A Greek Grammar for Schools and Colleges Cambridge University Press

Peter's English Grammar, the Complete version includes five distinct sections into one. They also exist as five separate books on Amazon and notionpress.com and available worldwide. Peter's all English Grammar Books are mainly designed for high school students for learning and exercise of English grammar, and for writing Skill there are other series and the book of complete version; as, "A Book of Advanced Writing Skill" in three different parts too. Let's see what Peter's English Grammar contains: the book begins with letters, words and syllables, and then gradually it deals in details of three parts of speech- Nouns, Pronouns and Adjectives including the uses of Articles. The book shows how Cases dominate different functions of Nouns as well as of Pronouns. It has included roles of Nouns to form Nominal Compounds, Prepositional

Objects, Complements besides forming Adverbial phrase, Subject and Object. It illustrates the use of Adjectives, the formation of degrees, position and proper arrangement of Adjectives and others. In the 2nd part, and also as a book 'All about Verbs (Forms, Functions, Conjugation, Tense, Voice Change, Forming Questions & Negation', it illustrates the major divisions of verbs through verb trees, their functions and uses. Finite, Non-finite, State, Event, Principal and Auxiliaries, Transitive and Intransitive, and of different objects- Direct & Indirect, Cognate, Reflexive, Retained, Prepositional Objects, Complements and Adverbials—are described through illustrations and examples, besides about the class and formation of questions (yes-no type, wh-, alternative, tag, rhetorical, short & the indirect questions), negations and of manner of different voice changes. Peter's third book and the third part in the series, 'Study of Adverbs, Prepositions, Conjunctions & Interjections' - covers detail study of other four pillars of the parts of speech, i.e., Adverbs, Prepositions, Conjunctions & Interjections. The part includes the discussion of definition, classification, forms and formation of the four along with many examples to understand them better. As a fourth book in a series, by 'Detail Study of Phrases, Clauses & Sentences, including Idioms & Phrasal Verbs', the fourth part of the book deals in details of Phrases, Clauses and Sentences, as well as Moods or the Manner of Expression of verbs. It is shown how clauses build simple, compound or complex sentences; and how are the affirmative, negative and interrogative sentences formed. Different conditionals and wish clause have also been included and discussed, besides a list of 372 idioms and many more phrasal verbs. The last of the series, and as a book, 'Study of Subject-Verb Agreement, Narration Change, Use of Punctuation; including Analysis, Synthesis & Split-up', it includes the chapters of - subject-verb agreement, has shown how to analyze simple, compound and complex sentences, and the detail study of subject adjuncts and extension to predicate or the adverbial adjuncts—have been illustrated and shown through tables, charts in the book of Mr. Peter.

ADVANCED ENGLISH GRAMMAR A Comprehensive Guide for Proficient Language Learners Rumi Michael Leigh An outline of grammar for teachers and teachers in training, covering all the terminology required for the National Literacy Strategy and National Curriculum up to Key Stage 3.

The Compendium of American English Grammar Open SUNY Textbooks

This book offers a new and in-depth analysis of English conditional sentences. In a wide-ranging discussion, Dancygier classifies conditional constructions according to time-reference and modality. She shows how the basic meaning parameters of conditionality correlate to formal parameters of the linguistic constructions which are used to express them. Dancygier suggests that the function of prediction is central to the definition of conditionality, and that conditional sentences display certain formal features which correlate to aspects of interpretation. Although the analysis is based primarily on English, it provides a theoretical framework that can be extended cross-linguistically to a broad range of grammatical phenomena. It will be essential reading for scholars and students concerned with the role of conditionals in English and many other languages.

Grammar and Punctuation for Key Stages 3 & 4 John Wiley & Sons

This book is an extremely detailed and comprehensive examination of conditional sentences in English, using many examples from actual language-use. The syntax and semantics of conditionals (including tense and mood options) and the functions of conditionals in discourse are examined in depth, producing an all-round linguistic view of the subject which contains a wealth of original observations and analyses. Not only linguists specializing in grammar but also those interested in pragmatics and the philosophy of language will find this book a rewarding and illuminating source.

fluent writing, speaking, reading, and vocabulary usage.

