September 2007, member states of the United Nations adopted the UN Declaration on the Rights of Indigenous Peoples (UNDRIP), a momentous occasion marking wide political recognition of Indigenous Peoples' rights. Ten years on, this book explores the areas - both substantive and geographic- dealing with the heritage and rights of Indigenous Peoples globally. Written jointly by indigenous and non-indigenous scholars, the chapters offer an insight into the issues faced by Indigenous Peoples under the umbrella themes of land, spirituality and self-determination. The case studies - which span four continents - not only highlight the various resilient and imaginative ways in which Indigenous Peoples are managing to sustain, develop and transform their heritage, but also offer an insight into the areas where the implementation of UNDRIP is most needed. On the 10th anniversary of UNDRIP, this book therefore serves as a clarion call to states, transnational enterprises and policymakers to act in accordance with the tenets of the UN Declaration and take indigenous perspectives, ontologies and worldviews seriously.
