The debut cookbook by the creator of the wildly popular blog Damn Delicious proves that quick and easy doesn't have to mean boring. Blogger Chungah Rhee has attracted millions of devoted fans with recipes that are undeniable 'keepers'-each one so simple, so easy, and so flavor-packed, that you reach for them busy night after busy night. In Damn Delicious, she shares exclusive new recipes as well as her most beloved dishes, all designed to bring fun and excitement into everyday cooking. From five-ingredient Mini Deep Dish Pizzas to no-fuss Sheet Pan Steak & Veggies and 20-minute Spaghetti Carbonara, the recipes will help even the most inexperienced cooks spend less time in the kitchen and more time around the table. Packed with quickie breakfasts, 30-minute skillet sprints, and speedy takeout copycats, this cookbook is guaranteed to inspire readers to whip up fast, healthy, homemade meals that are truly 'damn delicious!'

New York Times Bestseller Iconoclastic entrepreneur and New York legend Ken Langone tells the compelling story of how a poor boy from Long Island became one of America's most successful businessmen. Ken Langone has seen it all on his way to a net worth beyond his wildest dreams. A pillar of corporate America for decades, he's a co-founder of Home Depot, a former director of the New York Stock Exchange, and a world-class philanthropist (including \$200 million for NYU's Langone Health). In this memoir he finally tells the story of his unlikely rise and controversial career. It's also a passionate defense of the American Dream -- of preserving a country in which any hungry kid can reach the maximum potential of his or her talents and work ethic. In a series of fascinating stories, Langone shows how he struggled to get an education, break into Wall Street, and scramble for an MBA at night while competing with privileged competitors by day. He shares how he learned how to evaluate what a business is worth and apply his street smarts to 8-figure and 9-figure deals. And he's not shy about discussing, for the first time, his epic legal and PR battle with former NY Governor Eliot Spitzer. His ultimate theme is that free enterprise is the key to giving everyone a leg up. As he writes: This book is my love song to capitalism. Capitalism works! And I'm living proof -- it works for everybody. Absolutely anybody is entitled to dream big, and

absolutely everybody should dream big. I did. Show me where the silver spoon was in my mouth. I've got to argue profoundly and passionately: I'm the American Dream.

Cosmeceuticals and Active Cosmetics discusses the science of nearly two dozen cosmeceuticals used today. This third edition provides ample evidence on specific cosmeceutical substances, their classes of use, skin conditions for which they are used, and points of interest arising from other considerations, such as toxicology and manufacturing. The book discusses both cosmetic and therapeutic uses of cosmeceuticals for various conditions including rosacea, dry skin, alopecia, eczema, seborrheic dermatitis, purpura, and vitiligo. Active ingredients in the following products are discussed: caffeine, curcumin, green tea, Rhodiola rosea, milk thistle, and more. Also covered are topical peptides and proteins, amino acids and derivatives, antioxidants, vitamins E and C, niacinamide, botanical extracts, and biomarine actives. Providing ample scientific references, this book is an excellent guide to understanding the science behind the use of cosmeceuticals to treat

a variety of dermatological conditions.

*Excavating Contractor* Routledge

Amdo Tibetan: A Comprehensive Grammar Textbook is a rigorous one-year college-level textbook for English speakers who wish to learn the Amdo dialect of the Tibetan language. This comprehensive introduction to the language provides dialogues at the start of each new lesson to illustrate the constructions covered in that lesson. Material from previous chapters is recycled within these dialogues to reinforce learning as the lessons progress. Each chapter unpacks the opening sample dialogue and provides an in-depth analysis and technical explanations of the specific constructions presented. Cultural sections are also included in each chapter, as well as a range of exercises and drills to reinforce learning and help students internalize the new information. The book will be of particular interest to linguists and students with some knowledge of either standard colloquial or literary Tibetan.

Whether you are planning a night out, a weekend away, holidaying in the UK or looking for a local pub, Alisdair Aird and Fiona Stapley have it covered.

