From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge

fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Whether you are looking at small solutions for cutting down the stress in your life or taking the big leap toward the simpler life, this book can be your guide. Janet Luhrs, the nationally recognized founder and editor of the Simple Living Journal, brings together strategies, inspiration, resources, and real-life profiles of people who have slowed down, overcome obstacles, and created richer lives. This satisfying story explores the powerful impact of our actions on the world around us. When his father takes a new job in Massachusetts, Ben Moroney must leave behind his best friend Tony, a western banded gecko named Lenny, and worst of all, the Arizona desert home he has loved and explored. Ben's adjustment to his new environment is not going well until he unexpectedly finds a kindred spirit in his eccentric fifth-grade science teacher, Mrs Tibbets. She introduces him to the rare and elusive Eastern spadefoot toads that make their home on her rural property. When Ben discovers that Mrs. Tibbets's land may be sold to developers, he knows he has to do something. As Ben's obsession with saving the spadefoot toads' habitat grows, his schoolwork and his relationships with his family and new friends suffer. But just when it seems things can't get any worse, Ben finds a way to meet his responsibilities to the people around him and demonstrates the importance of even the smallest efforts to save the earth's rapidly disappearing habitats. With great environmental themes, this appealing middle grade novel comes from renowned storyteller and two-time Grammy Award winner Bill Harley.

Suze Orman has transformed the concept of personal finance for millions by teaching us how to gain control of our money -- so that money does not control us. She goes beyond the nuts and bolts of managing money to explore the psychological, even spiritual power money has in our lives. The 9 Steps to Financial Freedom is the first personal finance book that gives you not only the knowledge of how to handle money, but also the will to break through all the barriers that hold you back. Combining real-life recommendations with the motivation to overcome financial anxieties, Suze Orman offers the keys to providing for yourself and your family, including: * seeing how your past holds the key to your financial future * facing your fears and creating new truths * trusting yourself more than you trust others * being open to receiving all that you are meant to have * understanding the lessons of the money cycle The 9 Steps to Financial Freedom is useful advice and inspiration from the leading voice in personal finance. As Orman shows, managing money is far more than a matter of balancing your checkbook or picking the right investments. It's about redefining financial freedom -- and realizing that you are worth far more than your money.

"The perfect housekeeping guide for somebody who is overwhelmed with their mess and can't figure out how to start." -Lifhacker "An accessible guide on how to clean for normal people." -Livestrong "It actually changed my life and my home; I'm serious." -Book Riot Finally, a housekeeping and organizational system developed for those of us who'd describe our current living situation as a "f*cking mess" that we're desperate to fix. Unf*ck Your Habitat is for anyone who has been left behind by traditional aspirational systems. The ones that ignore single people with full-time jobs; people without kids but living with roommates; and people with mental illnesses or physical limitations. Most organizational books are aimed at traditional homemakers, DIYers, and people who seem to have unimaginable amounts of free time. They assume we all iron our sheets, have linen napkins to match our table runners, and can keep plants alive for longer than a week. Basically, they ignore most of us living here in the real world! Interspersed with lists and challenges, this practical, no-nonsense advice relies on a 20/10 system (20 minutes of cleaning followed by a 10-minute break; no marathon cleaning allowed) to help you develop lifelong habits. It motivates you to embrace a new lifestyle in manageable sections so you can actually start applying the tactics as you progress. For everyone stuck between The Life-Changing Magic of Tidying Up and Adulthood, this philosophy is more realistic than aspirational, but the goal is the same: not everyone will have a showcase of a home, but whatever your habitat, you deserve for it to bring you happiness, not stress.

From the "Marie Kondo of paper" comes a simple and accessible guide to paper management. Americans are drowning in paper. We keep stacks of it on the kitchen counter, stash it in drawers, and store file cabinets full of documents that we never even look at. Studies show that fully 85 percent of the paper in our lives can be tossed--but which 85 percent? And how do we organize and manage the 15 percent that remains? With The Paper Solution, founder of Organize365 Lisa Woodruff delivers a proven, step-by-step guide for what to shred, what to save, and how to sort what's left behind. With her method, you'll learn: • What documents you must absolutely hold on to • Which papers you can dispose of today • How to ditch your bulky filing cabinets and make your vital documents accessible and portable And at the heart of it all is the Sunday Basket: a box that sits on your counter and corrals those stray bills, forms, coupons, and scraps into an easy-to-use paper-management system. The Sunday Basket will become your

new weekly habit--one that leads to less paper, less stress, and more time to spend on the things (and people) that matter most.

Patric Richardson, aka the "Laundry Evangelist," reveals his revolutionary methods for cleaning clothes—and making laundry loads more fun. Doing laundry is rarely anyone's favorite task. But to Patric Richardson, laundry isn't just fun—it's a way of life. After years of running Laundry Camp at the Mall of America for thousands of eager learners, he's ready to share his tips, tricks, and hacks—bringing surprise and delight to this commonly dreaded chore. Richardson has a secret for freshening those too (hint: it involves vodka, not soap). Changing your relationship with laundry can also change your life. Richardson's handy advice shows us how to save time and money (and the planet!) with our laundry—and he intersperses it all with a healthy dose of humor, real-life laundry stories, and lessons from his Appalachian upbringing and career in fashion. Laundry Love will make you wonder why you ever stressed about ironing, dry cleaning, or (god forbid) red wine spills on your new couch. No matter the issue, Richardson is here to help you make laundry miracles happen—wrinkles and stains be damned.
