ADRIENNE SINGH

The Concise Encyclopædia of Islam BRILL

Family, Law and Politics, Volume II of the Encyclopedia of Women & Islamic Cultures, brings together over 360 entries on women, family, law, politics, and Islamic cultures around the world.

Encyclopedia of Islam in the United States Encyclopaedia of Islam Three

This text is part of a work that presents a guide to the Islamic world. Articles cover topics as varied as: tribes and dynasties; crafts; sciences; political and religious institutions; geography, ethnography, flora and fauna; and history, topography and monuments of the major towns and cities.

[The Encyclopaedia of Islam Three](#) HarperCollins Publishers

The first two editions of the Encyclopaedia of Islam remain the leading resources in the field of Arabic and Islamic Studies. In this volume, Peri Bearman—the only scholar who was both an in-house editor at Brill, the publishing house that for over a century produced the Encyclopaedia, and also a member of the editorial board--has produced a masterful and detailed account of how it went from being a mere idea to a monument of scholarship. We read about the challenges and pitfalls of conceptualizing, commissioning, vetting, editing, translating, copyediting, proofing, and delivering of

articles, about the many personalities involved, and about the conflicts and concessions that had to be made. With unparalleled access to documents, in particular editorial correspondence, Bearman recounts the engaging story of one of the world's greatest collaborative works in any discipline.

Encyclopedia of Women and Islamic Cultures Rowman Altamira

This encyclopedia and primary documents set, the first on the topic, is a must-have for understanding Islam and Muslims in the United States.

Encyclopedie de L'islam Bloomsbury Publishing USA

Explores the terms, concepts, personalities, historical events, and institutions that helped shape the history of this religion and the way it is practiced today.

[An Historical Atlas of Islam \[cartographic Material\]](#) Brill Archive

A comprehensive guide to the history, philosophy and practice of Islam - Magnificently illustrated with more than 500 beautiful fine art illustrations.

The Encyclopaedia of Islam, New Edition N.H.E.J. Brill (NLD)

Encyklopædien dækker bredt alle emner vedrørende hele den muslimske verden. Den indeholder flere tusinde artikler, bibliografier, genealogiske tabeller og kort, m.m. Der kan søges både på arabiske transkriptioner og på engelsk.

Encyclopaedia of Islam Brill Academic Pub

This expansive four-volume encyclopedia presents a broad introduction to Islam that enables learning about the fundamental role of Islam in world

history and promotes greater respect for cultural diversity. One of the most popular and widespread religions in the world, Islam has attracted a great deal of attention in recent times, particularly in the Western world. With the ongoing tensions in the Middle East and a pervasive sense of hostility toward Arab Americans, there is ever increasing need to examine and understand Islam as a religion and historical force. Islam: A Worldwide Encyclopedia provides some 700 entries on Islam written by expert contributors that cover the religion from the birth of Islam to the present time. The set also includes 16 pages of color images per volume that serve to illustrate the diverse expressions of this important religious tradition. Each entry begins with a basic introduction, followed by a general discussion of the subject and a conclusion. Each entry also features a further readings list for readers. In addition to supplying a comprehensive, authoritative overview of Islam, this work also specifically addresses many controversial related issues, including jihad, violence in Islam, polygamy, and apostasy.

The Princeton Encyclopedia of Islamic Political Thought Resources in Arabic and Islami

The first edition of the Encyclopaedia won worldwide acclaim. As a western scholar of the Islamic faith, Cyril Glassé straddle both cultures and has a respect for and an understanding of both the current Islamic world and its complex past. This unique single-volume work covers the contemporary Islamic scene, which includes a substantial entry on the Taliban. This new edition also contains an extensively revised chronology which spans the history of Islam, from its origins through developments in the Muslim world today.

The Encyclopaedia of Islam BRILL

The Concise Encyclopedia of Islam is a mandatory reference tool that will prove to be indispensable for students of all subjects which concern, or touch on, the religion and law of Islam. It includes all the articles contained in the first edition and supplement of the Encyclopedia of Islam which are particularly related to the religion and law of Islam. This volume has a vast geographical and historical scope which includes the old Arabo-Islamic Empire, the Islamic states of Iran, Central Asia, the Indian sub-continent and Indonesia, the Ottoman Empire and the various Muslim states and communities in Africa, Europe, and the former U.S.S.R. The Concise Encyclopedia of Islam contains an extensive index and bibliography. This publication has also been published in hardback, please click here for details.

Encyclopaedia of Islam Brill

The Third Edition of Brill's Encyclopaedia of Islam is an entirely new work, with new articles reflecting the great diversity of current scholarship. It appears in four substantial segments each year, both online and in print. The new scope includes comprehensive coverage of Islam in the twentieth century and of Muslim minorities all over the world.

