### MATTHEWS BROOKLYN

#### Little Mouse's Matching Game E P Dutton

Looks at the origins and golden era of the picture postcard, presents representative postcards of different varieties, and offers advice on developing, caring for, and exhibiting a collection

[The Encyclopedia of Antique Postcards](#) Arcadia Publishing

Montclair, New Jersey, like most American towns, has grown dramatically over the course of the last one hundred years. Much of the early 1900s landscape has been disguised, and the town has come to reflect the popular styles and fashions of changing eras. Streets have been paved, the facades of commercial buildings have been updated, and homes have been altered to reflect contemporary tastes and accommodate modern conveniences. This volume of approximately two hundred postcards from the author's collection, most never before published in book form, captures Montclair as it was in the early twentieth century. The reader will see familiar landmarks such as the Montclair Art Museum, the Marlboro Inn, and the Bellevue Theater as they originally

appeared, and discover the vanished predecessors of the Japanese-style mansion on Upper Mountain Avenue and the Rockcliffe Apartments off Crestmont Road.

E. Annie Proulx's first novel, *Postcards*, winner of the 1993 Pen/Faulkner Award for Fiction, tells the mesmerizing tale of Loyal Blood, who misspends a lifetime running from a crime so terrible that it renders him forever incapable of touching a woman. Blood's odyssey begins in 1944 and takes him across the country from his hardscrabble Vermont hill farm to New York, across Ohio, Minnesota, and Montana to British Columbia, on to North Dakota, Wyoming, and New Mexico and ends, today, in California, with Blood homeless and near mad. Along the way, he must live a hundred lives to survive, mining gold, growing beans, hunting fossils and trapping, prospecting for uranium, and ranching. In his absence, disaster befalls his family; greatest among their terrible losses are the hard-won values of endurance and pride that were the legacy of farm people rooted in generations of intimacy with soil, weather, plants, and seasons. *Postcards* chronicles the lives of the rural and the dispossessed and charts their territory with the historical verisimilitude and writerly prowess of Cather, Dreiser, and Faulkner. It is a new American classic.

Everyone has a favorite holiday, and they are all celebrated in this sweeping collection of vintage postcards. Christmas, Halloween, Valentine's Day, Easter, and more are all memorialized in authentic postcards nearly a century old. More than 850 color images present the greeting selections of long ago in exquisite detail. This new and expanded edition features many vintage holiday postcards not included in the first edition, plus additional chapters such as April Fool's Day

and Arbor Day. Authors Robert and Claudette Reed have carefully arranged this fascinating volume chronologically to provide reading and viewing through all the seasons of the year. A final special section includes early twentieth century postcards, paying tribute to birthdays, graduations, and other special occasions. You won't want to miss this exciting new edition of Vintage Postcards for the Holidays. 2006 values.

Friendship Maintenance Postcard Book Colonial House Press

A Guide Book of Collectible Postcards "takes you on a unique trip into the past. Inside this book, you'll find cards of high society and lowbrow humor, natural disasters, social, political, and religious movements, popular artists' illustrations, newspaper comics, circus animals, early movie stars, athletes, planes, trains, automobiles, and the corner general store--and much more! Authors Q. David Bowers and Mary L. Martin share decades of experience in buying, selling, and collecting. They guide you from the earliest postcards of the 1870s to the Golden Age of the 1890s through the Great War, and to the modern chrome postcards found on store racks today."--Publishers website.

The Definitive Guide, 1930s-1950s Schiffer Pub Limited

Next to Christmas, more money is spent on Halloween decorations and novelties than on any other holiday. This wonderful book has been credited with inspiring the Halloween collecting craze, giving its devotees a chance to celebrate the holiday all year round! In addition to color photography and a brand new price guide, there are also many fascinating insights into Halloween. Most people are familiar with the symbolsghosts, Jack-O'-Lanterns, witches, bats, skeletons, and black catsbut few know about Halloween's past. Why does it exist? What is the origin of trick-or-treating? Why does it fall on October 31st? Through these pages you will experience Halloween celebrations of the past and take a look at Halloween today. For collectors, this is one of the largest collections of Halloween memorabilia.

"Comics from the 1500s-present included, fully illustrated catalogue & evaluation guide."

The Overstreet Comic Book Price Guide Volume 46 Colonial House Press

From the Great Depression through the early postwar years, any postcard sent in America was more than likely a "linen" card. Colorized in vivid, often exaggerated hues and printed on card stock embossed with a linen-like texture, linen postcards celebrated the American scene with views of majestic landscapes, modern cityscapes, roadside attractions, and other notable features. These colorful images portrayed the United States as shimmering with promise, quite unlike the black-and-white worlds of documentary photography or Life magazine. Linen postcards were enormously popular, with close to a billion printed and sold. Postcard America offers the first comprehensive study of these cards and their cultural significance. Drawing on the production files of Curt Teich & Co. of Chicago, the originator of linen postcards, Jeffrey L. Meikle reveals how photographic views were transformed into colorized postcard images, often by means of

manipulation—adding and deleting details or collaging bits and pieces from several photos. He presents two extensive portfolios of postcards—landscapes and cityscapes—that comprise a representative iconography of linen postcard views. For each image, Meikle explains the postcard's subject, describes aspects of its production, and places it in social and cultural contexts. In the concluding chapter, he shifts from historical interpretation to a contemporary viewpoint, considering nostalgia as a motive for collectors and others who are fascinated today by these striking images.

**Identification & Value Guide** Simon and Schuster

The deliberate devaluation of Blacks and their communities has had very real, far-reaching, and negative economic and social effects. An enduring white supremacist myth claims brutal conditions in Black communities are mainly the result of Black people's collective choices and moral failings. "That's just how they are" or "there's really no excuse": we've all heard those not so subtle digs. But there is nothing wrong with Black people that ending racism can't solve. We haven't known how much the country will gain by properly valuing homes and businesses, family structures, voters, and school districts in Black neighborhoods. And we need to know. Noted educator, journalist, and scholar Andre Perry takes readers on a tour of six Black-majority cities whose assets and strengths are undervalued. Perry begins in his hometown of Wilkinsburg, a small city east of Pittsburgh that, unlike its much larger neighbor, is struggling and failing to attract new jobs and industry. Bringing his own personal story of growing up in Black-majority Wilkinsburg, Perry also spotlights five others where he has deep connections: Detroit, Birmingham, New Orleans, Atlanta, and Washington, D.C. He provides an intimate look at the assets that should be of greater value to residents—and that can be if they demand it. Perry provides a new means of determining the value of Black communities. Rejecting policies shaped by flawed perspectives of the past and present, it gives fresh insights on the historical effects of racism and provides a new value paradigm to limit them in the future. Know Your Price demonstrates the worth of Black people's intrinsic personal strengths, real property, and traditional institutions. These assets are a means of empowerment and, as Perry argues in this provocative and very personal book, are what we need to know and understand to build Black prosperity.
