SANTOS DULCE

Gurus in America Osho International

One of the greatest spiritual teachers of the twentieth century encourages you to embrace your childlike curiosity and reconnect it to your adult sensibilities. *Innocence, Knowledge, and Wonder: What Happened to the Sense of Wonder I Felt as a Child?* looks to each person's last state of innocence—childhood—to recover the ability to truly be curious. Osho discusses why it is important to look to our “inner child” and how it can help you understand the person you have become. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Unio Mystica Watkins Media Limited

Jo Ettles' life changed the day a psychic said to her, "By the way, tell your husband to clean out his shed, when he does this luck will come back into your lives," and so began a journey in spring cleaning her environment and her life. *The Shed: Change Your Life By Cleaning Out Your Shed!* is a book about how the chaos in our external environment affects the positive energy flow in all areas of your life. "Your home is your safe haven, your body is what carries you through this life, and your thoughts determine how you feel and respond to the world. Clearing each one of these areas and filling them with love, laughter and beauty will bring your life immense joy. Mess and disorganisation according to feng shui principles is thought to create blockages and stagnant energy, and it also reflects a cluttered mind. Devoting time and energy to organising your surroundings and your life enables greater productivity and the potential for anything." - Jo Ettles. This is a book for everyone who wants to make positive, practical and real changes in their life through an easy ten step clean up program for the body, mind and soul.

Destiny, Freedom, and the Soul Osho International

Body Mind Balancing: Using Your Mind to Heal Your Body features meditation methods from one of the twentieth century's greatest spiritual teachers. Many everyday discomforts and tensions arise from the fact that we are alienated from our bodies. With the help of Osho's *Body Mind Balancing*, readers will learn to talk to and reconnect with their bodies. After just a short time, readers will begin to appreciate how much the body has been working for them and supporting them, and from this new perspective one can find new ways to work with the body and create a more harmonious balance of body and mind. Accompanying the book is a CD featuring the meditative therapy “Reminding Yourself of the Forgotten Language of Talking to Your BodyMind,” spoken by meditation teacher Anando Hefley. Developed by Osho, it guides the listener in reconnecting with his or her body and creating a new and greater sense of well-being. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The Golden Future St. Martin's Griffin

In the Buddhist terminology 'Buddha' is equivalent to 'truth'. They don't talk much about truth; they talk much more about Buddha. That too is significant, because when you become a Buddha --

'Buddha' means when you become Awakened -- truth is, so why talk about truth? Just ask what awakening is. Just ask what awareness is -- because when you are aware, truth is there; when you are not aware, truth is not there.

The Divine Melody Fivestar

Silence usually is understood to be something negative, something empty, an absence of sound, of noises. This misunderstanding is prevalent because very few people have ever experienced silence. All that they have experienced in the name of silence is noiselessness. But silence is a totally different phenomenon. It is utterly positive. It is existential, it is not empty. It is overflowing with a music that you have never heard before, with a fragrance that is unfamiliar to you, with a light that can only be seen by the inner eyes. It is not something fictitious; it is a reality, and a reality which is already present in everyone -- just we never look in. All our senses are extrovert. Our eyes open outside, our ears open outside, our hands move outside, our legs... all our senses are meant to explore the outside world.

Life Is a Soap Bubble Diamond Pocket Books (P) Ltd.

In "Belief, Doubt, and Fanaticism", Osho brings his unique and often surprising perspective to the religious, political, social and economic forces that drive people into opposing camps, fanatical groups, and belief systems that depend on seeing every "other" as the "enemy." As always, the focus is first and foremost on the individual psyche and consciousness, to identify the root causes and hidden demons of our human need to belong and have something to "believe in."

Yoga, the Alpha and the Omega Simon and Schuster

On an ancient treatise on the Hindu yoga system; lectures delivered in Bombay, December 1973-January 1974.

Innocence, Knowledge, and Wonder Watkins Media Limited

"Death cannot be denied by repeating that death does not exist. Death will have to be known, it will have to be encountered, it will have to be lived. You will have to become acquainted with it." —Osho
 Why are we afraid of death? How do I relax in the certainty of death? Is the theory of reincarnation true? How can I celebrate death as you suggest? With depth, clarity, compassion, and even humor, Osho answers these questions and many others, shedding new light on this most sacred of mysteries and providing practical guidance for meditation and support. In *The Art of Living and Dying*, Osho not only reveals that our fear of death is based on a misunderstanding of its nature, but that dying is a tremendous opportunity for inner growth. Death is not an event but a process—and one that begins with birth. Each exhalation is a small death; each inhalation, a rebirth. When life is lived consciously and totally, death is not a catastrophe but a joyous climax.