An English Grammar BoD – Books on Demand

This textbook gives an introduction to the grammar and punctuation of present-day Standard English in the context of their relevance to communication. Its up-to-date grammatical and punctuation content, rooted in national literacy strategies, is particularly relevant to Key Stages 3 and 4 (ages 11-16), but the book can be used also for, and by, older students. Its unique selling points include concise notes addressing a range of relevant usage points, a spotlight on the areas which writers tend to find troublesome and authentic examples helping to bring the content to life. The book aims primarily to improve students' communication skills (particularly written), to constitute an accessible reference source and to serve as an editing handbook.

English Grammar, Vocabulary, and Verbal Ability for Competitive Exams Walter de Gruyter

Essay from the year 2023 in the subject English Language and Literature Studies - Linguistics, language: English, abstract: Conditional sentences play key roles in discourse. At home, parents tend to use conditional sentences to influence their children's behaviour. This research looks at the conditional sentence and its formation. The analysis looks at how conditional sentences are constructed in Fante, English, and Ghanaian Pidgin English (GPE). The research lists three examples of each of the four types of English conditional sentences and translates them into GPE and Fante. The analysis found out that all three languages use the same format for the construction of the zero conditional sentence. With respect to the first, second, and third conditional sentences, the study found out Fante had a different tense and aspect system and thus realised the three types listed above, but its subordinate clause was more contextual and phonologically based (stress). On the other hand, GPE uses forms from its substrate, Ghanaian languages, and its superstrate. Its subordinate clause for the three types of conditional sentence are contextual and phonologically based, just as is in Fante. However, no matter the formation process, the research has proved that the four types of conditional sentences can be realised in both GPE and Fante. The research proves that grammar has universal properties. Grammatical construction method may differ, but the same meanings can be realised in all

languages, or in this case the three languages under review. The study has proved that conditional sentences exist in Fante, GPE, and English and the same meaning can be expressed in all three languages.

Peter's 'English Grammar' Sakha Global Books, Inc.

Researching, writing, and citing. Hiring, firing, and selling. Texting, blogging, and posting. Proper grammar and usage for every occasion is explored through nearly 500 answers to common questions on English grammar and language. There is also a glossary of commonly used terms, a bibliography, and an index.

Wren New Simple English Grammar 4 Harvard University Press

A hand book of complete English grammar - A comprehensive guide- by Prabir Rai Chaudhuri ABOUT THIS BOOK This book is intended as an introductory text for courses in English grammar at secondary and tertiary level. It offers an outline account of the most important and central grammatical constructions and categories in English. I have assumed only minimal prior familiarity with the structure of English: all the grammatical terminology used is systematically explained. The analysis draws on the descriptive and theoretical advances made in modern linguistics, and for this reason the book could be used for an elementary course on English within a linguistics programme. It is, however, intended for a wider audience: for any course aiming to present a descriptive overview of the structure of English. Significant departures from traditional grammar in analysis or terminology are pointed out, normally in footnotes. One distinctive feature of the book is that it discusses the major grammatical categories at both a language-particular and a general level. The language-particular account gives the distinctive grammatical properties of the various categories as they apply to English: it thus provides the criteria for determining whether some word is a noun, verb, adjective, adverb or whatever, whether some verb-form is a past participle, a past tense form, etc., whether some clause is declarative, interrogative, imperative, exclamative – and so on. Analysis at the general level is concerned with what is common to the categories across languages, thus providing criteria for the application of the same terms in the grammars of different languages.

Hope this book will remain as a “friend in need” in your daily life whenever you use English language as a communicative vehicle . - Prabir Rai Chaudhuri
