Pray Your Way to
 Breakthroughs enhances
 the prayer life with
 sharper focus. It is
 designed to expose and
 cut at the root of spiritual
 problems in order to bring
 victory. Matthew 3:10

says, "And now also the
 axe is laid to the root of
 the trees: therefore every
 tree which brings not
 forth good fruit is hewn
 down, and cast into the
 fire." Stubborn and
 recurring problems may

be the result of not attacking them at their roots - this book provides help to identify and attack those roots.

Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience. A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus. To capture this layering, Hinson demonstrates how all the parts of the gospel

program work together to shape a single whole, joining speech and song, performer and audience, testimony, prayer, preaching, and singing into a seamless and multifaceted service of worship. Personal stories ground the discussion at every turn, while experiential testimony fuels the unfolding arguments. *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians, but it is also an exploration of African American aesthetics, the study of belief, and the ethnographic enterprise.