Fear Osho Media International

Understand the life and teachings of Osho, one of the twentieth century's most unusual gurus and philosophers, in *Autobiography of a Spiritually Incorrect Mystic*. In 1990, Osho prepared for his departure from the body that had served him for fifty-nine years—in the words of his attending physician—"as calmly as though he were packing for a weekend in the country." Who was this man, known as the Sex Guru, the "self-appointed bhagwan" (Rajneesh), the Rolls-Royce Guru, the Rich Man's Guru, and simply the Master? Drawn from nearly five thousand hours of Osho's recorded talks, this is the story of his youth and education, his life as a professor of philosophy and years of travel teaching the importance of meditation, and the true legacy he sought to leave behind: a religion-less religion centered on individual awareness and responsibility and the teaching of "Zorba the Buddha," a celebration of the whole human being. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his

teachings continues to expand, reaching seekers of all ages in virtually every country of the world.
[The Power of Love](#) St. Martin's Griffin

These songs of Kabir are nothing but the overflowing of that melody that he has heard. These songs are nothing but the overflowing of the flood that he has received into his innermost being. These songs are no longer ordinary songs. These songs are not only those of a poet but those of a mystic - one who knows knows by living it; one who has tasted God who is drunk with God. -Osho
Power, Politics, and Change St. Martin's Griffin

Osho, one of the greatest spiritual thinkers of the twentieth century, explores the connections between ourselves and others in *Love, Freedom, and Aloneness: The Koan of Relationships*. In today's world, freedom is our basic condition, and until we learn to live with that freedom, and learn to live by ourselves and with ourselves, we are denying ourselves the possibility of finding love and happiness with someone else. Love can only happen through freedom and in conjunction with a deep respect for ourselves and the other. Is it possible to be alone and not lonely? Where are the boundaries that define "lust" versus "love"...and can lust ever grow into love? In *Love, Freedom, and Aloneness* you will find unique, radical, and intelligent perspectives on these and other essential questions. In our post-ideological world, where old moralities are out of date, we have a golden opportunity to redefine and revitalize the very foundations of our lives. We have the chance to start afresh with ourselves, our relationships to others, and to find fulfillment and success for the individual and for society as a whole. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

I Teach Love Of Life This Was The Basis Of All Of Osho S Teachings, And One That Was Often Lost In The Controversies That Surrounded Him For Most Of His Career As A Spiritual Guide. A Man Of Vast Learning Who Had Read Everything He Could Find To Broaden His Understanding Of The Belief Systems And Psychology Of Modern Man, He Was At The Same Time Completely Original In His Approach, Insisting On Finding Out The Truth For Himself Rather Than Accepting What Had Been Taught By Others. Iconoclastic Yet Persuasive, Lucid Yet Grounded In A Wealth Of Theological Knowledge, His Message Found A Worldwide Audience. In Life S Mysteries The Reader Is Introduced To Some Of The Key Tenets Of Osho S Philosophy. A Sampling: Life: I Teach The Art Of Living Your Life Totally, Of Being Drunk With The Divine Through Life. Love: If You Really Want To Know About Love, Forget About Love And Remember Meditation (Just As) If You Want To Bring Roses Into Your Garden, Forget About Roses And Take Care Of The Rosebush... In The Right Time, The Roses Are Destined To Come. Sex: If It Can Give Birth To A Child, To A New Life...You Can Imagine Its Potential: It Can Bring A New Life To You Too. Enlightenment: You Should Not Make Any Effort, You Should Relax And Enlightenment Comes. Death: To Me Death Is Not The End Of Life But...The Very Climax...If You Have Lived Rightly, If You Have Lived Moment To Moment Totally, If You Have Squeezed Out The Whole Juice Of Life, Your Death Will Be The Ultimate Orgasm.
[Life's Mysteries](#) St. Martin's Griffin

Explores and explains the fundamental difference between psychology, therapy and meditation. "Enlightenment" in Western cultures has long been associated with the 18th century movement that brought about a new "age of reason." As Zen, Buddhism, and other eastern wisdom traditions have captured the imagination of the West, "enlightenment" has come to be known as a specific state of consciousness attained by an individual on a spiritual or meditative path. However, the Judeo-Christian context, with its belief in a divine power "out there" and separate from the individual, hinders most Westerners' ability to comprehend "enlightenment" in the Eastern sense. Our theistic conditioning leads to such common misunderstandings as perceiving enlightenment as the attainment of supernatural powers, or as something achievable only by those who are somehow "special." In this work, Osho deconstructs these misunderstandings and offers a radically different view of enlightenment, freed from all spiritual and religious beliefs - including the distortions of asceticism and renunciation that have arisen in Eastern and Western cultures both. Taking the reader step by step through the history of how both East and West have approached the mysteries of the human mind and spirituality, Osho offers a simple science of consciousness that he calls "the psychology of the buddhas." It is a science that in very clear terms shows how one can, through awareness and taking full responsibility for one's life, go beyond all limited belief systems, habits, and superstitions of the mind. That process, he says, brings us back to our nature - and that is enlightenment.

Joy Fivestar

In Living on Your Own Terms: What Is Real Rebellion?, one of the twentieth century's greatest spiritual teachers reveals how you can resist the rules and regulations that oppose your values while retaining your own individuality. "People can be happy only in one way, and that is if they are authentically themselves. Then the springs of happiness start flowing; they become more alive, they become a joy to see, a joy to be with; they are a song, they are a dance."—Osho
 Decades after the rebellions of the 1960s, new generations are again challenging and rebelling against outdated structures and values, focusing on political and economic systems and their failings. But this generation has the opportunity and responsibility to move the development of human freedom to the next level. Osho's philosophies will support these future generations in expanding their understanding of freedom and pushing toward new systems for humanity. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every

country of the world.

