Teaching Lab Science Courses Online New York : A. B. Burdick
Teaching Lab Science Courses Online is a practical resource for educators developing and

teaching fully online lab science courses. First, it provides guidance for using learning management systems and other web 2.0 technologies such as video presentations, discussion boards, Google apps, Skype, video/web conferencing, and social media networking. Moreover, it offers advice for giving students the hands-on “wet laboratory” experience they need to learn science effectively, including the implications of implementing various lab experiences such as

computer simulations, kitchen labs, and commercially assembled at-home lab kits. Finally, the book reveals how to get administrative and faculty buy-in for teaching science online and shows how to negotiate internal politics and assess the budget implications of online science instruction. The year is 635,039 A.D.,
and the world has
descended into an ice
age. Human beings no
longer rule the Earth.
Instead, a post-human

race of creatures has
emerged from the chaos,
and they are hell-bent on
destroying "prehistoric
man" in order to take
control of the planet.
Against them stands
nothing but a prophecy,
foretelling the victorious
arrival of the Seventh
Shepherd. Jebden Gale is
an unlikely hero. Living in
an isolated village deep
within the new ice sheet,
he has a special ability to
connect with a higher
power. Although he
despises his relationship
with the gods, Jebden
appears to be chosen by

them for greatness. Could
he possibly be the
Seventh Shepherd? Time
is short. The godless post-
human hordes sweep the
world, destroying
surviving human enclaves
one by one while their
dying race waits for a

strengthen Jebden, the
gods must forge a
partnership among the
few remaining humans
with the ability to guide
their chosen one. But will
Jebden realize his destiny
in time, or will his
weakness mean the end
of the human race?

MAJOR BHAAJAN

RETURNS. Book three in the Skolian Empire Major Bhaajan series by Catherine Asaro. SURVIVE THE CITY OF CRIES Bhaajan grew up in the Undercity, a community hidden in the ruins buried beneath the glittering City of Cries. Caught between the astonishing beauty and crushing poverty of that life, and caught by wanderlust, she enlisted in the military. Now retired, Major Bhaajan is a private investigator who

solves cases for the House of Majda, a powerful royal family centered in Cries. The powerful elite of the City of Cries are disappearing, and only Bhaajan, who grew up in the Undercity, can find them—if she isn't murdered first. At the publisher's request, this title is sold without DRM (Digital Rights Management). About the Major Bhaajan series: ". . . riveting. . . The world is rich and vivid, with two distinct cultures in the Undercity and the aboveground City of Cries.

This exciting novel stands alone for anyone who enjoys science fiction adventure."—Publishers Weekly (starred review) "Asaro plants herself firmly into that grand SF tradition of future history franchises favored by luminaries like Heinlein, Asimov, Herbert, Anderson, Dickson, Niven, Cherryh, and Baxter . . . They don't write em like that anymore! Except Asaro does, with . . . up-to-the-minute savvy!"—Locus "Baahjan, who starts out keeping an emotional distance from

the people in the Undercity soon grows to think of them as her community once more. Asaro . . . returns to the Skolian empire's early history to tell Bhaajan's story."—Booklist "Asaro delivers a tale rich with the embedded history of her world and bright with technical marvels. Her characters are engaging and intriguing and there is even a bit of romance. What really touched my heart was Bhaaj's interaction with the children of the aqueducts. I spent the last fifty pages

of the book sniffing into a tissue."—SFcrowd "I'm hooked, both on her writing and her Skolian universe. This book had everything I wanted: strong characters, a new and unique world, and a plot that isn't as simple as it first appears."—TerryTalk About the Skolian Saga: "Entertaining mix of hard SF and romance."—Publishers Weekly "Asaro's Skolian saga is now nearly as long and in many ways as compelling as Dune, if not more so, featuring a

multitude of stronger female characters."—Booklist "Rapid pacing and gripping suspense."—Publishers Weekly

The signature creation of cartoonist Roger Langridge, Fred the Clown is the thinking man's idiot. Fred has an eye for the ladies, as well as several other organs, but the only part of themselves they're willing to share with him is a carefully placed kneecap. Fred the Clown's

misadventures are a curious balance of bleakness and joyful absurdism; the universe may dump on Fred from a great height, but he never gives up. More often than not, they involve the pursuit of a lady—any

lady will do, it seems, but bearded ladies are at the top of the list. Disappointment seems inevitable, and it usually is; yet, almost despite himself, Langridge will occasionally give Fred a happy ending out of

nowhere... p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}