Encyclopaedia of Islam Brill Academic Pub

The New Encyclopedia of Islam is written by a scholar for the general reader and researcher, without assuming any prior knowledge of the subject. Detailed cross-references lead the reader into deeper knowledge of Islam, whatever his starting point. Many quotations, and hitherto untranslated prayers, support the religious and philosophical entries.

The Encyclopaedia of Islam BRILL

This encyclopedia looks at Islam's role in the modern world, doing so in the context of the religion's history and development over the last 13 centuries. Containing thematic articles, biographies of key figures, definitions, illustrations, maps and more, this new encyclopedia fills a need in this key area of religious studies.

Encyclopedia of the Canonical Ḥadīth Leiden, The Netherlands : Brill

Islam is a perfect faith and way of life. It is a complete system in itself, for the life in this world and the next world. For knowing Islam, it is essential to study its philosophy, ideology and principles and for that, one has to approach original sources, viz. Holy Quran and Tradition. However, it is not

possible for every one to refer to these sources, which are originally in Arabic. Of course, there are commentaries and explanatory books in Persian, Urdu as well as in English and other western languages. Still, it remains difficult to take benefit of these voluminous secondary sources. Hence, a dire need for a comprehensive and exhaustive work on Islam was felt. This exclusive multi-volume is aimed at filling that room. The International Encyclopaedia of Islam consists of nine volumes and successfully covers all important aspects of Islam, as a religion and faith. These volumes, namely are: 1. Islamic Philosophy, 2. Faith in Islam, 3. Principles of Islam, 4. Islamic Manners, 5. Islam and Social Justice, 6. Judicial System in Islam, 7. Human Rights in Islam, 8. Islam and Education, 9. Science and Islam. These volumes virtually cover the whole Islam in a nutshell, which makes them reader-friendly. This multi-volume is essential for all scholars, researchers, students and general readers, the world over.

The Encyclopaedia of Islam Princeton University Press

Nearly 1200 entries cover religious and ritual practices, prayer, prophets, sects, law, the calendar, social institutions, history, ethnography, nationhood, calligraphy and art, languages, medicine, sciences, major cities, and centers of learning. Quotations and hitherto untranslated prayers with 45 color photographs.

The Encyclopaedia of Islam Infobase Publishing

An encyclopedic work on Islam with English translations. This book presents a sourcebook of the development of Islam in its various facets during the first three centuries since its foundation. It concludes with an index and glossary of names and concepts, which functions at the same time as a concordance.

The New Encyclopedia of Islam Simon and Schuster

The Encyclopedia of Islamic Civilization and Religion provides scholarly coverage of the religion, culture and history of the Islamic world, at a time when that world is undergoing considerable change and is a focus of international study and debate. The non-Muslim world's perceptions of Islam have often tended to be dominated by unrepresentative radical extremist movements and media interpretations of events involving such movements, to the extent that many people are unaware of the depth and variety of Islamic thought. At the same time, many who have had a formal training in Islamic studies have tended to concentrate on the traditional, to the exclusion of the contemporary. The Encyclopedia of Islamic Civilization and Religion covers the full range of Islamic thought, in historical depth, but it also provides substantial coverage of contemporary trends across the Muslim world. With well over a thousand entries on Islamic theology, history, arts, science, law and institutions, and coverage of Islam in individual countries and cities around the world, the Encyclopedia of Islamic Civilization and Religion provides an extremely rich resource for students and researchers in religious studies and Middle Eastern studies. Entries are cross-referenced and bibliographies are provided. There is a full index.

Routledge published *The Qura'n: An Encyclopedia* in 2005, an excellent companion to the Encyclopedia of Islamic Civilization and Religion.

A Concise Encyclopedia of Islam Routledge

"In 2012, the year 1433 of the Muslim calendar, the Islamic population throughout the world was estimated at approximately a billion and a half, representing about one-fifth of humanity. In geographical terms, Islam occupies the center of the world, stretching like a big belt across the globe from east to west."--P. vii.

Islam [4 volumes] MacMillan Reference Library

Covering everything from Adam to Zakariyyah, this concise reference guide is designed specifically for readers and students who wish to learn more about the world's fastest-growing religion. Fully illustrated, the book contains hundreds of alphabetically arranged entries which give succinct yet authoritative information on everything from the Qur'an and its origins to the role of Islam in the USA. It offers even-handed coverage of the different schools of belief, while featuring photographs, a timeline, and a guide to further reading.
