Set in nineteenth-century rural Africa, *Fiela's Child* tells the gripping story of Fiela Komoetie and a white, three-year old child, Benjamin, whom she finds crying on her doorstep. For nine years Fiela raises Benjamin as one of her own children. But when census takers discover Benjamin, they send him to an illiterate white family of woodcutters who claim him as their son. What follows is Benjamin's search for his identity and the fundamental changes affecting the white and black families who claim him. "Everything a novel can be: convincing, thought-provoking, upsetting, unforgettable, and timeless."—Grace Ingoldby, *New Statesman* "*Fiela's Child* is a parade that broadens and humanizes our understanding of the conflicts still affecting South Africa today."—Francis Levy, *New York Times Book Review* "A powerful creation of time and place with dark threads of destiny and oppression and its roots in the almost Biblical soil of a storyteller's art."—Christopher Wordsworth, *The Guardian* "The characters in the novel live and breathe; and the landscape is so brightly painted that the trees, birds, elephants, and rivers of old South Africa are characters themselves. A book not to miss."—Kirkus Reviews

Five hundred years ago, Martin Luther's Ninety-Five Theses caught Europe by storm and initiated the Reformation, which fundamentally transformed both the church and society. Yet by Luther's own estimation, his translation of the Bible into German was his crowning achievement. The Bible played an absolutely vital role in the lives, theology, and practice of the Protestant Reformers. In addition, the proliferation and diffusion of vernacular Bibles—grounded in the original languages, enabled by advancements in printing, and lauded by the theological principles of sola Scriptura and the priesthood of all believers—contributed to an ever-widening circle of Bible readers and listeners among the people they served. This collection of essays from the 2016 Wheaton Theology Conference—the 25th anniversary of the conference—brings together the reflections of church historians and theologians on the nature of the Bible as "the people's book." With care and insight, they explore the complex role of the Bible in the Reformation by considering matters of access, readership, and authority, as well as the Bible's place in the worship context, issues of theological interpretation, and the role of Scripture in creating both division and unity within Christianity. On the 500th anniversary of this significant event in the life of the church, these essays point not only to the crucial role of the Bible during the Reformation era but also its ongoing importance as "the people's book" today.

From the renowned psychologist who introduced the world to "growth mindset" comes this updated edition of the million-copy bestseller—featuring transformative insights into redefining success,

building lifelong resilience, and supercharging self-improvement. "Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life."—Bill Gates, *GatesNotes* "It's not always the people who start out the smartest who end up the smartest." After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

Dreaming of Light

Allah Ta'ala has created the human being as 'ASHRAFUL MAKHLOOQAAT' (the best of His creation). Males and females have been created differently with their own unique physical and emotional characteristics and needs. All these are signs of His evident power and greatness. A female's first haidh (period / menstruation) is actually a transition or crossing over for her from childhood to adulthood. It is an important time in her life, because along with this change comes huge responsibilities. Apart from physical changes (which take place inside our bodies), we undergo emotional changes (the way we feel), as well as mental changes (the way we understand things). It is, therefore, very important for us to prepare ourselves for this transformation. This body is an amaanah (trust) from Allah Ta'ala. We use it to make the ibaadah (worship) of Allah Ta'ala. Therefore, it is important that we take care of it as best we can in order to fulfill the rights of Allah Ta'ala. However, it is not only our physical strength and mental well-being that we ought to worry about, but also our personal hygiene. This booklet has been compiled especially for our young sisters (9 -12 year olds) and may also be used as a guide for those mothers who find it difficult to speak to their daughters about these matters. The first part of the kitaab should be done in Grade 6 and the second part in Grade 7. With the help of Allah Ta'ala and by means of the following information, we will have a better idea of how our bodies work and how to cope with the physical and emotional changes that our bodies undergo. This kitaab is dedicated to all the young sisters of this ummah. We make dua that Allah Ta'ala makes this kitaab a means of Hidaayat (guidance) for you, Insha Allah!