*Boyhood Days* Teachers Friend Publications

The rapid conversion of land to urban and suburban areas has profoundly altered how water flows during and following storm events, putting higher volumes of water and more pollutants into the nation's rivers, lakes, and estuaries. These changes have degraded water quality and habitat in virtually every urban stream system. The Clean Water Act regulatory framework for addressing sewage and industrial wastes is not well suited to the more difficult problem of stormwater discharges. This book calls for an entirely new permitting structure that would put authority and accountability for stormwater discharges at the municipal level. A number of additional actions, such as conserving natural areas, reducing hard surface cover (e.g., roads and parking lots), and retrofitting urban areas with features that hold and treat stormwater, are recommended.

This book explores how religious families draw on their spiritual beliefs, religious practices, and faith communities to help them strengthen their marital relationships and their parenting. Using in-depth interviews from eight religious groups – Asian American Christian; Black Christian; Catholic and Orthodox Christian; Evangelical Christian; Jewish; Latter-day Saint; Mainline Protestant; and Muslim – the book uses the interviewees' own words to show how their religion impacts their lives and influences their relationships. The book also includes an introductory chapter which describes the study and the sample; a conceptual chapter which places the empirical chapters in theoretical context in sociological study of religious families; and a concluding chapter which describes how the editors and authors developed respect and admiration for religious cultures other than their own. Drawing on such a diverse group of religions in America, this book will be of interest to those studying individual religious groups, as well as wider ecumenism and inter-religious dialogue. This book was originally published as a special issue of the Marriage and Family Review.

'I was then about seven or eight. I had no useful role to play in this world; and that old palki, too, had been dismissed from all forms of useful employment . . .' Hidden inside an ancient palanquin on a hot, lonely afternoon, a young boy sets off on an imaginary adventure. He encounters gangs of bandits, arrives at palaces where kings bathe in sandalwood-scented water, and the hunter accompanying him gets rid of the tiger lurking in the forest with a bang! of his gun. The boy, gifted with a vivid imagination and a sensitive mind, grew up to become one of India's greatest poets and thinkers. In Boyhood Days Rabindranath Tagore recounts his growing up years with gentle wit and humour. He describes life in nineteenth-century Kolkata when the only light in the evening came from castor-oil lamps; when hackney carriages raced through the city's streets and women travelled in palanquins to the Ganga for their bath. He writes about his early love for music and poetry, the myriad influences that shaped his thinking and about the other members of his large, gifted family. Boyhood Days brings to life an era long past and traces the journey of an icon from childhood to the time he takes his first steps in the world of literature.

*I Love Capitalism!*

The 20th century was a dynamic period for the theatrical arts in China. The four volumes of A History of Chinese Theatre in the 20th Century display the developmental trajectories of Chinese theatre over those hundred years. This volume examines the development of Chinese theatrical art from the Cultural Revolution to the end of the 20th century. The Cultural Revolution had a devastating influence on the theatrical profession, reducing the creation of performance art to serving the political authorities. Adopting a critical view, the author argues that the Reform and Opening-up of the late 1970s not only ended this period of political interference, but also brought about chaos and doubts to the theatrical circle, since neither tradition nor western concepts were a panacea for the problems faced by Chinese theatre. He posits that people should advocate patterns of drama that are rich and colourful in their expression while encouraging the coexistence and competition of different artistic concepts. Scholars and students in the history of the arts, especially the history of Chinese theatre, will find this book to be an essential guide.

*Exploring Religious Differences*

Originally published in 1965, this study examines the concealed meanings in the second part of Faust, often considered obscure. It is of value not only to students of literature but also comparative religions, as it deals with Goethe's knowledge of ancient myths, mysteries and Hellenistic religions. It is of value too, to those interested in alchemy as it traces the many alchemical references in Faust. The book gives a psychological interpretation of elements of Goethe's personal life and work, which succeeds in making the man and the veiled references in his most profound work accessible to the modern reader.