[Moral, Immoral, Amoral](#) Osho Media International

Entering into the Unknown This question and answer book tells a true story of great trust, love, and humor between Osho and those who have gathered around him again after a long separation. Fresh from their adventures and experiences as seekers alone in the marketplace, this book is full of genuine, pertinent questions and enlightened responses from Osho that will inspire each one of us to live our full potential and risk walking on the razor's edge of life. "You have taken the first step towards reality, now never look backwards, however dangerous it seems - because as questions and answers and I and you start disappearing, you will find yourself entering into a more and more unknown space. This I call 'the razor's edge'." — Osho

Love, Freedom, and Aloneness Penguin Books India

Strong emotions that we don't know how to handle effectively lie at the core of so many difficulties in the life of the individual. They can affect our relationships with loved ones, and how we function in our work. They play a profound role in how we feel about ourselves, and can even affect our physical health. And we are too often trapped in the dilemma of "expression" versus "repression." Expressing our emotions can often hurt others, but by repressing them - even in the benevolent guise of "self-control" - we risk hurting ourselves. Osho offers a third alternative, which is to understand the roots of our emotions and to develop the knack of watching them and learning from them as they arise, rather than being "taken over" by them. Eventually we find that even the most challenging and difficult situations no longer have the power to provoke us and cause us pain. Osho's unique insight into the workings of the mind, the heart, and the essence or "being" of the individual goes far beyond the understandings of conventional psychology. Over more than three decades of work with people from all walks of life, he has developed simple techniques and insights to help modern-day men and women to rediscover their own inner silence and wisdom.

[The Hidden Splendor](#) Jaico Publishing House

Gurus in America provides an excellent introduction to the guru phenomenon in the United States, with in-depth analyses of nine important Hindu gurus—Adi Da, Ammachi, Mayi Chidvilasananda, Gurani Anjali, Maharishi Mahesh Yogi, Osho, Ramana Maharshi, Sai Baba, and Swami Bhaktivedanta. All of these gurus have attracted significant followings in the U.S. and nearly all have lived here for considerable periods of time. The book's contributors discuss the characteristics of each guru's teachings, the history of each movement, and the particular construction of Hinduism each guru offers. Contributors also address the religious and cultural interaction, translation, and transplantation that occurs when gurus offer their teachings in America. This is a fascinating guide that will elucidate an important element in America's diverse and ever-changing spiritual landscape.

Love Letters to Life Macmillan

A provocative look at the pursuit of material success and influential power from one of the twentieth century's greatest spiritual teachers. "I want you to be rich in every possible way—material, psychological, spiritual. I want you to live the richest life that has ever been lived on the earth."—Osho
Fame, Fortune, and Ambition: What is the Real Meaning of Success? examines the symptoms and psychology of preoccupations with money and celebrity. Where does greed come from? Do values like competitiveness and ambition have a place in bringing innovation and positive change? Why do celebrities and the wealthy seem to have so much influence in the world? Is it true that money can't buy happiness? These questions are tackled with a perspective that is thought-provoking, surprising—and particularly relevant to our troubled economic times. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Enlightenment Is Your Nature Osho Media International

Osho goes into the depths of life's eternal questions while speaking on the sutras of the Isa Upanishad—the most ancient words of wisdom available to mankind. For over 35 years, Osho spoke to international audiences of seekers, addressing their essential questions and concerns. The international press calls him "A 21st Century Prophet" and "an oracle of modern times." His books and audio lectures are international bestsellers. Osho himself says that he is neither a prophet nor a philosopher; he is simply sharing his own experience. The Sunday Times of London described him as "one of the 1000 makers of the 20th century" and American author Tom Robbins has called him "the most dangerous man since Jesus Christ"—both comments reflecting the profound influence of his revolutionary approach to the science of inner transformation. Spoken with authority, clarity, sharpness and humor, his insights address both the timeless and timely concerns that tend to escape our notice in the clamor and overload of daily life.

Autobiography of a Spiritually Incorrect Mystic Fivestar

Power, Politics, and Change takes on the conventional wisdom that "power corrupts" and proposes instead that those who seek power are already corrupt: Once they attain their goal, their corruption simply has the opportunity to express itself. That's why even those who seek power in order to bring about radical change so often fail, despite their best intentions. Osho looks at where this "will to power" comes from, how it expresses itself not only in political institutions, but in our everyday relationships. In the process, he offers a vision of relationships and society based not on power over others, but on a recognition of the uniqueness of every individual. *Power, Politics, and Change* includes an original talk by Osho on DVD. This visual component enables the reader to experience the direct wisdom and humor of Osho straight from the source. The Osho Life Essentials series focuses on the most important questions in the life of the individual. Each volume contains timeless and always-contemporary investigations and discussions into questions vital to our personal search for meaning and purpose, focusing on questions specific to our inner life and quality of existence.
